1. In the event another air carrier (a "Transferee") purchases or acquires any aircraft of the Company or American Airlines Group as part of any transaction that constitutes a Triggering Event, the APFA shall determine, in its sole discretion, whether or not Flight Attendants from the American Airlines System Seniority List (the "Transferring Flight Attendants") shall transfer to the Transferee and which Flight Attendants shall transfer. The number of Transferring Flight Attendants shall be determined by calculating the average Flight Attendant staffing on a monthly basis over the prior twelve (12) months attributable to the aircraft transferred to the Transferee in connection with the Triggering Event; and
2. The Company and American Airlines Group shall require any Transferee to employ the Transferring Flight Attendants, with the integration of the Transferring Flight Attendants into the Transferee's seniority list to be governed by the APFAMerger Policy if both pre-transaction flight attendant groups are represented by the APFA and otherwise by Sections 3 and 13 of the Allegheny-Mohawk LPPs.

3. The Company will be excused from compliance with the provisions of Paragraph E to the extent that a circumstance over which the Company does not have control is the cause of an asset reduction below the levels guaranteed in Paragraph E. The term "circumstance over which the Company does not have control" includes, without limitation: a natural disaster; labor dispute grounding of a substantial number of the Company's aircraft by government agency or by voluntary action by the Company for safety reasons in lieu thereof, which in either case could not be cured or avoided by the Company; reduction in flying operations because of suppliers being unable to provide sufficient critical materials for the Company's

operations; revocation of the Company's operating certificate(s); war emergency; or acts of terrorism.

Originating flight/originating crew scheduled departure - 0700; actual departure - 0735. A :35 minute holding claim is applicable. The Flight Attendant would receive seven dollars (\$7.00) of ground holding pay.

Example 2)

Through flight/through crew (no posted delay). Scheduled arrival - 0630; actual arrival - 0700; scheduled departure - 0715; actual departure - 0730. No holding claim results from this example; however, if the actual departure time would have been 0746 then a :31 minute holding claim would have resulted.

Example 3)

Through flight/through crew (posted delay). Actual arrival - 0700; posted delay in departure time - 0720; actual departure - 0751. A :31 minute holding claim is applicable, i.e., holding pay is triggered :31 minutes after the posted departure. The Flight Attendant would receive seven dollars (\$7.00) ground-holding pay.

Example 4)

Through flight/crew change (assuming late arrival of inbound flight). Holding claim triggered :31 minutes after the posted departure. The Flight Attendant would receive seven dollars (\$7.00) of ground-holding pay.

Example 5)

Originating flight/originating crew scheduled departure – 0700; actual departure – 0805. A 1:05 minute holding claim is applicable. The Flight Attendant would receive two (2) hours of ground holding pay. The Flight Attendant would receive fourteen dollars (\$14.00) of ground-holding pay.

2. If a jury duty summons is submitted to the Company after PBS awards are final and such jury duty assignment conflicts with a scheduled sequence, training day or day of availability, the Flight Attendant will be paid at the daily rate for the day scheduled to appear/call in for jury duty and the following day.
3. If the Flight Attendant is required to remain on call or is required to report for jury duty and the Flight Attendant is on duty or has a sequence conflict, the Flight Attendant will be paid the daily credit for each day of the jury duty obligation. Example:

A Flight Attendant has thirteen (13) vacation days that they failed to bid. The Company will assign the first available seven (7) day period, working back from December 31st. The Company will then assign the first available six (6) day period, working back from December 31st.

If the Flight Attendant is subsequently released by their doctor prior to the Flight Attendant's scheduled vacation, they will be allowed to assume such dates, in addition to any Flight Attendant who has bid and been awarded such dates in the vacation rebid;

Example:

A Flight Attendant on a Medical Leave, IOD Leave, or any leave of uncertain duration has vacation scheduled in May. The opening date of the monthly vacation rebid process is March 15th. 7. Vacation Bidding - Leave of Absence

- a. A Flight Attendant on a leave of absence at the time of the vacation bid may participate in the vacation bid for the following year provided they have accrued vacation to bid for the following year. If the Flight Attendant does not bid in the primary or secondary vacation bids, they will be assigned vacation periods pursuant to Paragraph C.4.
- b. Any vacation days accrued prior to the year of the primary vacation bid will be considered carry forward days and bid in the secondary vacation bid. If the Flight Attendant fails to bid

such days, the day(s) will be assigned.

- c. If by the opening date of the monthly vacation rebid process for the scheduled vacation, the Flight Attendant has not provided the Company with a release from their doctor, the vacation will be placed in the vacation rebid. Such Flight Attendant may participate in the monthly rebid. Any such vacation time shall be applied towards the credited hours for the purpose of determining active status as specified in Sick Leave, Section 9.
- h. A Flight Attendant who is unsuccessful in rebidding vacation days during the remaining months in the current vacation fiscal year or if there are no months left in the current vacation fiscal year to rebid the unscheduled vacation days, will carry over the days and must bid the days during the secondary vacation bid or the days will be assigned pursuant to Paragraph C.4.

D. VACATION LIMITS AND CARRY-FORWARD

1. Vacations shall not be cumulative and must be taken within the vacation fiscal year subsequent to the year in which the vacation is earned.
2. Example: Total Accrual 24
 20% 5

2. The Company will establish a separate pool of vacation slots which will be dedicated for filler day use. The formula for determining this pool will be based on the number of filler days awarded to Flight Attendants throughout the system but never less than five percent (5%) of the average vacation days allotted for each crew base on a day by day basis as determined by the master yearly matrix. When the percentage results in a decimal it will be rounded up to the next whole number.

Date	Crew Base	Daily Crew Base Allotment	Filler Day Allotment

 - d. A Flight Attendant who uses filler day(s) in a month shall be paid at the same rate as a vacation day as specified in Paragraph B.1 above.

F. VACATION BUYBACK

Following the completion of the annual vacation buyback process as specified in Paragraph F.1, the Company may, at its sole discretion, make available additional vacation buyback in any crew base on a monthly basis. The Company shall notify Flight Attendants of the vacation buyback prior to the first of the bid month. If vacation buyback is offered, the award will be processed in seniority order by crew base. Such buyback shall be awarded prior to the opening of bidding. Any previously awarded vacation time will be removed as preplanned absences and such vacation time shall be paid as pay no credit.
3. A Flight Attendant making this election will fly the line they bid and was awarded unless the Flight Attendant modifies their line pursuant to the Agreement.
4. The Flight Attendant will be paid pursuant to Paragraph A for the vacation day(s) at their applicable rate. This will not apply to the Flight Attendant's line until the vacation month. The

vacation cash out will be effected on a pay, no credit basis subject to the pay provisions of Paragraph B. Thus, the payment for vacation day(s) will be above the monthly guarantee for a Reserve and in addition to the Flight Attendant's pay and credit for the month. When a Flight Attendant transfers from another crew base, the Flight Attendant will be permitted to transfer their vacation dates without any change to the vacation matrix in the new crew base.

I. VACATION TRADES

A Flight Attendant may, at their option, trade a vacation period(s), or portion thereof, with another Flight Attendant in their crew base provided both Flight Attendants submit the request through the ETB, by the fifth (5th) of the month prior to the month in which the trade occurs and provided that the trade does not result in a Flight Attendant having more than one grouping of three (3) days or less for that year.

J. OTHER

1. Flight Attendants may donate current year vacation days to another Flight Attendant according to the Company Gift Vacation Day policy.
2. A Flight Attendant who has completed their probationary period and whose service with the Company is terminated shall be paid for any accrued vacation.
3. A Flight Attendant's vacation period will begin at 0000 and end at 2359 Home Base Time.
4. Once awarded, vacation shall not be cancelled by the Company.

SECTION 9 - SICK LEAVE

A. SICK PAY AND CREDIT

Sick time will be paid and credited at one hundred percent (100%).

B. NOTIFICATION

1. A Flight Attendant who is unable to report for duty because of illness or injury shall electronically notify Crew Scheduling as soon as possible. The Company will provide a confirmation receipt to the Flight Attendant. Crew Scheduling will not discuss the nature of the illness or injury, question the illness or injury, or request a doctor's note from a Flight Attendant.
2. A Flight Attendant who is unable to report for duty for twenty-one (21) or more consecutive days following the origination of a sick call will be required to notify their Crew Attendance Manager. The Company may require a Flight Attendant who is unable to report for duty for twenty-one (21) or more consecutive days to present medical documentation.
3. A Reserve who advises Crew Scheduling that the duration of their illness or injury is to last for more than one (1) day will not be required to notify Crew Scheduling on each day of illness or injury. However, a Reserve will be assumed to be available for duty at the end of the aforementioned period, or adjoining days off, if any, unless the Flight Attendant notifies Crew Scheduling to the contrary. A Reserve who expects to be sick for an unknown duration will be required to advise Crew Scheduling of their status prior to the commencement of each group of available-for-duty days.
4. A Lineholder may advise Crew Scheduling that they will be unavailable on a trip by trip basis or, if known, may advise Crew Scheduling of the expected date they will be available.

C. SICK LEAVE ACCRUAL

1. A Flight Attendant shall be considered available for the purpose of accruing sick leave if they are available for flight duty, is claiming sick leave or vacation, or has not been placed on an inactive status, e.g., medical leave not claiming sick, and shall accrue sick leave credit for each month at the following rates:
 - a. A Flight Attendant who is available for fifteen (15) or more days in a month will accrue four and a half (4.5) hours sick leave for such month as follows. As an exception, a Flight Attendant on active status for less than fifteen (15) calendar days in a contractual month will accrue sick if a minimum of forty (40) hours of pay and credit are achieved during the month.
 - b. A Flight Attendant who is available for fourteen (14) or fewer days in a month will not accrue sick leave for such month.
 - c. A Flight Attendant shall accrue sick leave during leaves of absence as provided for in the chart in Leaves of Absence, Section 25.
2. Sick leave accrual shall be limited to one thousand five hundred (1,500) hours. A Flight Attendant with more than one thousand five hundred (1,500) hours will retain their existing balance, but will not be able to accrue additional sick leave in excess of

one thousand five hundred (1,500) hours.

3. Current and accurate sick leave accrual and usage records for the current and full preceding year will be kept readily available for inspection by a Flight Attendant via Company intranet.
4. A Flight Attendant who is furloughed or on an approved leave of absence will retain all previously accrued sick leave.
5. All accumulated sick leave shall be relinquished when a Flight Attendant's service with the Company ceases or the Flight Attendant is removed from the seniority list, except as provided for retiring Flight Attendants pursuant to Insurance, Retirement and Other Benefits, Section 26.

D. CLAIMING SICK LEAVE

1. Lineholders:
 - a. A Lineholder will be charged trips missed from their line of flying for each trip the Flight Attendant is unable to report for duty because of illness or injury and their sick leave bank will be reduced accordingly. The claim will be paid with accrued sick leave, or will be unpaid time to the extent the sick leave bank does not have the necessary accrued hours. A Lineholder with a sick bank balance that doesn't cover their sick call(s) will be required to achieve a minimum monthly pay and credit of forty (40) hours. A Lineholder unable to achieve the required minimum monthly pay and credit of forty (40) hours must request and provide documentation to support a leave of absence to cover the unpaid sick call(s) or make a reasonable effort to achieve forty (40) hours as defined in Scheduling, Section 10.D.17.e, excluding time picked up through the ETB.
 - b. A Lineholder will be restricted from flying over the period of time they report sick provided, however, that a Lineholder will not be prohibited from flying a trip on the same day as a sick call with a report time following the scheduled release time of their original trip. With Crew Scheduling's consent, a Lineholder shall have the option to request to rejoin the trip provided the trip passes through their crew base, and such request is made at the time of the initial sick call. If such request is granted by Crew Scheduling, the Lineholder will be charged sick leave for any portion of the trip not flown.
 - c. A Lineholder who has called in sick for a trip may call Crew Scheduling to inform the Company that they are able to fly on remaining day(s) of the trip for which they had called in sick. With Crew Scheduling's consent, a Lineholder who has called in well to Crew Scheduling, may pick up a trip on TTS on days other than the first day of the trip the Lineholder called in sick, except that when a sequence for which a Lineholder called in sick includes a weekend or holiday (including the day before or the day after a holiday) in which case the Lineholder may only pick up a trip on a weekend or holiday. Holidays include New Year's Day, Memorial Day, Fourth of July, Labor Day, Halloween, Thanksgiving, and Christmas. The Lineholder will be charged sick leave for any portion of the trip coded as sick.

Example:

A Lineholder has a four-day trip starting on Thursday. The Lineholder calls in sick for the trip. The Lineholder may call in well and with Crew Scheduling's consent, pick up

trips from TTS on Saturday and Sunday.

A Lineholder has a four-day trip starting on Saturday. The Lineholder calls in sick for the trip. The Lineholder may not call in well to pick up trips from TTS on Monday and Tuesday.

- d. A Lineholder who does not contact Crew Scheduling to call in well or is not permitted to rejoin their trip or is restricted in accordance with the weekend/holiday restriction provisions of Paragraph D.1.c, to fly on days for which the Lineholder reported sick will be restricted from flying over the period of time they report sick. Sick leave claims will be automatically deducted from the Flight Attendant's sick leave bank.
- e. A Lineholder who is unable to report for duty because of illness or injury and whose sick leave bank is exhausted will have their applicable monthly guarantee reduced as follows:

Minimum guarantee / Total number of days scheduled to fly up to a maximum of 15 = Daily Reduction

The result of this division will determine the amount of reduction for each day a Lineholder is scheduled to fly but is unable to report because of illness or injury. If a Lineholder is able to accept a trip on a day other than the one originally scheduled in the month, the above computation will be adjusted as though the additional day was one of the regularly scheduled duty days.

2. Reserves:

A Reserve will be charged for sick calls as follows:

- a. A Reserve will be automatically charged for day(s) on which they report sick and their sick bank will be reduced accordingly for each day of reserve availability they are unable to report for duty because of illness or injury. A Reserve will be charged the value of the Reserve day for each day or trips missed, whichever is greater, for trips they have been awarded and/or assigned and subsequently reports sick. A Reserve with a sick bank balance that is insufficient to cover their sick call(s) will be considered unavailable for such day(s), including days off, until the Reserve returns to available status. A Reserve must meet the requirements of Vacation, Section 8.A.3 and Sick Leave, Section 9.C.1.a, to accrue sick and vacation for the month.
- b. If a Reserve is charged for sick leave, the Reserve's sick leave bank will be charged at the time of the sick call.
- c. Claims will be paid with accrued sick leave or will be unpaid time to the extent the sick leave bank does not have the necessary accrued hours. The Reserve guarantee will be reduced by the value of the Reserve day per day for each day they would have been utilized if the sick leave bank does not have the necessary accrued hours.
- d. A Reserve will be restricted from flying over the period of time they report sick regardless of available sick bank. A Reserve, at their option, may call in sick for each day of a block of reserve availability or for multiple days of a block of reserve availability. A Reserve who has called in sick for a trip may call Crew Scheduling to inform the Company that they are able to fly on remaining day(s) of the trip for which they had called in sick. With Crew Scheduling's consent, the Reserve may

return to reserve availability status.

3. A Flight Attendant who is unable to report for duty because of illness or injury will not be eligible for any premiums for trips missed.
4. A Flight Attendant on a paid leave of absence, i.e., Maternity, Medical or Family Medical Leave, will be charged sick to the value of their line or reserve guarantee.

