**PERSONAL STATEMENT:**

When I began flying at American a few years ago, it quickly became apparent to me that representing Flight Attendants was my calling. I was very passionate to understand the Contract and engage in Union work.

I have spent the last two years serving the Miami Flight Attendants at APFA Headquarters on the Contract/Scheduling Desk and as a Council Representative working for Randy Trautman at the base level. I have been working many cases involving Attendance, Pay Protection, Drug and Alcohol, Human Resources, Dispute Resolution Conferences, and Investigations. I work closely with many Company departments, such as Crew Scheduling, to resolve daily disputes as this has been the most rewarding experience.

While we strive to correct daily and ongoing contract/scheduling violations, I also have extensive knowledge and experience with the new computer systems and am able to troubleshoot individual TTS/UBL, ROTA, ETB and soon to be implemented PBS issues.

Serving the Miami base under President Randy Trautman through upcoming Negotiations and Arbitrations would be an honor for the next two years. I pledge my dedication and loyalty to our base through the challenges that lie ahead. I am asking for your support in having the opportunity to serve as your Base Vice-President.

Together, I along with Randy will continue to keep Miami the best represented base in the system!

**PERSONAL STATEMENT:**

I have worked at APFA during the most difficult times. The early 2000's restructuring pay reductions and contractual changes were quite stressful for all of us. As 2020 approaches, this is another time of stress for us. We must adapt to the new batch of changes including TTS and PBS. I have been working at the Flight Attendant Bidding Resource Center the past 6 months assisting our colleagues with all of the new systems. I have been a FOI training specialist the past 2 ½ years learning the new systems and also assisting our colleagues. We must look forward and be ready. I am ready for the challenge.

Thank you,  
Kevin

**PERSONAL STATEMENT:**

My name is Joe, and I am running for Vice-President for the Miami base. I have been an active member in the union for over six years now and in leadership roles. And of one thing, I am sure. Our members' needs must come first. Strong, effective leadership is needed to accomplish this. My commitment to labor struggles predates my membership in APFA; my family has been active members in their unions. I can and will commit to making this union even better for every single member.

In recent years working in APFA for EAP and CIRT, I have worked hard to help as many of our flight attendants in their struggles; and to improve their lives.

My commitment to workplace fairness and job equality and my service to this union is fair, compassionate and diplomatic and will benefit all of us.

There will be people who don't share in our beliefs. As Vice-President for our base, I will build and maintain positive relationships with our membership. I will work to ensure proper oversight and financial responsibility and increase the involvement of our local membership.
