**Re: Application for Investigation of Representation Dispute Resulting
from the Merger of American Airlines, Inc., and US Airways, Inc.**

Dear Ms. Johnson:

Enclosed please find an Application for Investigation of Representation Dispute ("Application") seeking a determination by the National Mediation Board ("Board") that the recent merger of American Airlines, Inc. ("Pre-Merger American") and US Airways, Inc. ("Pre-Merger US Airways") (collectively, "American") has created a single transportation system for purposes of representation of the craft or class of flight attendants. The Application is being filed jointly by the Association of Professional Flight Attendants ("APFA"), which represents the approximately 16,000 flight attendants from the Pre-Merger American and the Association of Flight Attendants-CWA ("AFA"), which represents the approximately 8,000 flight attendants from the Pre-Merger US Airways.

It is our understanding that American will be sending a letter to the Board explaining its view that American constitutes a single transportation system and describing the substantial progress that has been made in integrating the operations of the merged companies. Based on the progress to date on the successful integration of operations as well as our review of the indicia of a single transportation system set forth in § 19.501 of the National Mediation Board Representation Manual ("Representation Manual"), APFA and AFA believe that American has taken actions sufficient to create a single transportation system under the Railway Labor Act.

Letter to Mary Johnson
June 9, 2014
Page 2

As noted above, APFA represents the approximately 16,000 flight attendants from the Pre-Merger American, and AFA represents the approximately 8,000 flight attendants from the Pre-Merger U.S. Airways. Thus, there are approximately 24,000 flight attendants in the combined craft or class (of whom APFA represents approximately 66.66%). In support of the Application and in accordance with Representation Manual § 19.601, APFA attaches to the Application the most recent (June 2013) Pre-Merger American seniority list, demonstrating that APFA represents at least fifty percent (50%) of the employees in the combined flight attendant craft or class.

We are sending a copy of this letter to Paul D. Jones, Senior Vice-President and General Counsel for American Airlines Group, Inc.; American Airlines, Inc.; US Airways Group, Inc.; and US Airways, Inc.

Please let us know if there is additional information we can provide.

Sincerely,

Mady Gilson
General Counsel, APFA

Edward J. Gilmartin
General Counsel, AFA-CWA