E. DOCTOR'S STATEMENTS

1. The Company will not automatically require a doctor's statement based on a specific number of sick calls.
 2. The Company may require a doctor's written confirmation of illness or injury or make personal inquiries of the type or nature of such illness or injury when the Company can demonstrate that it has reasonable cause to believe that a Flight Attendant's use of sick leave may have been for other than legitimate reasons. Further, the cost of such doctor's confirmation shall be borne by the Company with the understanding that a Flight Attendant may be required to submit to an examination by a doctor of the Company's choice at a time dictated by the Company.
 3. The provisions of Section 9 are established to ensure that a Flight Attendant who has sufficient sick hours shall not suffer a loss of compensation while they are legitimately ill or injured. A Flight Attendant who uses sick leave for other than legitimate illness or injury may be subject to disciplinary action based on the facts involved.
- F. A Flight Attendant who becomes ill or injured on a trip and is unable to complete their trip will be provided Positive Space on-line travel or on American Airlines or carriers whose inventory is controlled by the Company, on the first available flight to the Flight Attendant's crew base. At the Flight Attendant's option and with Inflight approval, the Flight Attendant will be provided positive space on-line travel, including carriers whose inventory is controlled by the Company, to the Flight Attendant's residence. At the request of the Company, a Flight Attendant may be required to obtain a medical release to travel, at the Company's expense, prior to returning to their crew base or residence. If the Flight Attendant is unable to fly, appropriate alternate ground transportation will be provided by the Company. The terms and conditions of such positive space travel shall be in accordance with Company policy. The policy regarding travel for ill or injured Flight Attendants shall be no less favorable than the policy afforded to pilots.
- G. Inflight Supervisors and Management will maintain confidentiality of any medical information provided by a Flight Attendant.

B. SEQUENCE GENERATION

1. Flight Attendant sequences shall be constructed in accordance with the parameters found in Hours of Service, Section 11. Sequences may include a mixture of aircraft type and/or crew complement, but a Flight Attendant will not be required to work a different position number within a sequence. An individual flight segment may be crewed using different sequence numbers.

Example: If a sequence contains A321 and 787 flying, the crew working on the A321 will work the same positions on the 787. The additional positions required on the 787 would be staffed with another crew from a different sequence(s).
2. CRAF or charter sequences will be in accordance with the guidelines outlined in CRAF, Section 19, and Charters, Section 18. The Company shall make every effort to allow the Scheduling Committee to review such sequences prior to publication.
3. Sequence Parameters
 - a. The Company will build all known flying at the time of sequence construction into sequences. Any flying that becomes known after sequence construction will be distributed through the Trip Trade System (TTS), Daily Processing and Reserve Processing, unless governed by a specific provision of this agreement, e.g., CRAF or charters, in which case those provisions shall apply.
 - b. There will be a mixture of one (1) duty period, two (2) duty period, three (3) duty period, and four (4) duty period sequences. There will be a mixture of one-day, two-day, three-day, and four-calendar day sequences, except sequences which contain International Premium Destination (IPD) duty periods may be scheduled for up to six (6) duty periods and up to a maximum of six (6) calendar days*.

2. The APFA Contract and Scheduling Chairs will be provided equal access to verify system settings, constraints and parameters and shall be afforded union administrator access to the PBS system; and shall be provided any access to monitor the PBS runs. Upon request, the APFA Contract and Scheduling Chairs shall be provided with any data or reports readily available from PBS.

In addition, the APFA Contract and Scheduling Chairs shall be provided view only access (no ability to make changes to the system) to ETB, TTS/UBL, and ROTA/D. The APFA may request reports and the Company shall provide any data or reports readily available for ETB, TTS/UBL and ROTA/D.

3. The APFA and the Company shall jointly update PBS, TTS/UBL, ROTA/D, and ETB procedure manuals and training manuals as needed. The Company shall consult with the APFA Contract and Scheduling Chair(s) as it relates to any concerns regarding PBS.

 - c. The Company shall continue to provide PBS training to new hires.
6. As far in advance as possible, but no later than 1200 DFW on the third (3rd) day of the month prior, the Scheduling Committee Chair shall be provided the system settings for the next month's PBS award. The system settings which may change from month to month are limited to the target average line value, minimum number of Reserves for the bid period, and percentage of Reserves available on each day of the month. The Committee Chair may make recommendations pertaining to such settings.
7. As far in advance as possible, but no later than 1200 DFW on the third (3rd) day of the month prior, the Scheduling Committee shall be provided with the following information:

11. Global Parameters
 - a. PBS shall construct lines in accordance with the global parameters as defined in Paragraph 13. Bid awards shall be made in seniority order and in compliance with the global constraints of the system. Such parameters may be altered by mutual agreement as outlined in Paragraph A.1.
 - b. The maximum amount of open time remaining after posting of PBS awards shall not exceed three percent (3%) of the total sequence credit time at the crew base, or the equivalent of one (1) line of flying at the minimum PBS bidding window, ignoring low time options, whichever is greater. For the purposes of this Paragraph, total sequence credit time shall include those hours included in a sequence which originates during the month for which lines are being constructed.
 - c. Any open time remaining after posting of PBS line awards shall be distributed evenly throughout the month according to the logic of the PBS system.
 - d. Lines shall be constructed to create lines of flying containing a minimum of seventy (70) credit hours and a maximum of ninety (90) credit hours per bid period. The Company may flex the minimum and maximum line value upward by an annual amount of twenty-five (25) hours, but in no case more than five (5) hours during any given month. In months the Company flexes the maximum to ninety-five (95) hours, the targeted line average may be set to no more than eighty-eight (88) hours. The targeted line average is a global parameter which will be respected while awarding Flight Attendant sequences pursuant to their seniority.
 - f. As an exception to Paragraph D.13.d, a Flight Attendant may indicate a PBS bid choice which may allow the PBS bid award to exceed the bounds specified by bidding a low or high bidding option. Lines constructed in accordance with this bid option shall be constructed to no less than forty (40) hours (Low Option) or no more than one hundred and ten (110) hours (High Option).
 - g. Flight Attendant(s) who select the Low Option during a given bid month and also hold at least seven (7) days or more of vacation during that month, shall be given priority to achieve a PBS result below the minimum line value ahead of other Flight Attendants who may be more senior but do not hold vacation.
12. In addition to the global parameters specified in Paragraph D.13, PBS shall award sequences within a bid line in accordance with the additional parameters specified in this Paragraph. Such parameters may be altered by mutual agreement as outlined in Paragraph A.1.
 - a. The established PBS, TTS and ETB default for crew base rest time between sequences shall be as specified in Hours of Service, Section 11.I and International Flying, Section 14.H, plus forty-five (45) minutes. A Flight Attendant, at their option, may waive to minimum Federal Aviation Regulation (FAR) rest plus one (1) hour and thirty (30) minutes.

In actual operations, a Flight Attendant electing this option will be required to reduce rest to minimum FAR rest.

- b. **Multiple Sequences:** Unless waived by the Flight Attendant, the PBS, TTS and ETB systems shall not force a Flight Attendant to commence a new sequence on the same day they check out from a sequence. A Flight Attendant may waive to accept multiple sequences (terminating and beginning) in the same calendar day separated by legal crew base rest plus forty- five (45) minutes. A Flight Attendant, at their option, may waive to minimum FAR rest plus one (1) hour and thirty (30) minutes. In actual operations, a Flight Attendant electing this option will be required to reduce rest to minimum FAR rest.
- c. **Double Up Sequences:** Unless waived by a Flight Attendant, the PBS system will not award double up sequences, which are two (2) sequences within the same duty day not separated by legal crew base rest. A Flight Attendant waiving to receive a double up sequence shall not be scheduled to exceed the FAR maximum. A Flight Attendant waiving to accept double up sequences may be awarded a sequence separated by thirty (30) minutes from check-out to check-in.
- d. The combined sequence awarded in Paragraph D.14.c, must meet the contractual rest requirements as a single sequence unless waived by the Flight Attendant.
- e. The established PBS default for the consideration of block time in a period of seven (7) consecutive days shall be no more than thirty (30) block hours. At the Flight Attendant's option, such limitation shall be waived.
- f. The established PBS default for the consideration of required rest in seven (7) days shall require that FAR rest may not be obtained while on a layover. However, at the Flight Attendant's option, such FAR rest may be obtained while on a layover.

13. Bidding Options

- a. The Company agrees to provide and properly maintain sufficient computers at each crew base.

- c. A Flight Attendant shall not be charged to interface with the PBS program from their personal computer through the Flight Attendant's internet service provider. The Company's system shall have sufficient capacity to accommodate all Flight Attendant users on-line without restriction or delay. The Company agrees to work with the JSC on an ongoing basis to ensure that concerns regarding interface with programs are promptly addressed.
- d. At a minimum, bidding options and system capabilities offered shall include the following:

PBS LINEHOLDER PROPERTIES	
1.	Days Off [Date] Flight Attendant may bid for a day(s) off on a specific date on a calendar.
2.	Minimum Days Off between Work Blocks [Value] Flight Attendant may set the number of days off between work periods. The system default is one (1) day.

48. Reserve Work Block Size [Minimum/Maximum] Flight Attendant may bid for a Reserve work block with a minimum and maximum of consecutive days of Reserve (Standing Bid Only).
PBS LINEHOLDER AND RESERVE PROPERTIES
49. Reasons Report – System shall generate a report for each Flight Attendant which explains why a preferred sequence or day off was not awarded.
50. Standing Bids – System shall maintain persistent or “standing” bids which shall act as default bids should the Flight Attendant fail to enter a monthly bid. If a Flight Attendant fails to input their bid and does not have a standing bid, the Flight Attendant's bid will be a default bid created by the JSC.
51. Vacation Extension (VEX) – A Flight Attendant who is scheduled for at least seven (7) consecutive vacation days may elect to place up to a total of four (4) days off (at sole discretion of the Flight Attendant) before, after, or split on either side of such vacation period. The days off will act as a pre-planned absence and will carry neither a value for pay nor credit. Such days off will be counted toward the Reserve's scheduled Golden Days. Such block of four days, or portion thereof, may be extended into the next bid period. Such election shall be honored unless the PBS program cannot produce a solution honoring such election.
52. Pay Purpose Only (PPO) Bid – Crew Schedule Planning shall run PBS with the same bids and settings as the regular bid with the addition of the bids (standing or actual) of any Flight Attendant who is off the entire bid period to determine what they could have held for pay purposes only. Such PPO awards shall only be used for this pay determination and shall not change in any way sequence awards as published in the final line awards.
53. Other bid Options as agreed by the APFA and the Company, subject to vendor capability.

*Note: If the provision(s) cause PBS to exceed the contractual PBS timeline, the parties will mutually agree on a solution.

14. Infeasible Solutions

- a. If, during the actual PBS run, it becomes apparent that the PBS system will result in an infeasible solution or the solution is processing too slowly that it may not comply with the

applicable time requirements, the Company may discontinue the PBS run. In such instances, the Company shall notify the National Scheduling Chair of each situation as soon as possible.

- b. During the notification process, the Company shall provide the National Scheduling Chair the following information:
 - i. Reason the PBS run was terminated;
 - ii. Proposed PBS setting(s) to be modified for the run; and,
 - iii. Company contact number and time of call, if the APFA s designated National Scheduling Chair is not available.
- c. Upon notification of an unsuccessful PBS award process, the National Scheduling Chair may provide recommendations for methods to effectively complete the PBS award process. If the Company is unable to reach the National Scheduling Chair, the Company shall contact the APFA National President.
- d. Other than specified in this Paragraph, the Company may not discontinue a PBS run intended for publication or rerun a PBS award that has been run and awarded in compliance with this Agreement. This provision is not meant to prohibit a PBS run not intended for publication such as a run to test the parameters of the system.

15. PBS Mis-awards Due to System or Company Error

- a. Any Flight Attendant who has an inquiry or believes they may have received a mis-award shall notify Crew Schedule Planning no later than the 1200 DFW on the twenty-fourth (24th) of the month, or, if on vacation, within twenty-four (24) hours of return from the Flight Attendant's vacation. No remedy will be offered if the subject of the inquiry was due to the Flight Attendant's choice of bid preferences. In the event of a system error or Company initiated error, a Flight Attendant may fly any of their mis-awarded sequences, or may, at the Flight Attendant's option be removed from the sequence(s) and be made whole as outlined below:
 - i. A Flight Attendant will be required to bid for "like sequences". A like sequence shall have comparable check-in/out times, number of days, Domestic for Domestic, IPD for IPD, and NIPD for NIPD. The Flight Attendant shall bid for "like sequences" in the first TTS run for that bid period following confirmation of PBS mis-award.
 - ii. The Flight Attendant shall receive the greater of the trip they should have been awarded in PBS or the trip the Flight Attendant was awarded in TTS. If the Flight Attendant is not awarded the sequence out of TTS, the Flight Attendant shall be pay protected for the trips they would have held on the basis of trips missed.
 - iii. A Reserve may keep all of their mis-awarded days off, or may, at their option be awarded corrected days off.
- b. Where a programming error affects a substantial number of Flight Attendants in a crew base, the Company and APFA may agree upon a re-award of the PBS bid.

16. Reserves

- a. Reserve lines shall be allocated as part of the monthly PBS process. A Flight Attendant who may be awarded a line of flying may conditionally bid for a reserve line. Such bid will

be respected provided a Reserve is available who can accept the line of time being bypassed.

- b. Reserves will have a minimum of twelve (12) scheduled days free of duty ("days off") at their crew base each bid month. Eight (8) of such days shall be Golden Days and four (4) shall be Flex Days. Patterns must conform to the following:
 - i. Each period of days off must have no fewer than two (2) days off and no more than eight (8) days off.
 - ii. As an exception to Paragraph D.18.b.i, because of the proration tables in Paragraph D.18.d, a Reserve may be awarded one (1) day off. If one isolated day off falls on the last day of the bid period, the Company shall ensure that the Reserve receives at least one (1) day off on the first day of the following bid period. This may be waived by the Reserve.
 - iii. Every Flex Day must immediately follow a reserve day of availability or another Flex Day. If the Flex Days are grouped with Golden Days, the Flex Days must precede the Golden Days.
 - iv. Day off periods may not be separated by less than three (3) days of reserve or by more than six (6) days of reserve. Groups of days of reserve which transition from month to month shall be subject to this limitation.

As an exception, since the Flight Attendant's status is unknown for the future month, all reserve Flight Attendants may be awarded/assigned less than three (3) days of reserve on the last days/s of the Reserve month.

- v. Flex days will be awarded in such a manner to allow assignment where necessary. If a day off is not assignable, such day off must only be a Golden Day.

Example: A Flex Day on the 29th, followed by a Golden Day on the 30th and 31st would not be acceptable because there would be no RSV days in the bid month to convert if the Reserve was required to work into their Flex Day.

- c. A Reserve who has less than seven (7) vacation days in a bid period shall receive a minimum of twelve (12) days off. A Reserve who has seven (7) or more days off in a bid period shall receive days off at a pro-rated rate consistent with the chart in Paragraph D.18.d.
- d. The chart below shall be used to determine the number of days free from duty for a Reserve who is bidding for or returning to schedule as a Reserve with less than a full bid period. This chart shall be used to determine the number of days free from duty during the Reserve's days of availability in a partial bid period.

17. Flight Attendant Returning from Leave of Absence

- a. A Flight Attendant returning from a leave of absence who is current with annual FAA-required training (CQ) shall be eligible to bid a schedule for the following bid period provided the Flight Attendant has supplied a return date, and in the case of a medical leave, a doctor's note to the Company by 1200 DFW on the 10th of the month prior and will be processed by the close of the next business day. To preference Lineholder or Reserve status, a Flight Attendant must submit their release by 1200 DFW the last business day of the prior month.
- b. A Flight Attendant who is current with annual FAA-required (CQ) and has a return date for the next bid period which will result in the Flight Attendant being available for less than a full bid period, and who complies with the timelines and requirements specified in Paragraph D.19.a, may bid in PBS. A Flight Attendant will subject to the following proration:
 - i. A Reserve shall have prorated minimum days off and a prorated minimum line guarantee (Reserve days multiplied by the Reserve's daily value of 3:56 or 4:10) according to Paragraph D.18.d. A Flight Attendant awarded/assigned a Reserve line shall be responsible for flying a prorated schedule.
 - ii. A Lineholder's minimum and maximum bid window will not be prorated and will include any credited time for the month. A Flight Attendant may waive minimum days off.
- c. If a Flight Attendant is not current with annual FAA-required training (CQ) at the time of PBS bidding or will not be current with annual FAA-required training (CQ) in the month they return, the Flight Attendant will not be able to bid and will be scheduled for training as provided for in Section 25.K.6.
- d. A Flight Attendant on medical leave claiming sick time during a partial bid period shall have the credit placed on their line as a unplanned absence.
- e. If a Lineholder was not able to meet the requirements of Paragraphs 19.a.-c, i.e., they do not bid PBS, the Lineholder will be permitted to hold an open line and must make a reasonable effort to pick-up time through TTS and ETB to reach the prorated PBS

minimum and they shall receive a prorated minimum line guarantee. A Reserve will be awarded a line including their days off commensurate with their seniority.

- f. The Flight Attendant will be responsible to demonstrate a reasonable effort to make up the time. The Flight Attendant may make themselves available at their discretion and does not have to make themselves available on a holiday they would not have been scheduled to fly. A Flight Attendant satisfies the reasonable effort requirement if at any time(s) during the bid month they make themselves available for sequences commensurate with their seniority, for the equivalent number of duty periods. These duty periods need not be consecutive.

18. Planned Absences

- a. Known planned absences will be placed in the Flight Attendant's line prior to the PBS bidding and the applicable credit shall be applied towards the Flight Attendant's monthly PBS line credit.
- b. All other planned absences, e.g., sick, vacation, Company business, Union business, and training, will have the credit value as agreed upon in this Agreement. **C**

19. Carry-in and carry-out trips will be paid and credited as defined in Hours of Service, Section 11.

E. TRIP TRADE SYSTEM (TTS)

1. General Information – TTS will provide an electronic means for Flight Attendants to conduct the following type of transactions within their crew base:

- a. Drop sequences (Drop Transaction Bid);
- b. Pick-up sequences which remain in open time after the monthly line award or which subsequently become open due to TTS transactions, sick calls, training, jury duty, Union business or other events (Pick-up Transaction Bid);
- c. Simultaneously drop one sequence and pick-up one sequence from open time or from another Flight Attendant who is simultaneously dropping the desired sequence during the TTS process (Drop/Pick-up Transaction Bid). TTS will recognize trade transactions. Such trade transactions shall include an unlimited number of Flight Attendants but may include a limitation on the number of individual transactions based on possible programming constraints. For example, the following Drop or Pick-up Transaction Bids would be awarded as a trade:

Flight Attendant A wants to drop sequence #1 and bids for sequence #3
Flight Attendant B wants to drop sequence #2 and bids for sequence #1
Flight Attendant C wants to drop sequence #3 and bids for sequence #2
Award: Flight Attendant A - #3, Flight Attendant B - #1, Flight Attendant C - #2.

- d. Drop multiple sequences (2) in a transaction conditional on picking up another sequence.
- e. Add multiple sequences (2) in a transaction conditional on dropping another sequence.
- f. A Flight Attendant shall be able to bid and be awarded specific positions in TTS.

2. TTS Process Timeline

- a. Upon PBS award, Flight Attendants shall input bids for the purposes of the next month's TTS process. Such bids will be stored and processed in the TTS Queue at 2300 HBT on the 21st day of the calendar month.
- b. The TTS Queue will close each day at 2300 HBT for sequences which depart on or after the calendar day beginning at 0000, twenty-five (25) hours later, including any sequences through the end of the bid period, including transition sequences.
- c. Awards will be posted no later than 0400 HBT for the calendar day beginning at 0000, twenty (20) hours later.
- d. TTS will not process trades between bid periods. Transition sequences will be considered part of the bid period in which they commence for the purpose of TTS.
- e. In order to avoid transition conflicts, for a period not to exceed forty-eight (48) hours while PBS is processing, a Flight Attendant shall not be able to pick up, drop or trade a trip through TTS that touches the last three (3) days of the bid period.

3. TTS Award Parameters and Constraints

- a. TTS transactions shall be processed based on seniority.
- b. TTS transactions will be processed for sequences that the Flight Attendant is legal to operate under the terms of the Agreement and in accordance with the parameters specified in Paragraph D.14.a-f.
- c. A Flight Attendant who participates in a TTS transaction shall be deemed to have acknowledged and accepted the assignment upon the award of the transaction.
- d. A Flight Attendant will be able to access the TTS program through a web-based program at no cost to the Flight Attendant.
- e. A Flight Attendant may utilize the web-based TTS program to check their award.
- f. A Flight Attendant shall be allowed to drop a sequence in TTS in accordance with Paragraph 10.H.6, to pick up a red flagged sequence in open time.
- g. A Flight Attendant may pick-up or trade to operate an additional sequence during a day the Flight Attendant is already scheduled for duty to the extent permitted by this Agreement and in accordance with the parameters specified in Paragraph D.14.a.-f. The provision allows both double ups, i.e., portions of two (2) sequences combined within the same duty day, and multiple sequences, i.e., two (2) sequences in the same calendar day separated by legal crew base rest.
- h. TTS transactions which result in an increase in the number of Open Sequence Days shall be subject to a daily and monthly limit. The award of the TTS transaction will not be approved if approval of that TTS transaction would cause the number of Open Sequence Days to exceed:
 - i. Monthly Limit - A monthly limit will be calculated by crew base using the following formula:

$$(\text{Total Known Sequence Position Hours} \times 3\%) \div \text{Value of a Sequence Day} = \text{Monthly Open Sequence Day Limit}$$

The Value of a Sequence Day will be calculated using the following formula:

Total Known Sequence Position Hours ÷ Total Sequence Days = Value of a Sequence Day

The monthly limit shall only apply to TTS transaction(s) which result in an increase in the number of Open Sequence Days. A transaction that is neutral or positive such as a drop/pick up of a three-day sequence for another three-day sequence shall not be subject to this limitation.

- ii. Daily Limit - A daily limit will be calculated by crew base using the following formula:

Total Monthly Open Sequence Day Limit ÷ Days in the Bid Month = Daily Open Sequence Day Limit

- (a) A transaction shall not cause any day at or below the Daily Limit to exceed the Daily Limit; and

- (b) Note: For purposes of TTS transactions a flight which releases on or after 0000 will be considered to operate on the calendar day. Thus a sequence that releases at 0015 shall be considered to operate on both calendar days of the duty period for purposes of Open Sequence Day calculations.

- i. Trading for More Negative Day(s) in TTS

- i. As an exception to the Daily Limit above, a transaction that improves coverage* will be approved even though the sequence being dropped exceeds the Daily Limit if:

- a) the sum of coverage from the calendar days of the sequence being picked up will be equal to or worse than the sum of coverage from the calendar days of the sequence being dropped (including the value of the dropped sequence when calculating the sum of coverage);

- b) the worst coverage day of the sequence being picked up will be equal to or worse than each day(s) of the sequence being dropped (including the value of the dropped sequence when calculating the worst coverage day);

- c) the sequence being picked up must be equal or greater calendar days in duration to the sequence being dropped; and

- d) such sequence dropped shall not make coverage worse on a Protected Holiday as described in Paragraph E.3.vii.

*Coverage will be defined as the sum of projected reserves available, by each calendar day of the trip, minus projected open time, as measured by calendar days, for each calendar day of the trip; negative and positive calendar day values will be determined with an objectively applied formula and the coverage forecast will take into account reserve requirements, both historical and projected staffing needs, and the expected amount of open time. The APFA Scheduling Chair shall have access to review the positive or negative values associated with specific trip trade awards.

Note: For purposes of TTS transactions a flight which releases on or after 0000 will be considered to operate on the calendar day. Thus, a sequence that releases at 0015 shall be considered to operate on both calendar days of the duty period for purposes of Open Sequence Day calculations.

- ii. Holiday Restrictions: Flight Attendants using TTS transactions in accordance with this Paragraph to drop a sequence touching a restricted holiday may only do so subject to the daily and monthly Open Sequence Day Limitations. The Open Sequence Day limitation shall only apply on the restricted holiday and not on any day(s) surrounding the restricted holiday. For the purposes of this Paragraph, restricted days will include New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Eve, Christmas Day, and New Year's Eve.
- iii. This exception process will occur after the nightly TTS run and shall be posted with the TTS awards as specified in Paragraph 10.E.2.c.
- j. Notwithstanding the above, if coverage is sufficient as determined by Crew Scheduling in its sole discretion, a higher monthly or daily Open Sequence Day limit may be used for a TTS run. Upon request of the APFA, the Company shall meet with the National Scheduling Chair to discuss any concerns regarding the Open Sequence Day limitations.

Example:

Flight Attendants with seniority numbers of #5 and #6 each enter Drop Transaction Bids. Either Flight Attendant's transaction, if awarded, would exceed the number of Open Sequence Days permitted on that day, and therefore will not be awarded immediately. If, in a subsequent TTS transaction, a more junior Flight Attendant picks up an open sequence, thereby reducing Open Sequence Days on the given day, the Drop Bid of Flight Attendant #5 would be awarded prior to Flight Attendant #6 (Subject to IT limitations).

4. Lineholder use of TTS

- a. A Lineholder may conduct TTS transactions down to a minimum line credit of forty (40) credited hours in a bid period. No TTS transaction will be approved if it takes the Flight Attendant to less than forty (40) actual paid and credited hours.
- b. TTS will not award a Lineholder's TTS bid if the award would result in the Lineholder's credited hours including any vacation, training, etc., exceeding one hundred fifteen (115) credited hours of Company Time (including any Vacation, Jury Duty, etc.) in their line.
- c. TTS will only process transactions which result in a Lineholder's projection remaining within or if already outside of the TTS window, moving closer to their TTS bidding credit window as specified in Paragraph O.
- d. Sequences picked up while utilizing ETB will increase a Lineholder's projection and their maximum TTS bidding credit window. Sequences dropped utilizing the ETB will reduce a Lineholder's projection and their maximum TTS bidding credit window. The intent of this Paragraph is to minimize the use of TTS to add trips which are subsequently dropped using the ETB.

Activity	Projection (PROJ)	Maximum (MAX)	Actual (ACT)
ETB	increase/decrease	increase/decrease	increase/decrease
TTS/OT	increase/decrease	n/a	increase/decrease

Note: No TTS or ETB transaction will be approved if it takes the Flight Attendant to less than forty (40) actual paid and credited hours.

- e. A Lineholder may conduct TTS transactions that would result in actual flying on a day(s) pay protected by any other portion of Section 10. The Lineholder will receive pay and credit for such time.

5. Reserve use of TTS

- a. Reserves may utilize the TTS to drop, pick up and trade sequences on Golden Days and Flex Days.
- b. A Reserve with an awarded TTS sequence on Golden Day(s) off will not be assigned a Reserve sequence that conflicts with their TTS sequence unless assignment is necessary according to the Priority of Trip Assignment language specified in Reserve Duty, Section 12.M. If a Reserve's TTS sequence is dropped by Crew Scheduling on a Golden Day, the Reserve will be provided pay protection for the TTS sequence up to the point the Reserve can be split back onto the TTS sequence. The Reserve may be split back onto the TTS sequence or drop the portion of the TTS sequence.
- c. If a Reserve's TTS sequence is dropped by Crew Scheduling on a Flex Day, there will be no pay protection and no obligation to split the Reserve back on a TTS sequence, unless provided pay protection in Paragraph 10.K. and 10.L.
- d. Once released from Reserve duty into days off or at the conclusion of their RAP prior to a day off, a Reserve may utilize TTS to drop, pick up and trade sequences. The Reserve will be subject to the rest requirements of the FARs, but no less than ten (10) hours from release to report.
- e. A Reserve who is bidding a TTS trip prior to being released into their Flex Day or a Golden Day, may be awarded a TTS trip(s) to originate on the Reserve's first day off no earlier than 1000 HBT and released on the Reserve's last day off at the Flight Attendant's home crew base no later than 1600 HBT. A Reserve who does not receive minimum home base rest as a result of a TTS trip before or after available days shall reduce their home base rest down to FAR minimums, if necessary.
- f. A Reserve picking up a sequence through TTS on a Golden Day, Flex Day or a day of Reserve Availability once released into such day pursuant to Paragraph G.4.b will receive pay no credit for such time above their minimum guarantee.
- g. A Reserve may conduct TTS transactions that would result in actual flying on a day(s) pay protected by any other portion of Section 10. The Reserve will receive pay, no credit for such time.
- h. A Reserve will have a TTS maximum of thirty (30) hours.
- i. Sequences picked up, traded, or dropped in TTS on Reserve days off in accordance with Paragraph 5.a above will not impact the Reserve TTS maximum. TTS will only process transactions which result in a Reserve's projection remaining within or if already outside of the TTS window, moving closer to their TTS bidding credit window. A Red Flag sequence picked up in TTS will increase the TTS maximum.
- j. Sequences picked up while utilizing ETB will increase a Reserve's projection and their maximum TTS bidding credit window. Sequences dropped utilizing ETB will reduce a Reserve's projection and their maximum TTS bidding credit window in accordance with the chart below. The intent of this paragraph is to minimize the use of TTS to add trips which are subsequently dropped using ETB.

Activity	Projection (PROJ)	Maximum (MAX)	Actual (ACT)
ETB	increase/decrease	increase/decrease	increase/decrease
TTS/OT	increase/decrease	n/a	increase/decrease

F. POST TTS DAILY PROCESSING

1. TTS Unsuccessful Bidders List (UBL)

- a. A list of Flight Attendants who elect to be passed to the Unsuccessful Bidders List (UBL) because their bid was not awarded in TTS and their request originates on the first day of the TTS bid processing date range will be compiled upon conclusion of the TTS run. The TTS program will have an election the Flight Attendant may select if they wish to be placed on the Unsuccessful Bidders List for the sequence. The Unsuccessful Bidders List shall be used by Crew Scheduling for processing.
- b. Daily bids will be processed by using the Unsuccessful Bidders List to offer sequences to Flight Attendants in seniority order, except as provided for in Paragraph F.5.
- c. Drop/Pick Up Transaction (with overlap)
If the Flight Attendant's bid includes a request for a sequence on the first day of the TTS bid processing date range and overlaps a sequence held by the Flight Attendant on a subsequent day(s), the bid will be subject to the daily and monthly limitations as specified in Paragraph E.3.I.
- d. Pick Up/Drop Transaction (without overlap)
If the Flight Attendant's bid includes a request for a sequence originating on the first day of the TTS bid processing date range and includes a drop for a trip on a subsequent day(s) that does not overlap, such request will be subject to the daily and monthly Open Sequence Day limitations as specified in Paragraph E.3.I.
- e. Drop Transaction
If the Flight Attendants bid includes a request for a drop transaction on the first day of the TTS bid processing date range and their drop transaction bid was not awarded during TTS, if the Flight Attendant so elects, the drop request will be moved to Crew Scheduling. If open time subsequently falls below the Open Sequence Day limitations as specified in Paragraph E.3.I, the request to drop will be awarded in seniority order among those Flight Attendants passed on to Crew Scheduling.
- f. Pick Up/Drop Transaction (Originating same day)
A Flight Attendant shall be able to request to drop a trip originating on the first day of the TTS bid processing date range and pick up a trip originating on the same day. The trip picked up must be equal to or greater than the calendar days of the trip being dropped. The request(s) will be processed in UBL until 1500 HBT the day prior.
- g. Out of Base UBL pick up

A Lineholder or Reserve on days off may pick up a sequence on UBL from another crew base only after in-base Lineholders and Reserves on days off have been processed and before processing in accordance with 12.K.2. and 12.K.3. Once the out of base Flight Attendant has been awarded the trip it may not be traded or dropped.
- h. Less Than Minimum Call-Out UBL List

A Lineholder or Reserve on days off may pick up a sequence in UBL within two (2) hours prior to scheduled departure (three (3) hours in co-terminal bases). In-base Lineholders and Reserves on days off will be processed before out of base LMCO Lineholders and Reserves on days off and prior to processing in 12.K.3.
- h. A Reserve may utilize UBL in accordance with E.5. above.

2. General

- a. The Company shall display a daily electronic list of all open sequences by crew base.
- b. The Company shall electronically display a daily list of all flying assignments for that crew base. Such list shall remain available within the constraints of the system. The Company shall also continue to provide individual Flight Attendants access to their history electronically and their sequence history for a period of thirty-six (36) months. Additionally, the Company shall post the sequence package for a period of six (6) months.
- c. Following each UBL run, the Company shall provide a run summary including sequence(s) awarded (sequence number, seniority, name, base, employee number, position, language, and purser qualification of the awarded Flight Attendant). The report shall include the UBL run ID, time sequence(s) opened, and sequence(s) not awarded. The Company shall also provide any sequences transferred out of base and the time and base to which the sequence was transferred in the run summary, if possible, but if not in a daily report.

3. Processing Timeline

- a. **Sequences that open between 2300 HBT and 0400 HBT:** Sequences which open after 2300 HBT each day which originate on the first day of the TTS bid processing date range will be processed using the Unsuccessful Bidder List after the TTS awards are posted, no later than 0400 HBT.
- b. **Processing after 0400 HBT:** Once the Unsuccessful Bidders List has been processed, any sequences that subsequently become available prior to two (2) hours (three (3) hours in co-terminal bases) before departure of the sequence will be processed immediately from the Unsuccessful Bidders List. If the trip is not awarded from the Unsuccessful Bidder List, the sequence will then be assigned to a Reserve according to the provision of Reserve Duty, Section 12. Sequences which become available within two (2) hours (three (3) hours in co-terminal bases) prior to departure of the sequence, will not be processed from the Unsuccessful Bidders List but will be awarded to a Reserve, as specified in Section 12.
- c. **Unsuccessful Bidders List Applicable to the Origination Day of Sequence:** Sequences will be processed utilizing the Unsuccessful Bidders List applicable to the origination day of the sequence. For example, on Monday, Crew Scheduling would use the Unsuccessful Bidders List from Saturday's TTS run to process sequences that originate on Monday.
- d. **Sequences Originating after the First Day of the TTS Bid Processing Range:** Sequences which open after 2300 HBT each day (Post TTS period), and originate after the first day of the TTS bid processing date range will not be awarded pursuant to this Paragraph but, rather, will remain as open time for bidding during the following day's TTS process.
- e. If there are no bidders or Flight Attendants on the Unsuccessful Bidders List, including Late Bidders, the sequence will be processed according to the provisions of Reserve Duty, Section 12.

4. Processing Rules

- a. Daily Scheduling will process bids according to the specifications of Paragraphs D.14 and E.3.

- b. Crew Scheduling will award a Flight Attendant, in seniority order, a sequence for which the Flight Attendant is listed on the Unsuccessful Bidders List. If a Flight Attendant no longer chooses to be on the Unsuccessful Bidders List, the Flight Attendant is responsible for removing their name from the list. The Company will electronically notify the Flight Attendant for any award prior to 1900 HBT. Once the sequence is awarded, the Flight Attendant is responsible for such sequence and no confirmation is needed.
- c. A Flight Attendant awarded a sequence after 1900 HBT will receive an electronic notification of their award. If the Flight Attendant does not electronically acknowledge the award, Crew Scheduling will call to confirm their award. Once the sequence is confirmed, the Flight Attendant is responsible for such sequence. If the Flight Attendant does not confirm the assignment by answering the phone, Crew Scheduling will remove the Flight Attendant's name from the UBL list and shall move on to the next most senior Flight Attendant on the Unsuccessful Bidder List requesting such sequence.
- d. If a Flight Attendant is on another trip at the time the sequence opens, the Flight Attendant will not be passed over and such sequence will be awarded. Once the sequence is awarded, the Flight Attendant is responsible for such sequence and no confirmation is needed.

5. Late Bidders

A Flight Attendant during the post TTS period may bid for a sequence. A Late Bidder will be added to the bottom of the Unsuccessful Bidders List and their bid will be processed according to their position on the list for sequences that come available. If the Flight Attendant's request to be considered a Late Bidder is received after the initial process of unsuccessful bidders at 0400 HBT on the day immediately following the TTS closing, the Flight Attendant will be processed in seniority order amongst all unsuccessful bidders. The award of such transactions for late bidders will be subject to rules in Paragraph F.4.

6. Position Move-up

A Flight Attendant who has been awarded a sequence may enter a bid or persistent bid in TTS to change to another position on the same sequence. A Flight Attendant may indicate their election to move such bid to the Unsuccessful Bidders List. Within a two (2) hour period prior to report, a request to move to a premium position will be accommodated on any particular sequence. The Reserve will be assigned the vacant position.

7. Inverse Assignment

When it becomes necessary to assign a Flight Attendant to open time it will be done in accordance with Reserve Duty, Section 12.M. Priority of sequence assignments will be made by positive contact to the Flight Attendant being assigned.

G. ELECTRONIC TRADE BOARD (ETB)

1. The Company will provide a real time, electronic method of picking up, dropping, and trading sequences between Flight Attendants on a first come/first served basis. The ETB will not be used to distribute or trade open time. The following provisions will apply.
2. General Use of the ETB
 - a. All sequence transactions through the ETB for the next month will be processed on the 22nd of the calendar month at 0400 HBT and will be awarded in first come/first served order.

- b. ETB transactions will not be processed between the time the TTS bid closes at 2300 HBT and is awarded at 0400 HBT.
 - c. In order to avoid transition conflicts, for a period not to exceed forty-eight (48) hours while PBS is processing, a Flight Attendant shall not be able to pick up, drop or trade a trip that touches the last three (3) days of the bid period.
 - d. All ETB transactions will be available for processing up until sign-in time for the sequence. If the sequence has not been picked up, the Flight Attendant will be responsible for flying that sequence. This restriction shall not apply to Paragraph P.
 - e. The ETB system will include a real time acceptance message that requires a Flight Attendant picking up a sequence on the ETB to accept the sequence. A Flight Attendant requesting to drop or trade a sequence remains responsible for that sequence until approval for the drop or trade has been granted. Once a sequence is added, it becomes part of the Flight Attendant's line. Conversely, once a sequence is dropped, it is no longer part of the Flight Attendant's line.
 - f. ETB transactions will be processed for sequences that the Flight Attendant is legal to operate under the terms of the Agreement and in accordance with the parameters specified in Paragraph D.14.a-f.
 - g. Flight Attendants will be able to access the ETB through a web-based program at no cost to the Flight Attendant.
 - h. The Company will implement a technology-based system where a Flight Attendant can confirm a trip drop or trade.
 - i. A Flight Attendant can combine multiple sequences as specified in Paragraph D.14.
 - j. A Lineholder or a Reserve on a day off that is being pay protected in Section 10 may conduct ETB transactions outside the footprint of the originally scheduled pay protected sequence (sequence at the time of assignment/award). Any ETB sequence picked up within the footprint of the originally scheduled pay protected sequence will negate pay protection. The Lineholder will receive pay and credit for such time. The Reserve Flight Attendant will receive pay and no credit for such time.
3. Lineholder Use of the ETB
- a. Within the same crew base, Lineholders may drop sequences to other Flight Attendants, pick up sequences from other Flight Attendants on days off or on vacation days, and/or trade sequences with other Flight Attendants using the ETB.
 - b. Lineholders will be permitted to drop down to forty (40) credited hours in a bid period by trading with other Flight Attendant(s) or by dropping sequences to other Flight Attendants through the ETB.
 - c. There is no cap on the number of pay hours a Flight Attendant may gain through picking up sequences from other Flight Attendants through the ETB. Sequences picked up from the ETB will increase a Lineholder's projection and their maximum TTS bidding credit window. Sequences dropped utilizing the ETB will reduce a Lineholder's projection and their maximum TTS bidding credit window.
4. Reserve Use of the ETB

- a. Within the same crew base, Reserves may utilize the ETB to drop, pick up and trade sequences on Golden Days, Flex Days, or on vacation days, or a day of Reserve Availability once released. The Reserve will receive pay, no credit for such time above their minimum guarantee.
- b. A Reserve with an awarded ETB sequence on Golden Day(s) will not be assigned a sequence that conflicts with their ETB sequence in Future or Daily Scheduling unless assignment is necessary according to 12.K.2., or the Priority of Trip Assignment language specified in Reserve Duty, Section 12.M. If a Reserve's ETB sequence on a Golden Day is dropped by Crew Scheduling, the Reserve will be provided pay protection for the ETB sequence up to the point they can be split back onto the ETB sequence. The Reserve may be split back onto the ETB sequence or drop the portion of the ETB sequence.
- c. If a Reserve's ETB sequence is dropped by Crew Scheduling on a Flex Day, there will be no pay protection and no obligation to split the Reserve back on the ETB sequence, unless provided pay protection in Paragraphs 10.K. and 10.L.
- d. Within the same crew base once released from Reserve duty into days off or at the conclusion of their RAP prior to a day off, a Reserve may utilize the ETB to drop, pick up and trade sequences on a Reserve Day. The Reserve will be subject to the rest requirements of the FARs, but no less than ten (10) hours from release to report.
- e. Within the same crew base, a Reserve who is bidding an ETB trip prior to being released into their Flex Day or a Reserve bidding an ETB trip on a Golden Day, may be awarded an ETB trip(s) to originate on the Reserve's first day off no earlier than 1000 HBT and released on the Reserve's last day off at the Flight Attendant's home crew base no later than 1600 HBT. A Reserve who does not receive minimum home base rest as a result of an ETB trip before or after available days shall reduce their home base rest down to FAR minimums, if necessary.

H. RED FLAGGING OPEN TIME

1. At any time prior to departure, Crew Scheduling may Red Flag a sequence/position in open time. Red flagged sequences shall be paid at the rate of one hundred and fifty percent (150%) and credited at one hundred percent (100%). Once a sequence is flagged it shall retain its premium for any pay protection provided within Section 10. If a Flight Attendant calls in sick for a red flagged sequence, no red flag premium will be applied.
2. Sequences which carry a red flag premium will be indicated as such in the Crew Management system. Flight Attendants may exclusively bid for red flagged sequences within TTS.
3. The premium pay rate shall not be paid for any red flag sequence that is assigned to a Reserve on days of availability.
4. A Reserve who picks up a red flagged sequence on their days off shall receive pay as referenced in Paragraph H.1.
5. A Flight Attendant may exceed their monthly TTS maximum to pick up a red flagged sequence.
6. Once a sequence has been red flagged in TTS, Crew Scheduling may not remove the red flag designation and its corresponding premium until after 0400 HBT one day prior to the departure of the sequence. Once the TTS daily processing occurs on any day, the Company may not change the red flag designation until the TTS awards are complete for that day. Once the red flag sequence has been awarded the red flag premium may not be removed.
7. Red flag premiums for transactions in TTS will be applied as follows: **APFA AGREED**

Transactions will be Awarded	Sequence Being Dropped	Sequence Being Picked Up	Red Flag Pay Premium
Pickup only		Red Flag	Yes
Trade (all scenarios)	Red Flag	Red Flag	Yes
Trade (no overlap or only overlaps 1 day)*	Non-Red Flag	Red Flag	Yes
Trade (1 day for 1 day with same origination date or overlaps 2+ days)*	Non-Red Flag	Red Flag	No; Sequence will be awarded, Red Flag indicator will be removed, and the sequence will no longer receive Red Flag premium unless Crew Scheduling redesignates the sequence as Red Flag

*Overlap applies to a calendar day (0000-2359 HBT)

8. A Flight Attendant may bid generic or specific "Red Flag Only" sequence(s) and position(s) in TTS.

I. INVOLUNTARY ASSIGNMENT

Involuntary assignments shall only be made according to the Priority of Open Trip Assignment language specified in Reserve Duty, Section 12.

J. RESCHEDULING

1. General Provisions

- a. The provisions of Paragraph J are intended to allow for orderly rescheduling procedures in the event of last-minute operational irregularities that have a high probability of resulting in sequence delays or cancellations. These provisions are not intended to be utilized in such a manner so as to effectively require a Lineholder to serve as a Reserve.
- b. In the event a Lineholder loses three (3) or more full sequences (not pay protected by Section 10) because of a schedule change, including natural disaster and/or extraordinary circumstances, the following shall apply: A Lineholder shall be required to make a "reasonable effort" in order to receive pay protection under this Paragraph. A Lineholder may choose to waive pay protection for all or some of the sequences and be released from any obligation to remain available to the Company. This provision is to address the major issues specified above and is not intended to apply to normal scheduling changes affecting individual Flight Attendants.

In order to fulfill the "reasonable effort", a Lineholder will be required to satisfy all of i. and ii. below:

- i. Bid for “like sequences” starting with the first TTS run for the applicable bid month following notification of the full sequence cancellation. A like sequence (comparable to the cancelled sequence) shall have:
 - a) comparable check-in/out times (at least one (1) hour before or after the original check-in/out times); and
 - b) same number of day(s); and
 - c) Domestic for Domestic or IPD for IPD or NIPD for NIPD.
 - ii. Make themselves available in TTS for the equivalent number of TTS runs equal to the number of duty periods in cancelled sequence(s). A Lineholder may ballot for multiple sequences in 1 (one) TTS run.
 - iii. A Lineholder may choose to waive pay protection for all or some of the sequences and be released from any obligation to remain available to the Company. This provision is to address the major issues specified above and is not intended to apply to normal scheduling changes affecting individual Flight Attendants.
 - iv. A Flight Attendant who bids for like sequences shall be pay protected for the value of the sequences lost.
- c. The intent of Paragraph J is that a Flight Attendant should be permitted to operate the sequences that they were awarded through PBS, TTS, ETB, etc. Consequently, a Flight Attendant should not be removed from their sequence unless all options have been utilized to prevent a cancellation or delay, including assignment to any available Reserve or Standby Reserve.
- d. A Reserve on a TTS/UBL or ETB trip will be considered a Lineholder for the purposes of Section 10.
- e. The term “rescheduled” as used in Section 10 means any and all deviations from a Flight Attendant’s awarded sequence, as originally published, with the following exceptions:
- i. Cancelled segments that occur at any time during the sequence without requiring the Flight Attendant to operate a different time sequence. However, the cancellation of a scheduled flight and the creation of a new unpublished flight between the same city pairs within four (4) hours of the original scheduled departure time does not constitute a cancelled segment and would require payment to the Flight Attendant for the cancelled flight unless the Flight Attendant has requested to be released from duty in accordance with Scheduling, Section 10.J.8. Further, flights scheduled as extra sections more than forty-eight (48) hours in advance of the cancelled flight are not considered “new unpublished flights” for purposes of this Paragraph. If an extra section is created less than forty-eight (48) hours prior to the cancellation, the extra section shall require payment to the Flight Attendant for the cancelled flight unless the Company can demonstrate that the creation of this “new unpublished flight” is not related to the cancellation.
 - ii. Deadheading to position a crew because of a cancelled flight(s) to continue a series of flight(s) on the original sequence.
 - iii. Diversions for fuel, weather or emergency if the Flight Attendant next proceeds to the originally released destination prior to the diversion or to the next destination on the original sequence.

- iv. Delays of scheduled departure/arrival times which do not result in operating to different city pairs than were contained in the original sequence.
- v. Bypassing cancelled flight segments in the affected Flight Attendant's sequence, provided that another flight has not been cancelled pursuant to Paragraph J.1.e.i, which would be covered by the affected Flight Attendant.
- vi. Example: Duty Period 1 – Original Sequence: PHL-CLT-TPA. Both flight segments cancel and Duty Period 1 becomes PHL-TPA.

2. Prior to Report Time

The following provisions will apply to the Lineholder holding the sequence at the time of modification or reschedule:

- a. Subject to the provisions of Paragraph J.1, for the purposes of adjusting sequences after publication, e.g., equipment change, block times, departure or arrival times, or cancellations, a sequence may be changed prior to report.
- b. If such change involves an adjustment to the schedule between publication of sequences and up to three (3) days prior to commencement of the affected sequence(s), which results in different city pairs, layover cities, or causes the sequences to operate on additional days or to not operate on a day(s), the Lineholder shall be electronically notified and shall not be required to accept such sequence in which event the Lineholder shall forfeit all applicable pay protection for that sequence(s) and all line guarantees associated with that release.
- c. If such change involves an adjustment to the schedule within three (3) days prior to commencement of the affected sequence and prior to report, which results in different city pairs, layover cities, or causes the sequences to not operate on a day(s), the Lineholder will receive an electronic notification, and with Company consent, the Flight Attendant shall not be required to accept such sequence in which event the Lineholder shall forfeit all applicable pay protection for that sequence(s) and all line guarantees associated with that release. Any such adjustment to the schedule shall be according to the provisions of Paragraph J.3, and other provisions of Paragraph J.
- d. In no case shall the Lineholder be required to report for a sequence earlier than originally scheduled. If the rescheduled departure is earlier than the originally scheduled departure, duty time will commence concurrent with Domestic or International report times based on the earlier departure time. If replaced, such Flight Attendant shall receive the crew substitution protections afforded in Paragraph J.10.
- e. In the event the sequence is rescheduled to depart more than one (1) hour later than originally scheduled, Crew Scheduling shall electronically notify the Flight Attendant to advise them of the rescheduled report time and the report time will be in accordance with Section 10.J.11.a.

3. After Report but prior to Sequence's Origination

- a. Subject to the provisions of Paragraph J.1, once a Flight Attendant crew reports for a sequence, the Company may reschedule a Flight Attendant crew to maintain scheduled operations or substitute another crew on a part of the sequence to maintain scheduled operations in accordance with published timetables. A Flight Attendant rescheduled will receive an electronic notification. If the Flight Attendant does not electronically acknowledge the reschedule, Crew Scheduling will call to advise of the reschedule.

- b. The Company will make every reasonable effort to reschedule the entire crew together. However, in extenuating circumstances, the Company may split a Flight Attendant crew if such split is required in order to maintain schedule. The opportunity to be rescheduled shall be offered to the Flight Attendants in seniority order. If insufficient Flight Attendants volunteer to be rescheduled, assignments will be made in inverse seniority.
 - c. In the event a Flight Attendant crew reports for the origination of a sequence and such sequence is canceled in its entirety, the individual Flight Attendants in such crew may be rescheduled in the event that such rescheduling is required to prevent a delay or cancellation. The opportunity to be rescheduled shall be offered to the Flight Attendants in seniority order. If insufficient Flight Attendants volunteer to be rescheduled, assignment will be made in inverse seniority order.
 - d. A Flight Attendant, after the initial notification of a disruption to their sequence, will be electronically advised of their rescheduled sequence/assignment prior to four (4) hours after the originally scheduled sequence sign-in time or three (3) hours after the disruption is known, whichever is later.
4. After Origination (Departure of First Flight)
- a. Subject to the provisions of Paragraph J.1, once a Flight Attendant crew has originated a sequence, the Company may reschedule such crew to maintain schedule or substitute another crew on a part of the sequence to maintain scheduled operations in accordance with published timetables. A Flight Attendant rescheduled will receive an electronic notification. If the Flight Attendant does not electronically acknowledge the reschedule, Crew Scheduling will call to advise of the reschedule.
 - b. It is the intent of Paragraph J.4.a, the Company will make every reasonable effort to reschedule the entire crew together. However, in extenuating circumstances, the Company may split a Flight Attendant crew if such split is required in order to maintain schedule. A typical example of a situation where the entire crew may not be rescheduled together would be as follows:

Example: Two (2) Flight Attendant crews are on an overnight in CDG (a 777-300 crew and a 777-200 crew). If a Flight Attendant on the 777-200 sequence becomes ill just prior to their flight's departure, a Flight Attendant from the 777-300 crew, if legal to do so, may be rescheduled onto the 777-200 sequence, thus splitting the 777-300 crew and preserving the integrity of the schedule.
 - c. A rescheduled crew, after the initial notification of a disruption to their sequence will be electronically advised of their remaining duty assignment for that day and for the balance of the sequence within three (3) hours after the disruption is known. If not assigned replacement flying within the window above, the Flight Attendant shall be released for that duty day.
5. If a Reserve has been removed from a sequence prior to report time consistent with Reserve Duty, Section 12.O, the pay protections specified therein shall apply.
COMPANY AGREED 7.27.2023
6. If a Reserve's sequence cancels in its entirety or the Reserve is removed as specified in 12.L, the Reserve will be subject to the provisions of Section 12.M.
7. Return to Crew Base

At the time of rescheduling, the Company shall make every effort to schedule such Flight Attendant crew to arrive back in their crew base no later than the time they were originally scheduled to return. In no event will the Flight Attendant(s) be rescheduled beyond her/his originally scheduled return time unless the Company has unsuccessfully made every effort to provide Reserve coverage to continue the sequence from that point without causing a delay or cancellation. These provisions shall not be used to eliminate deadheading where no delay is involved.

8. More Than a Three (3) Hour Delay (After Report)

When a flight departure is delayed for more than three (3) hours, the Flight Attendant who is scheduled for such flight shall not be required to stand by and shall be relieved of duty at their request, provided that other Flight Attendants are available to replace them without increasing the delay. A Flight Attendant desiring to be released shall remain on duty until the relief Flight Attendant reports for duty. A Flight Attendant exercising this option shall forfeit any pay and credit that may be accumulated under any other Paragraph in Section 10.

9. Equipment Substitution

a. When different equipment is substituted prior to departure for an entire sequence, and positions are available in open time, only the required bid complement of Flight Attendant positions for the downgraded equipment will be staffed. If such sequence is staffed with a full complement at the time of the equipment substitution, only the required number of Flight Attendant positions for the downgraded equipment will be required and the most senior Flight Attendant(s) will be released and receive pay and credit at their hourly rate and all premiums, if applicable.

b. When different equipment is substituted for part of the sequence the Flight Attendant complement will be based on the number of bid positions for the remaining working legs on the largest aircraft remaining on the sequence. When the crew is operating the smaller aircraft, the most senior Flight Attendant(s) exceeding the required bid complement will occupy the jumpseat(s), if available, and will deadhead only if there is an insufficient number of jumpseats. The junior Flight Attendant(s) on the sequence, regardless of bid position, will fly the sequence and receive pay and credit at their hourly rate, and all premiums, if applicable. Any excess Flight Attendants that exceed the bid complement for the remaining working legs on the largest aircraft remaining on the sequence will be released, based on seniority, when transiting their crew base and be compensated for the sequence at their hourly rate and all applicable premiums.

10. A Flight Attendant, who is rescheduled in accordance with Paragraphs J.2, J.3, or J.4, will be guaranteed the pay value of their originally awarded or assigned sequence, as published in the electronic bid package or actual time, whichever is greater, including canceled segments. A sequence which does not appear on the electronic bid package, e.g., ferry flights, extra sections, etc., will be pay protected to the posted value of the sequence prior to its award or assignment. This pay protection will also apply to a Flight Attendant who is replaced as a result of a crew or equipment substitution.

11. Notification of Delay

a. When a Flight Attendant's originating trip of the day is delayed and they are notified of this delay and acknowledges the notification, their duty day begins at their rescheduled report time. If the Flight Attendant does not acknowledge the notification and they report for the original departure time, their duty day begins at the originally scheduled report time. However, if the electronic notification is three (3) hours or more prior to the originally scheduled departure time, they will be considered notified. Crew Scheduling will use its

best efforts to notify a Flight Attendant affected by a delay as soon as practicable after Crew Scheduling becomes aware of the delay.

- b. If a Flight Attendant is electronically notified less than three (3) hours prior to report that their trip has been cancelled in its entirety, the Flight Attendant will be paid three (3) hours flight time pay, no credit regardless of whether the Flight Attendant reported to the airport.

12. Changeover Sequence

- a. A changeover sequence is defined as a replacement sequence that modifies an originally awarded or assigned carryover sequence and is placed on a Flight Attendant's schedule no later than the tenth (10th) day of the calendar month in which the trip originates.
- b. A Flight Attendant holding a carryover sequence which subsequently becomes a changeover sequence shall not be required to accept such sequence which results in different city pairs, layover cities, or causes the sequence to operate on additional days or to not operate on a day(s). A Flight Attendant electing to be removed from a changeover sequence must electronically notify Crew Scheduling by no later than 1100 DFW on the fifteenth (15th) of the calendar month for which the trip originates. The Flight Attendant shall forfeit all applicable pay protection for the sequence and all line guarantees associated with the dropped sequence.
- c. A Flight Attendant that holds the carryover sequence at the time it becomes a changeover sequence and flies the changeover sequence will be pay protected to the value of the original carryover sequence scheduled hours at the time of assignment pursuant to Paragraph 10.J.10. As an exception to the requirement to hold and fly the carryover sequence which subsequently becomes a changeover sequence, a Flight Attendant that holds the qualifying changeover sequence but is removed pursuant to another provision that requires pay protection (e.g., 10.K. Illegal Through No Fault) will be pay protected based on the value of the original carryover sequence.
- d. A Flight Attendant not holding the carryover sequence at the time it becomes a changeover sequence will not be eligible for the pay protections based on the original carryover sequence value. In this case, pay protections for the changeover sequence will be based on the value of the sequence at the time it was placed on the Flight Attendant's schedule.

K. ILLEGAL THROUGH NO FAULT

1. If, after the time of award, a Flight Attendant becomes illegal (contractual or FAR) through no fault of their own to originate their sequence, such Flight Attendant shall have the option of splitting on to the sequence, once they become legal at the point the sequence passes through her/his crew base. If the sequence does not pass through the Flight Attendant's crew base, the Flight Attendant will be permitted to pick up the sequence at the point where they become legal. However, if it is impractical for the Company to split the Flight Attendant on to the sequence, the Flight Attendant shall be released from the sequence and paid the value of the originally scheduled sequence. To receive pay protections under this Paragraph, the Flight Attendant must be FAR Illegal, a Lineholder or a Reserve on an ETB/TTS/UBL trip, except as provided for in Paragraph K.1.b.

Example: A Flight Attendant arrives in late Monday night from their sequence and becomes FAR illegal for the following two-day sequence on Tuesday/Wednesday PHX-LGA-RON-LGA-PHX. It would be impractical for the Company to deadhead the Flight Attendant to LGA fly the LGA-PHX segment as the Company already had the sequence covered by another Flight Attendant. In this situation, the Flight Attendant would not be permitted to split on the trip and would receive pay and credit for the entire sequence as it was flown by a substitute crew.

- a. For sequences other than such Flight Attendant's last sequence or series of sequences of the bid month, such Flight Attendant shall be paid and credited for any portion(s) of the sequence flown by a substitute crew, up to the point where the Flight Attendant splits back on or could have split back on.
 - b. As an exception to Paragraph K., a Reserve awarded a sequence via the ETB/TTS/UBL on Flex Days and subsequently awarded/assigned a sequence by Crew Scheduling on Flex Days prior to such ETB/TTS/UBL trip will not be afforded pay protection. A Reserve awarded a sequence on a Flex Day(s) shall only be assigned a sequence in accordance with Paragraph G.4.
 - c. If such sequence was the Flight Attendant's last sequence or series of sequences of the bid month, the Flight Attendant shall be paid and credited in accordance with Paragraph L.4.
2. Illegal After Time of Award But Prior to Origination

- a. If, after the time of award but prior to origination, a Flight Attendant remains legal for the origination of their sequence but is projected to become illegal through no fault of their own to complete such sequence, the Flight Attendant must originate the sequence and split off at the latest point it passes through their crew base and they remain legal. If the sequence does not pass through the Flight Attendant's crew base, prior to them becoming illegal, the Flight Attendant will be required to split the sequence at the point prior to when they become illegal.
- b. Such Flight Attendant shall be paid and credited for any portion(s) of the sequence flown by a substitute crew after the point where the Flight Attendant splits off. In the event such sequence is the Flight Attendant's last sequence or series of sequences of the bid month, the Flight Attendant shall be paid and credited for the remainder of the sequence regardless of whether the remainder of the sequence was flown by a substitute crew.
- c. Notwithstanding the foregoing, the Flight Attendant may request, and the Company may consent, to drop the sequence and any pay protection would be waived.

3. Illegal After Origination (Departure of First Flight)

If, after originating a sequence a Flight Attendant becomes illegal to complete the sequence, such Flight Attendant shall be split off at the latest point the sequence passes through their crew base and they remain legal. If the sequence does not pass through the Flight Attendant's crew base prior to them becoming illegal, they shall be split off at the point of illegality. In either circumstance the Flight Attendant will be pay protected for any portion(s) flown by a substitute crewmember after splitting off. If such sequence is the Flight Attendant's last sequence or series of sequences of the bid month, the Flight Attendant shall be paid in accordance with Paragraph L.4.

L. LAST SEQUENCE OF THE MONTH PAY AND CREDIT

1. When a Lineholder's last series of sequences in a bid month is cancelled in its entirety, or when a Lineholder is illegal through no fault to originate their last sequence of the bid month, the Lineholder shall be paid and credited for the entire sequence.
2. When a Lineholder becomes illegal after origination (whether such illegality is known prior to or after origination) for a portion(s) of their last sequence of the bid month, the Flight Attendant must originate such sequence and shall be split off at the latest point the sequence passes through their crew base and the Flight Attendant remains legal. If the sequence does not pass

through the Flight Attendant's crew base prior to them becoming illegal, the Flight Attendant shall be split off at the point of illegality. In either circumstance, the Flight Attendant will be paid and credited for the portion(s) of the sequence for which they were illegal.

3. If a Lineholder is unable to originate their last sequence of the bid month because the origination has cancelled (whether known prior to or after report), the Company may request the Flight Attendant to split onto such sequence, and the Flight Attendant must split on subject to the following conditions:
 - a. The notification of the split must occur prior to the completion of the first scheduled duty period of such sequence. When a Lineholder reports to the airport and signs in for the sequence and is subsequently notified of the split, they will be provided with hotel accommodations in the event the sequence does not originate on the same day.
 - b. The Company's request must be made pursuant to Paragraph J.
 - c. The Flight Attendant shall be pay protected for the cancelled portion(s) of such sequence.
 - d. If the Company does not make such request, the Flight Attendant shall be released and pay protected for the entire sequence.
4. If a Lineholder is legal to originate and to complete their last sequence of the bid month, but some portion(s) of such sequence are cancelled, the Lineholder will be pay protected for the cancelled portion(s) but will be obligated to fly the portion(s) of the sequence that are not cancelled.
5. After origination, a Flight Attendant on their last trip of the month may be rescheduled in accordance with Paragraph J.4.
6. A Reserve who is legal to originate a trip on days off is eligible for last sequence of the month pay protection as described in Paragraph L., for a sequence(s) scheduled on days off provided the Reserve:
 - a. has completed their last Reserve sequence for the month (after calling out of time); or
 - b. has completed their last Reserve sequence for the month and has no Reserve Days remaining for the month

M. SEQUENCE SPLITS

1. All sequence splits shall be limited to the Flight Attendant's crew base except:
 - a. When a Flight Attendant must split a sequence to comply with an involuntary legality after sequence award;
 - b. For emergency of a personal nature;
 - c. For sick;
 - d. At Company request;
 - e. In accordance with the provisions of Training, Section 29;
 - f. For a Reserve in accordance with Reserve Duty, Section 12.L.

2. Company Initiated Splits or Replacement Flight Attendants

- a. A Flight Attendant who splits onto or off of a sequence shall receive Trip Rig and Duty Rig from the point at which the sequence is split, except that duty time related to deadheading will only be paid for the replacement Flight Attendant unless such split is made at Company request.
- b. The sequence will be recalculated and a five (5) hour average duty period established for each day of the sequence.

3. Flight Attendant causing the Split

- a. Trip rig does not apply.
- b. Duty Rig calculated for duty periods completed prior to/following the day of the split only, as applicable.
- c. The greater of the three (3) hour minimum day or the scheduled or actual segments flown, or actual if greater, for duty periods completed prior to/following the day of the split, if applicable, and actual pay for the day of the split.
- d. There shall be no pay or credit for a deadhead generated as a result of such split.

Pay/Credit Provision for Split Trips	Company Initiated Splits and Replacement Flight Attendant (the one who did not cause the split.)	Flight Attendant causing the split-Sick, Emergency, Personal, Bereavement, Union Business, Reserve split for ETB, Stuck Commuting
Trip Rig and Per Diem	Calculated to/from point of split, including any necessary deadhead and report and de-brief.*	Trip Rig does not apply. Per Diem ends following the last segment worked.
Duty Rig	Calculated to/from point of split, including any necessary deadhead and report and de-brief.*	Duty rig calculated for duty periods completed prior to/following the day of the split only, as applicable.
Minimum Day	The sequence will be recalculated and a five (5) hour average duty period established for each day of the sequence.	The greater of the three (3) hour minimum day or scheduled or actual segments flown, for duty periods completed prior to the day/following the day of the split, if applicable, and actual pay for the day of the split.

- 4. *Deadhead pay applies to/from the point of the split. When a duty period consists solely of a deadhead flight into position to pick up or to return to base from a split trip, the Flight Attendant will receive the greater of the three (3) hours or actual deadhead time.

N. SEQUENCE TRADES DAY OF DEPARTURE

A Flight Attendant, on the day of departure, may electronically exchange sequences or positions on sequences which depart on the same day at a crew base.

O. PROJECTION AND ADJUSTMENT

- 1. General

- a. Upon publication of a Flight Attendant's PBS award, a monthly bidding credit window shall be established between forty (40) credited hours and one hundred fifteen (115) credited hours of Company Time (including any Vacation, etc.) in their line.
- b. When a change in contractual month occurs during a sequence, pay and credit for the time flown before midnight shall be paid and credited to the month in which the Flight Attendant originated the flight. In the event a duty period actually terminates on the last day of the month, but the arrival time at the crew base, based on local time of the last point of departure, flying time and credit associated with the duty period would extend past midnight, such time will be paid and credited in the following month. Midnight shall be determined on the basis of local time at the point of last take off.
- c. Accumulated actual credit, when added to future scheduled activity, shall constitute a Flight Attendant's projected credited time.
- d. Sequences picked up while utilizing ETB will increase a Lineholder's projection and their TTS maximum bidding credit window. Sequences dropped utilizing the ETB will reduce a Lineholder's projection and their TTS maximum bidding credit window. Except for adjustments because of ETB activity, the TTS maximum shall remain constant throughout the month.
- e. Once awarded by PBS, TTS, Daily Scheduling or ETB, each Flight Attendant will be obligated to all sequences in their line.
 - i. The Flight Attendant shall be responsible for all self-initiated changes to their schedule.
 - ii. If a Flight Attendant fails to check-in for a sequence within ten (10) minutes past the scheduled report time, Crew Scheduling may remove the Flight Attendant from the sequence without pay protection. However, if a Flight Attendant arrives at the aircraft with sufficient time to change the manifest, Crew Scheduling will allow the Flight Attendant to fly the sequence even if a Standby Reserve has been assigned.

2. Over Projection and Under Projection

- a. TTS or Daily Scheduling transactions must result in a projected credited time value within the bidding credit window, however in the event that actual accumulated credit, plus future scheduled activity results in a credit projection above or below the bidding credit window, TTS or Daily Scheduling may be used to adjust such over or under projection.
- b. When over projected, TTS or Daily Scheduling transactions may result in a projected credited time value higher than the bidding credit window, however until projected credited time is within the bidding window, each TTS or Daily Scheduling award must be equal to or reduce the Flight Attendant's projected credited time.
- c. When under projected, TTS or Daily Scheduling transactions may result in a projected credited time value lower than the bidding credit window, however until projected credited time is within the bidding window, each TTS or Daily Scheduling award is equal to or increases the Flight Attendant's projected credited time.

3. Involuntary Over Projection

- a. If due to circumstances beyond the control of the Flight Attendant, their projected credited time exceeds the bidding credit window, the Flight Attendant may utilize TTS or Daily Scheduling to reduce their projection or, if not, fly over the monthly maximum and be paid as specified in Paragraph O.3.b. In order to reduce the Flight Attendant's projection to their applicable monthly maximum, Daily Scheduling and the Flight Attendant shall

mutually agree on the sequence(s) to be dropped, with the understanding that coverage requirements may dictate which portion or sequence will be given up to adjust projected time. In the event the only sequences remaining to be dropped are sequences that touch a protected holiday and the Flight Attendant's last trip of the month, the protected holiday sequence will be maintained on the Flight Attendant's schedule.

- b. If by the end of the month, a Flight Attendant does not utilize TTS or Daily Scheduling to reduce their projection to within the bidding credit window, payment for such excess time will be made on the fifteenth (15th) day of the following month.

P. LAST LIVE LEG

A Lineholder or a Reserve released into a day off or on a day off, or released for a future sequence assignment may fly another Flight Attendant's last live leg for them provided all parties adhere to the following:

1. A Flight Attendant swapping onto the flight segment must ascertain that their name appears on the flight plan;
2. Any Flight Attendant swapping onto a flight segment must inform Crew Scheduling in advance of such swap and provide the names of the Flight Attendants involved. Both Flight Attendants must make the request electronically. The Company shall attempt to confirm the swap within fifteen (15) minutes of the request. The Company will check legalities and notify the Flight Attendants with accept or reject. A Flight Attendant swap shall not create a delay in passenger boarding or departure;
3. A Flight Attendant swapping onto the flight must be legal to do so. In the event the last live leg is followed by a deadhead, the Flight Attendant swapping onto the live leg must also be legal for the deadhead leg. In the event the deadhead leg becomes a live working segment, the replacement Flight Attendant would be required to work such segment and must be legal to do so. It will be the individual Flight Attendant's responsibility to ascertain that the swap and their own sequence, if applicable, will be in compliance with all applicable FARs. e.g., the combination cannot exceed the Flight Attendant FARs or the combination cannot trigger a compensatory rest violation on the replacement Flight Attendant's sequence. A Flight Attendant accepting a last live leg waives their duty and block limitations and rest requirements up to the Flight Attendant FARs;
4. A Flight Attendant swapping onto the flight segment(s) will not be eligible for pay for the flight(s) flown. No pay protection will be provided should the Flight Attendant swapping onto the segment(s) become illegal for their own sequence.

Q. STAFFING

1. The Company will pay understaffing pay for each segment identified as needing an additional position(s) if such position is not covered in accordance with the pre-determined parameters. An aircraft lacking one (1) or more Flight Attendant(s) in accordance with the parameters established by the Company will result in the payment of understaffing on the understaffed segment(s) as specified in Compensation, Section 3.
2. The current published staffing guidelines shall be used to determine the number of bid positions and the total number of Flight Attendants who will be assigned to flights with variable manning. Thereafter, the Company may establish, at its discretion and from time to time, new staffing formulas. These formulas shall be made available to Flight Attendants, and APFA shall be notified of a change forty-five (45) days prior to implementation of the new formula. Staffing formulas shall specify increments based on the type of equipment, level of service, flying time and passenger load, as determined by the Company.

3. While it is understood that the Company shall have discretion in changing staffing or service levels, the APFA shall be afforded a safeguard against the Company abusing that discretion. Accordingly, APFA shall have the right to file a Presidential Grievance if the Company abuses its discretion by assigning an unreasonable workload to Flight Attendants.
4. The APFA shall have three (3) months from date of implementation of a change in staffing or service level to file a Presidential grievance which shall be processed in accordance with the Presidential grievance procedures set forth in the Collective Bargaining Agreement.

R. TELEPHONE RECORDING AND RULES

1. All telephone conversations between Flight Attendants and Crew Scheduling, with the exception of Managers and above, involving scheduling matters shall be recorded.
2. The phone recording system will provide a method of indication of the time, date of the call and the number called. Such recordings shall be kept for ninety (90) days and shall be made accessible to each National Scheduling Chair or their designee on a need to know basis. In the event of a dispute, the tapes will be kept until the dispute is settled.
3. If, for any reason, a recorded conversation is missing, erased or is otherwise inaudible, a prompt review of the incident in question will be made by the Director of Crew Scheduling or their designee upon written request from the respective National Scheduling Chair. If the gap in any recording or the content of the missing information cannot substantiate the Company's position, then the affected Flight Attendant shall receive the benefit of the doubt.
4. Upon being notified by a representative of the APFA that a recording needs to be retrieved, and the date, approximate time, and scheduler's name is provided, the Company shall forward the recording to the APFA within five (5) business days.
5. Flight Attendant phone numbers and schedule information will not be given out by Crew Scheduling unless the Flight Attendant has given specific authority to do so. However, APFA emergency numbers, as provided by the APFA for this purpose, will be made available on request.
6. When calling a Flight Attendant, Crew Scheduling employees must identify themselves by Company and department to the person answering the telephone.
7. Recordings will be reviewed when a complaint or concern is raised by either the Flight Attendant or Crew Scheduling. The Company shall retain the recordings for a period of ninety (90) days. Either party may request retention of a relevant recording associated with contractual issues relating to pay, planning, or scheduling or issues relating to the Company's policy against harassment and/or discrimination beyond the ninety (90) day period. Such recording(s) will be retained until both parties agree that the specific issue has been resolved. When an issue is identified by either party, the recording may be reviewed by a representative of both the Company and the APFA. Recordings, transcripts, copies, or information obtained from a recorded conversation may not be used in any disciplinary proceeding or process.

S. FLIGHT ATTENDANT POSITIONS

Flight Attendant shall be able to bid and be awarded by position in PBS, TTS, and ETB. A Flight Attendant may not be displaced from their awarded or assigned position on their sequence regardless of how the Flight Attendant acquired the position (e.g., PBS, ETB, TTS, Reserve processing), except as provided for in International Flying, Section 14.L.1.e. A Flight Attendant on a flight who requests a position upgrade on the TTS Unsuccessful Bidders list to another position

on the same flight, will receive the position upgrade prior to a Reserve being assigned the position as specified in accordance with Paragraph F.6.

T. CREW SCHEDULING ERRORS – MISAWARDS

1. Double Covered Positions

a. Lineholder/Reserve on a Day Off

- i. When a Lineholder is awarded/assigned a sequence from the monthly bid awards, TTS/UBL, ETB, or a Reserve with a sequence on an off day, but at check-in time is not listed in their awarded/assigned position, they may not be forced off the sequence. The Flight Attendant who was awarded/assigned the sequence first shall have priority to work the trip. The opportunity to be released as a result of Crew Scheduling error will be determined by System Seniority.
- ii. A claim for the first duty period, or first two (2) duty periods, if applicable, will apply or three (3) duty periods if the sequence checks in too late for the Lineholder to bid in that day's TTS. The affected Lineholder's pay for the remainder of the double covered sequence shall be protected if the Lineholder goes on the Unsuccessful Bidder's List to be made whole by requesting a "like" sequence(s) i.e., comparable check-in/out times, number of days, Domestic for Domestic, IPD for IPD, and NIPD for NIPD.
- iii. If a claimant flies a sequence after the pay protected duty period(s) worth more time than the originally scheduled (double-covered) sequence, they may claim the pay protected duty period(s) in addition to the sequence flown.
- iv. A Flight Attendant shall not be required to split a sequence to be pay protected.

b. Reserve on a Reserve Day

- i. If at sign-in, a Reserve on a RSV Day is taken off a sequence because of double coverage, they shall be considered "on-duty", as defined in Definitions, Section 2.
- ii. The Reserve shall be required to remain available for further scheduling purposes on that same day, unless released by Crew Scheduling. If required to remain available, the Reserve will be placed on Standby duty (not to exceed six (6) hours) for the remainder of their RAP. If the Reserve was not originally on a RAP, then the Reserve will be placed on a Standby shift not to exceed six (6) hours. However, in accepting any further sequence assignment that day, the Reserve's report time for the original sequence will be used in determining their applicable maximum duty day.
- iii. The Reserve must remain available for all calendar days of the potential misaward, including days off when applicable.
- iv. A Reserve who is assigned a different sequence(s), including any applicable Standby pay, of a lesser value shall be pay protected to the value of the double covered sequence.
- v. If a Reserve on a RSV Day is taken off a sequence because of double coverage and subsequently receives another sequence from Crew Scheduling, all applicable scheduling parameters in this Agreement shall remain intact (i.e., duty day limitations).
- vi. A Reserve shall not be required to split a sequence to be pay protected.

2. Misawards (Lineholder or a Reserve on a day(s) off or released into a day off)

- a. General - Misawards in TTS/UBL, ETB, and ROT/D
- i. Misawards include errors that occurred in TTS/UBL, ETB, ROT/D, and trips removed in error by the Company through no fault of the Flight Attendant.
 - ii. To be eligible for pay protection for a misawarded sequence, even if not yet confirmed, a Flight Attendant must submit an electronic claim (e.g., Direct Connect) and include all information related to the potential misaward within 96 hours of the misaward. A Flight Attendant who submits for pay protection after the deadline will forfeit any applicable pay protection.
 - iii. A Lineholder who chooses to fly the misawarded sequence shall be paid at the rate of one hundred and fifty percent (150%), and credited at one hundred percent (100%), if the misaward is confirmed. A Reserve on a day off who chooses to fly the misawarded sequence will be paid at the rate of 150% pay, no credit.
 - iv. The Flight Attendant with a confirmed misaward who chooses to be removed from the sequence must follow the misaward procedures in Paragraph T.2 to be pay protected.
 - v. A Flight Attendant shall follow the misaward procedures in Paragraph T.2 even if the potential misaward has not been verified to be eligible for pay protection.
 - vi. Pay protection is based on the original value of the sequence at the time of the award/assignment.
 - vii. A Flight Attendant shall not be required to split a sequence to be pay protected.
 - viii. Only one Flight Attendant will be paid for a misawarded sequence. Pay protection will be paid to the most senior Flight Attendant who files for pay protection within the time constraint of the misaward procedures (10.T.2.ii).
 - ix. The time constraint of the misaward process must be met to ensure pay protection. A Flight Attendant who submits for pay protection after the deadline will forfeit pay protection.
 - x. If a Flight Attendant picks up a sequence for pay protection and subsequently drops the sequence in TTS/UBL or ETB, pay protection for the misaward will be negated.
 - xi. A Flight Attendant required to bid "Like Sequences" must include all sequences with:
 - (a) Report Time: at least one (1) hour before/after the report time on the first day of the potentially misawarded sequence
 - (b) Release Time: at least one (1) hour before/after the release time of the last day of the potentially misawarded sequence
 - (c) Duty: same type (Domestic for Domestic, NIPD for NIPD, IPD for IPD) from the same base/co-terminal
 - (d) A Flight Attendant may opt for a greater number of days when bidding for a "like sequence", however the comparison for pay protection is based on the original trip and the actual trip flown.

xii. A Flight Attendant (Lineholder or a Reserve on a day(s) off or released into a day off) who receives pay protection per the misaward process will be eligible to pick up Company/open time. A Lineholder may pick up via TTS/UBL and be paid in addition to the protected sequence. A Reserve on a day(s) off may pick up on TTS/UBL and be paid in addition to the protected sequence. A Lineholder or a Reserve on a day off that is being pay protected in Section 10 may conduct ETB transactions outside the footprint of the originally scheduled pay protected sequence (sequence at the time of assignment). Any ETB sequence picked up within the footprint of the originally scheduled pay protected sequence will negate pay protection.

b. Trip Trade System (TTS) Misaward Process

- i. The Flight Attendant must submit an electronic claim (e.g., Direct Connect) within 96 hours of the run with the potential misaward.
- ii. The Flight Attendant must bid for all “like sequences” on each calendar day(s) of the potential misaward for a minimum of three (3) TTS runs.
- iii. If unable to bid in TTS, the Flight Attendant must bid to pick up all “like sequences” from UBL on the day prior to origination and on each subsequent day using the same criteria. The bid may be removed at 1500 HBT the day prior to the final duty period.
- iv. To file for pay protection, the Flight Attendant must submit an updated electronic claim (e.g., Direct Connect) with the three (3) TTS/UBL runs and include any awarded sequence(s).

TTS Misaward Example:

FA Smith is potentially misawarded a 3-day sequence in TTS originating on June 1	
May 30	FA Smith identified the potential misaward at 0800 HBT. FA Smith will need to ballot for all 3-day “like sequences” in the May 30 TTS run for June 1 (note: must check “pass to UBL”)
May 31	If unsuccessful in TTS on May 30, ballot is passed to UBL (May 31) and must remain until 1500 HBT for a 3-day trip originating on June 1. If unsuccessful on UBL by 1500, FA Smith must update the UBL bid for all 2-day “like sequences” originating on June 2.
June 1	If unsuccessful on UBL for any 2-day sequence originating on June 2 by 1500, FA Smith must update the UBL bid for all 1-day “like sequences” originating on June 3.
June 2	If unsuccessful on UBL by 1500 on June 2, no further obligation.

A Flight Attendant may opt for a greater number of days when bidding for a “like sequence”, however the comparison for pay protection is based on the original trip and the actual trip flown.

c. Unsuccessful Bidders List (UBL) Misaward Process

- i. The Flight Attendant must submit an electronic claim (e.g., Direct Connect) within 96 hours of the run with the potential misaward.
- ii. The Flight Attendant must remain on UBL and bid for all “like sequences” between 0400 HBT and 1500 HBT the day prior to the origination of the potential misawarded sequence and each subsequent day using the same criteria. The bid may be removed at 1500 HBT the day prior to the final duty period.

- iii. If misawarded on the UBL for the same day of origination and/or after 1500 HBT the day prior to the duty, the Flight Attendant will be pay protected for that duty period, provided they fulfill the obligation for the entire misawarded sequence.
- iv. To file for pay protection, the Flight Attendant must submit an updated electronic claim (e.g., Direct Connect) with the UBL runs balloted for and include any awarded sequence(s).

UBL Misaward Example:

FA Wilson is potentially misawarded a 3-day sequence in UBL originating on June 1	
May 31	FA Wilson identified the potential misaward at 1600 HBT and has no obligation for June 1, but FA Wilson must ballot in UBL for a 2-day "like sequences" originating on June 2
June 1	If unsuccessful on UBL for any 2-day sequence originating on June 2 by 1500, FA Wilson must update the UBL bid for all 1-day "like sequences" originating on June 3.
June 2	If unsuccessful on UBL for any 1-day sequence originating on June 3 by 1500, no further obligation.

A Flight Attendant may opt for a greater number of days when bidding for a "like sequence", however the comparison for pay protection is based on the original trip and the actual trip flown.

d. Electronic Trade Board (ETB) Misaward Process

- i. The Flight Attendant must submit an electronic claim (e.g., Direct Connect) within 96 hours of the run with the potential misaward.
- ii. The Lineholder must bid for all "like sequences" only in TTS/UBL immediately following the potential misaward for each calendar day of the original sequence. The Reserve on days off must bid for all "like sequences" only in ROTA or TTS/UBL immediately following the potential misaward for each calendar day of the original sequence.
- iii. The Flight Attendant must contact Crew Scheduling if their TTS MAX needs to be increased in order to bid.
- iv. To file for pay protection, the Flight Attendant must submit an updated electronic claim (e.g., Direct Connect) with the runs balloted for and include any awarded sequence(s).

e. Reserve Open Time Assignment/Daily (ROTA/D) Misaward Process (trips originating on Reserve Days)

- i. The Reserve must submit an electronic claim (e.g., Direct Connect) within 96 hours of the run with the potential misaward.
- ii. The Reserve must remain available for all calendar days of the potential misaward, including days off when applicable.
- iii. To file for pay protection, the Reserve must submit an updated electronic claim (e.g., Direct Connect) with all awarded/assigned sequence(s) and/or days available for pay protection.

- f. Preferential Bidding System (PBS) Misaward Process refer to Paragraph 10.D.15.
- g. Crew Scheduling or Inflight Manual Trip Removal Errors - Misaward Process
 - i. Upon notification of the error by the Company or the Flight Attendant, Crew Scheduling/ Inflight will return the sequence(s) and position(s) to the Flight Attendant's line, if available from open time.
 - ii. If only one sequence was removed in error and it is no longer available in open time, the Flight Attendant will be pay protected with no obligation, if an electronic claim (e.g., Direct Connect) is filed within 96 hours of notification of the error.
 - iii. If multiple sequences were removed in error and one or more are no longer available in open time, the Flight Attendant must bid in three (3) TTS run for all positions for each of the specific sequence(s) lost, on each of the trip origination dates lost.
 - (a) If the first sequence originates within one (1) day from removal, the Flight Attendant must bid in UBL until 1500 HBT the day prior to the origination of the lost sequence for the specific sequence lost. If that isn't possible (e.g., FA unaware until ROTA runs the following day) then no obligation for the first sequence.
 - (b) The Flight Attendant must file an electronic claim (e.g., Direct Connect) within 96 hours with the specific details including the TTS run numbers for pay protection.

3. Crew Scheduling Error – After Report

Once a Flight Attendant has reported for a sequence, any violation of the Scheduling, Hours of Service, Speaker, International or Reserve Sections of this Agreement shall be paid at time and a half for the entire sequence (one hundred percent (100%) pay and credit and fifty percent (50%) pay no credit). This provision shall not apply to Crew Scheduling errors in otherwise addressed in 10.T.1-2. In the event a dispute exists over whether a violation of this Agreement has occurred, the matter will be resolved through Dispute Resolution and Grievance Procedures, Section 30 and System Board of Adjustment, Section 31.

U. SATELLITE BASE(S)

1. General

- a. APFA and the Company must mutually agree to the opening of any new satellite base and to which crew base city the satellite base is linked.
- b. The Company will determine, and on a month-by-month basis, the number of trip sequences that originate from any satellite base. It is understood that the Company may determine in any particular month to offer no sequences originating from any satellite base.
- c. At any time, the Company or the APFA may unilaterally close a satellite base(s) by providing written notice to the other party. In the event a satellite base is closed, the Company will cease using the satellite base no later than two (2) months following the written notice of closure.
- d. Each satellite base will be provided one (1) Satellite Base Coordinator, and the Company will pay fifteen (15) hours flight pay and credit to the Satellite Base Coordinator.
- e. An electronic notification system shall be used to notify satellite Flight Attendants when satellite trips become available. The Satellite Base Coordinator shall assist in facilitating

coverage of satellite sequences originating from the satellite base which remain open after UBL processing.

2. Eligibility for Trip Sequence Awards and Assignments

- a. All active Flight Attendants in an active bid status who are based at the crew base city to which the satellite base is linked may bid for the trip sequences that originate from the satellite base.
- b. Flight Attendants awarded a trip sequence originating from the satellite base shall be responsible for their own transportation to and from the satellite base without exception.
- c. A Flight Attendant who fails to submit a bid or who fails to bid for a sufficient number of sequences shall not be assigned a satellite base trip sequence. Any trips not assigned in PBS or TTS shall not be counted towards the three percent (3%) open time limitations.

3. Lineholder Trip Sequence

All satellite base trip sequences will originate and terminate at the satellite base city with no allocated ground deadhead as either the first or last segment of the sequence.

4. Reserve Sequences

The Company will not assign a Reserve Flight Attendant to a satellite base sequence.

5. Filling of Open Time

Satellite open time will be filled in accordance with the provisions of Paragraph 10.E. An open sequence will require a deadhead (including a surface deadhead) to and from the satellite base at the beginning and end of the sequence if such open sequence is involuntarily assigned to the Flight Attendant (e.g., reserve assignment). Flight Attendants who are awarded a satellite open sequence shall be responsible for their own transportation to and from the satellite.

6. Trip Trades

- a. Flight Attendants who are awarded trip sequences originating from the satellite base may use all the provisions of the TTS, including trades involving sequences originating from the satellite and crew base.
- b. Flight Attendants who are awarded trip sequences originating from the satellite base may trip trade with other Flight Attendants at the same crew base, including trades involving sequences originating from the satellite base
- c. Flight Attendants who trade for or pick-up sequences originating from the satellite base shall be responsible for their own transportation to and from the satellite base.
- d. In no case will a Flight Attendant holding a trip sequence at the satellite base be permitted to drop such trips into TTS.
- e. The ETB system shall have a separate tab dedicated to Satellite base trips and Satellite base trips will only be displayed on this tab.

7. Administrative Support

The Company will continue to provide administrative support (e.g., Flight Attendant company mailboxes, access to manual revisions, etc.) at the crew base only, and in no case will the Company be required to provide administrative support of any kind at a satellite base.

8. Parking

For purposes of employee parking provided in Expenses, Section 4, the satellite base shall not be considered the Flight Attendant's base city. The Company will provide parking at either the crew base city, satellite base or American Airlines or its wholly owned carriers station of the Flight Attendant's choice. In no case will the Company be required to provide parking that exceeds the scope of the parking provisions contained in Expenses, Section 4.

V. GENERAL

1. The seniority provisions of the agreement allow Flight Attendants to bid for trips of their choosing. The Company and APFA may mutually agree upon objective metrics to ensure Flight Attendants are not utilizing the scheduling systems to circumvent seniority. If, upon applying these objective metrics, the Company determines that seniority provisions are being used to circumvent seniority, the Flight Attendant may be restricted from utilizing TTS, UBL, and ETB. Nothing herein is intended to restrict or otherwise limit the legitimate uses of seniority.

2. The Company shall furnish a Flight Attendant with an electronic statement of their monthly flight time. If a discrepancy exists between the Company's records and the Flight Attendant's records, and the affected Flight Attendant desires to reconcile the discrepancy, such Flight Attendant will furnish the Company with a statement of their flight time by sequences for the bid month involved, and the Company agrees to make the necessary reconciliation.

3. Temporary Phone Numbers

A Flight Attendant is required to have a primary telephone contact. A Flight Attendant may have a secondary number on file with Crew Scheduling. However, in the event the Flight Attendant needs to use a temporary number, the Flight Attendant must update in the Crew Management System their new phone contact for each applicable date. Crew Scheduling will call a Flight Attendant first at the primary telephone number and then the secondary number, if supplied.

4. A Reserve working a trip on their day off shall be treated as a Lineholder for that trip for all purposes of this Agreement, e.g., rescheduling, illegal through no fault of their own, double covered trips.

5. In circumstances when a Flight Attendant is entitled to pay protection, such pay protection shall be inclusive of applicable premiums (i.e., Speaker, International, Lead Pay, Aft and Galley) from the original trip, except when: 1) the payment of such premium is excluded elsewhere in the agreement; 2) pay protection is a daily credit; or 3) pay protection is for Sick, Training, Holding, Jury Duty, Bereavement, Holiday, Settling/Moving Days, Call Out Pay, and Compensation for Hotel Delays. Premium protections are applicable to PBS Primary Lineholder or the Flight Attendant holding the applicable position at the trip origination.

In the event of an equipment downgrade, a Flight Attendant released with pay protection will be provided applicable premiums as specified in Paragraph J.9. A Flight Attendant who is not released shall receive the premiums applicable to the downgraded equipment.

6. Unless otherwise required in this Agreement, the Lead Flight Attendant will be responsible for communicating with Crew Scheduling. In no event shall a Flight Attendant accept a change in itinerary from anyone other than Crew Scheduling, a Company designee, e.g., member of

management, Inflight Management or the Captain. Notwithstanding the above, a customer service agent may inform the Flight Attendant of the need to contact Crew Scheduling for possible change of itinerary.

7. There shall be no charge for a Flight Attendant to access or interface with any of the various scheduling systems, e.g., ETB, PBS, TTS, Reserve information, from the Flight Attendant's own internet connection.

8. Trips Removed

A Flight Attendant who is relieved from flying duties for a paid absence including, but not limited to, vacation, sick leave, training, jury duty, union leave, displacement, bereavement, shall not assume the legality of the trip sequence(s) from which the Flight Attendant is removed.

A Flight Attendant who is relieved from flying duties for a Pay Purpose Only (PPO) line will be restricted from flying within the footprint of the sequence (report to release). A Flight Attendant removed from a Reserve Day will be restricted from flying on the Reserve Day.

9. The Company will require Flight Attendants to be trained on all aircraft included in Section 37.D.

W. ELECTRONIC COMMUNICATIONS SYSTEM(S) (ECS)

1. The Company will develop an Electronic Communication System (ECS) which will allow the Flight Attendants to initiate, receive, and respond to electronic notifications as specified in this Agreement. The intent is for ECS to be the primary means of communication between the Company and the Flight Attendant regarding the Flight Attendant's schedule. The parties agree to explore opportunities to expand electronic communication to areas beyond those specified in this Agreement and to continue to work on an ongoing basis to develop such areas.
2. The Electronic Communication System (ECS) will allow the Company to use electronic notification as specified in this Agreement.
 - a. The Company will provide a device compatible with the ECS. The device used as an Electronic Flight Bag (EFB) may fulfill this requirement. At the Flight Attendant's option the ECS may be accessed on the Flight Attendant's personal device, provided it is compatible with ECS. The Company, however, retains discretion to limit access to personal devices should privacy or security concerns be identified. The Company shall discuss and work to mitigate any such privacy and security concerns with APFA.
 - b. ECS shall provide for two-way communication (receive and respond) as provided for in this Agreement.
3. Storage and ECS Messages
 - a. All ECS messages will be stored for no fewer than ninety (90) days and will include the date and time of each communication.
 - b. Notifications, messages, and responses/confirmations will be accessible to the Flight Attendant in the ECS for ninety (90) days. When an issue is identified by either party, including an individual Flight Attendant, the message(s) may be reviewed by a representative of the Company and the APFA Scheduling or Contract Chair or their APFA designee.

- c. Either party may request retention of relevant ECS messages associated with contractual issues relating to pay, planning, or scheduling or issues relating to the Company's policy against harassment and/or discrimination beyond the ninety (90) day period. Such messages will be retained until both parties agree that the specific issue has been resolved.
4. The ECS will only be utilized where agreed upon in this Agreement and will not be used to replace positive contact and/or phone contact where required in the Agreement. Similarly, nothing in this Section will prevent the Company from using phone contact rather than ECS as needed.
5. The APFA and the Company shall discuss and may agree upon opportunities for electronic notification in addition to those already provided for in this Agreement.

SECTION 11 - HOURS OF SERVICE

A. GENERAL (Domestic and International)

1. The flight time limitations provided in this Agreement shall include all flight time on regularly scheduled sequences, extra sections, charter sequences, scenic flights, publicity flights, ferry flights, other flights where Flight Attendants perform regular flight duties, sequence hour credit, daily duty credit, minimum duty credit, report no-fly credit, and deadheading in accordance with the deadhead provisions as set forth in this Agreement.
2. Actual block-to-block time or scheduled time on a leg-by-leg basis, whichever is greater, shall be used in computing all flight time for pay purposes.

B. CUMULATIVE DUTY LIMITATIONS (Domestic and International)

1. A Reserve Flight Attendant may be scheduled to fly up to thirty-five (35) block hours in any seven (7) consecutive days. Further, in actual operations, a Reserve will complete their sequence combination even if the scheduled duty limitations are exceeded so long as no applicable Flight Attendant specific FAR is violated.
2. A Lineholder in PBS or TTS may be scheduled to fly up to thirty (30) block hours in any seven (7) consecutive days. However, in actual operations a Lineholder will complete their sequence combination unless the duty limitation exceeds thirty-five (35) block hours.
3. A Flight Attendant at their option may waive the limitations in Paragraphs B.1 and B.3. Once waived, a Flight Attendant will complete their trip combination so long as no applicable FAR is violated. Once the waiver is exercised, the waiver will be applied for the remainder of the month.
4. Domestic and International deadhead time will not count toward the thirty (30) / thirty-five (35) hours in seven (7) days limitation in scheduled and actual operations.
5. ETB/TTS/UBL time will not count toward the thirty-five (35) hours in seven (7) days limitation for a Reserve Flight Attendant. Any time picked up through ETB will not count towards thirty (30) hours in seven (7) days for Lineholders.

C. 24:00 HOURS OFF IN 7 DAYS (Domestic and International)

1. A Flight Attendant cannot fly more than six (6) consecutive days unless the six (6) consecutive day period either contains or is followed by a consecutive twenty-four (24) hour period free from all duty. Such twenty-four (24) hours shall be actual hours, shall be calculated from the time of release to report and will occur during a layover, if applicable, or at the Flight Attendant's crew base.
2. As an exception to Paragraph C.1, the established PBS default for the consideration of required rest in seven (7) days shall require that FAR rest occur while in the Flight Attendant's crew base.

D. DUTY PERIOD MINIMUM AND DUTY RIG (Domestic and International)

1. Minimum Guarantee

A Flight Attendant who flies and completes a sequence, or a sequence including deadheading in accordance with the provisions of Paragraph A.1 shall receive the greatest of the following:

- a. Flight time pay and flight time credit scheduled or actual on a leg-by-leg basis.
 - b. Minimum of five (5) hours flight time pay and flight time credit multiplied by the number of duty periods within a sequence provided however, any sequence that contains more than one (1) duty period will be credited with a minimum of three (3) hours flight time pay and flight time credit for each duty period.
 - c. Scheduled or actual On-Duty Time, whichever is greater, as provided in Paragraph D.5.
 - d. Scheduled or actual Trip Rig, whichever is greater, as provided in Paragraph D.4.
2. Definition of Completed Trip
- a. Landing at an airport other than the airport or co-terminal of original departure, or;
 - b. If the aircraft returns to the gate at the airport or co-terminal of original departure after takeoff for any reason, applicable on duty time will be as provided as described in Paragraph D.1.
3. Call Out
- a. A Flight Attendant who reports to the airport for a specific flight assignment but who does not fly shall, if applicable, be eligible for Holding Time/Ground Time, as provided in Compensation, Section 3.D, and shall receive the greater of:
 - i. Trip Sequence Origination
 - (a) flight time pay for On-Duty Time as provided in Paragraph D.5, from the time the Flight Attendants reports for the specific flight assignment continuing until the Flight Attendant is released to begin their legal rest period, or
 - (b) three (3) hours flight time pay.
 - ii. Mid-Sequence
 - (a) flight time pay and flight time credit for On-Duty Time as provided in Paragraph D.5, or, if greater, flight time pay and flight time credit for Time Away from Base, calculated in accordance with the provisions of Paragraph D.4, from the time the Flight Attendant reports for the specific flight assignment continuing until the Flight Attendant is released to begin their legal rest period, or;
 - (b) three (3) hours flight time pay and credit.
 - b. This provision shall not apply to a Flight Attendant who does not fly due to their own incapacity for flight.
 - c. This provision shall not apply to a Flight Attendant who is displaced by a supervisor, instructor, or other authorized personnel.
4. Trip Rig (1 for 3.50)

For each sequence as defined in Definitions, Section 2, a Flight Attendant on a sequence shall be paid and credited with one (1) hour for each three (3) hours and thirty (30) minutes prorated. When the actual flight time is less than the time so credited, the difference between the flight time and the one (1) hour for three (3) hours and thirty (30) minutes prorated shall be computed as a continuation of the last leg of the return sequence to the Flight Attendant's crew base.

5. Duty Rig (1 for 2)

A Flight Attendant shall receive a minimum of one (1) hour of pay and credit for every two (2) hours of actual on-duty time prorated on a minute-by-minute basis of actual on-duty time.

6. Sit Rig (1 for 2) for Sit Times Over Two (2) Hours and Thirty (30) Minutes

Duty periods with actual sit times greater than two (2) hours and thirty (30) minutes shall receive one (1) minute of pay for every two (2) minutes of sit time in excess of two (2) hours and thirty (30) minutes. This provision applies to each actual sit-time during a sequence above the first two (2) hours and thirty (30) minutes. The time is not credited and will be paid in addition to any other pay earned for the sequence. This provision shall not apply to ODAN's as provided for in Paragraph L. below.

7. Sequence rig, duty rig and minimum duty credit shall be paid and credited in the month during which such claim is earned. However, when a change in a contractual month occurs during a sequence, pay and credit for the time flown before midnight, based on local time at the last point of departure, shall be paid and credited to the month in which the Flight Attendant originated the flight, and any pay and credit extending past midnight and all expense pay will be carried over to the next month. However, when the last flight in the sequence physically terminates at Flight Attendant's base prior to 2400, including debrief, but has associated pay and credit that extends past midnight the last day of the month, the expense pay only will be paid in the sequence's originating month.

Example 1:

A LAX-based Flight Attendant is scheduled for a trip sequence that is scheduled to terminate at home base at 2359 on the last day of the contractual month of July. The duty period flight pay is 6:04 hours and minutes. Although the flight actually terminates prior to midnight at home base, the time zone of the last point of departure is used to determine the total time which extends beyond midnight. For this example, to calculate the total hours/minutes of the sequence which carries into the next month, take the departure time at the last point of departure (2055), and add the flight time (6:04). This results in 2:59 of the total sequence value being applied to the month of August. Since the sequence termination, including the fifteen (15) minute debrief, does not terminate until August, all of the 25:44 hours and minutes per diem expenses are paid in August.

Example 2:

A MIA-based Flight Attendant flies a turnaround that is scheduled to depart at 1830 and terminate at 2140 on the last day of the month. The flight time on the first segment is 1:10, and the second segment is 1:05. Since the minimum value of a one (1) day sequence is five (5) hours, and the total flying on this sequence is 2:15, minimum guarantee due on this sequence is an additional 2:45. The 2:45 is considered an extension of the last flight leg. To calculate

the total hours/minutes which will be paid in the next month, take the departure time at the last point of departure (2035), add the flight time (1:05) and add the guarantee time (2:45). This results in twenty-five (25) minutes of the total sequence value being applied to the next month. Since the sequence actually terminates prior to midnight at home base, the per diem expenses are paid in the current month.

NOTE: The above chart is limited to eight (8) hours and fifty-nine (59) minutes block. However, a duty period may exceed in both duty and block time provided the sequence is limited to one (1) duty period and to no more than two (2) live segments. The scheduled on-duty maximum for such sequence shall be fourteen (14) hours and fifteen (15) hours in actual operations.

A Flight Attendant scheduled for a duty period with greater than eight (8) hours and fifty-nine (59) minutes block shall receive a minimum of eleven (11) hours of home base rest following the duty period. Such Home Base Rest may be waived by the Flight Attendant per Paragraph I.

Domestic sequences constructed after the monthly allocation process but in time to process in TTS will comply with the domestic duty limitations defined in the above chart.

F. DOMESTIC ON-DUTY LIMITATIONS (Actual Operations)

1. Actual Operations On-Duty Limitations

A Flight Attendant will not be required to remain on duty in excess of the duty limitations detailed in the chart below:

Report Time	Re-scheduled / On-Duty Max	Operational On-Duty Max
0500-1659	13:15 hours	15:00 hours
1700-2259	12:15 hours	13:00 hours
2300-0459	11:15 hours	12:00 hours

NOTE: On a block-to-block basis, if the duty period has a break of at least five (5) hours or twice the number of block hours preceding the break, whichever is greater, then the thirteen (13) hours and fifteen (15) minutes "rescheduled on-duty maximum" applies.

Domestic sequences constructed after TTS is processed will comply with the on-duty limitations defined in the above chart.

A Flight Attendant will not be scheduled/rescheduled for more than eight (8) hours and fifty-nine (59) minutes block time.

2. The determination of on duty periods shall be based on home base time (HBT).

G. STANDBY RESERVE DUTY LIMITATIONS

A Standby Reserve who is assigned a sequence will be subject to the duty period maximums in accordance with Paragraph F. The applicable duty period maximum for the assigned sequence will be based on the Reserve's Standby report time in Column 1 of the Domestic Duty Chart in Paragraph F. The total duty period, including the time from report for the Standby Reserve until the conclusion of the sequence's duty period, must not exceed the scheduled maximum duty time specified in Column 2 (Rescheduled/On-Duty Max) of the Domestic Duty Chart in Paragraph F. In actual operations, a Standby Reserve will be subject to the operational on-duty max in Column 3 of the Domestic Duty Limitations chart in Paragraph F.

Example:

A Reserve reports for Standby duty at 0500. During the Standby Reserve duty, the Reserve is assigned a sequence, commencing at 0730 and releasing at 1500. The Reserve will be legal for such sequence assignment. The Reserve's duty day starts at the commencement of the Standby shift at 0500 and the release time for the assigned sequence is 1500, resulting in a 10 (ten) hour duty day. The maximum duty day for the standby commencing at 0500 per the Domestic Duty Chart in Paragraph F is 13:15 hours (report between 0500-1659).

H. MINIMUM DAYS OFF

1. Relief from all duty for a Lineholder of not less than eleven (11) calendar days shall be provided in the Flight Attendant's crew base during each contractual month. Such provision may be waived by the Flight Attendant in PBS, TTS and ETB.

2. As an exception to the eleven (11) calendar days, a Lineholder with vacation of seven (7) or more days or available for less than a full contractual month will have the eleven (11) days prorated in accordance with the chart below:

30 Day Month		31 Day Month	
Available Days	Prorated Days Off	Available Days	Prorated Days Off
29-30	11	30-31	11
27-28	11	28-29	11

7-9	3	8-9	3
5-6	2	5-7	2
2-4	1	2-4	1

I. DOMESTIC HOME BASE REST

A Flight Attendant shall be scheduled for no less than eleven (11) hours rest (calculated from release from duty to report for duty) at the Flight Attendant's home crew base, which in actual operations, at their option, may be reduced to ten (10) hours, subject to the applicable FARs.

J. DOMESTIC MINIMUM LAYOVER REST

1. A Flight Attendant shall be scheduled for no less than ten (10) hours of rest (calculated from release from duty to report for duty) while on a layover which, may not be reduced. In actual operations, eight (8) hours "behind the door" minimum rest is required. If the minimum rest of eight (8) hours behind the door cannot be met in the actual operation of a trip sequence, the crew upon reaching the layover hotel should contact Crew Scheduling directly to reschedule the crew.
2. When a Flight Attendant does not receive their minimum overnight rest period (ten (10) hours), the Flight Attendant shall be considered on duty with all Duty Rigs and premiums applicable to continue on the sequence. A Flight Attendant who feels they cannot continue on the sequence shall be relieved at the earliest possible time without causing a delay and may claim sick time for the remainder of their sequence. It is also understood that a Flight Attendant who elects to be relieved in accordance with the above will not have that sick call recorded in the Flight Attendant's sick time totals.

K. DOMESTIC FLIGHT SEGMENT LIMITS AND PATTERNS SCHEDULED WITHIN A SEQUENCE

1. If a duty period is scheduled to touch 0100 through 0101 Home Base Time such sequence is classified as a Red-Eye sequence.
2. A Red-Eye duty period shall have no more than two (2) scheduled flight segments and no more than one (1) scheduled aircraft connection. Such connection limitation is not applicable in actual operations.

3. Sequences may be constructed with more than one (1) duty period beginning within the same day.
4. Sequences shall be constructed so that if a Flight Attendant operates or deadheads on a flight segment that touches 0300 HBT, the Flight Attendant shall be released for legal rest at the termination of such flight segment. This paragraph shall not restrict a Flight Attendant from one (1) additional landing or a deadhead to crew base on account of an operational diversion provided that the Flight Attendant does not exceed the maximum duty time as provided in Paragraph F.
5. All Domestic sequences shall be constructed so as not to exceed four (4) duty periods with duty over four (4) days and shall begin and end in a Flight Attendant's crew base, co-terminal or satellite unless otherwise provided for in this Agreement.
6. The number of sequences which contain Domestic or NIPD flying and consist of four (4) days duration shall be limited to a maximum of thirty percent (30%) of the total number of sequences which contain Domestic or NIPD flying within a crew base. Exceptions to this thirty percent (30%) limitation are four (4) day sequences which contain IPD segments.

L. ON-DUTY ALL-NIGHTER DUTY PERIODS (ODAN) – (Domestic and International)

As an exception to Paragraphs E and F, ODAN sequences consist of a single, stand-alone duty period which shall not be incorporated with any other duty period. An ODAN sequence includes all of the on-duty hours between 0100 and 0500 HBT.

The Company may schedule ODAN duty periods subject to the following restrictions:

1. The ODAN duty period shall be scheduled for a maximum of fourteen (14) hours of duty however, the Flight Attendant may be required to remain on duty up to fifteen (15) hours to complete an ODAN sequence; and,
2. The ODAN duty period shall contain no more than two (2) segments; and,
3. Each segment in the ODAN duty period shall contain no more than two (2) hours and thirty (30) minutes of block time; and,
4. The Flight Attendant shall be scheduled for a break between segments of no less than five (5) hours pure rest, which is six (6) hours and fifteen (15) minutes block-to-block rest on Domestic ODAN sequences and six (6) hours and thirty (30) minutes block-to-block rest on NIPD ODAN sequences. Additionally, the Flight Attendant shall be scheduled for a break between segments of no more than nine hours and fifty-nine minutes (9:59) pure rest which is eleven hours and fourteen minutes (11:14) block-to-block rest on Domestic ODAN sequence and eleven hours and twenty-nine minutes (11:29) block-to-block on NIPD ODAN sequences.
5. A Flight Attendant on an ODAN sequence may be rescheduled to fly or deadhead on one (1) additional segment either prior to or following the break as described in Paragraph K.4.
6. Notwithstanding Crew Accommodations, Section 6.B.2, on an ODAN with a segment scheduled with more than two (2) hours of block time, an airport hotel shall be used if one exists.

M. DOMESTIC ON-BOARD REQUIREMENTS

1. On Domestic departure on a narrowbody aircraft of less than one hundred and sixty-one (161) passenger seats, a Flight Attendant will be required to be on board the aircraft ready to receive passengers thirty (30) minutes prior to scheduled departure.

- a. The Company may increase the above time to a maximum of thirty-five (35) minutes provided the Company provides sixty (60) days' notice to APFA and Flight Attendants.
 - b. Once increased, the Company may subsequently decrease the on-board requirement to a minimum of thirty (30) minutes. The Company must provide sixty (60) days' notice to APFA and Flight Attendants.
2. On a Domestic departure on an aircraft of one hundred and sixty-one (161) or more passenger seats, a Flight Attendant will be required to be on board the aircraft ready to receive passengers thirty-five (35) minutes prior to scheduled departure.
 - a. The Company may increase the above time to a maximum of forty (40) minutes provided the Company provides sixty (60) days' notice to APFA and Flight Attendants.
 - b. Once increased, the Company may subsequently decrease the on-board requirement to a minimum of thirty-five (35) minutes. The Company must provide sixty (60) days' notice to APFA and Flight Attendants.
3. On a Domestic departure on a widebody aircraft, a Flight Attendant will be required to be on board the aircraft ready to receive passengers thirty-five (35) minutes prior to scheduled departure.
 - a. The Company may increase the above time to a maximum of forty-five (45) minutes provided the Company provides sixty (60) days' notice to APFA and Flight Attendants.
 - b. Once increased, the Company may subsequently decrease the on-board requirement to a minimum of thirty-five (35) minutes. The Company must provide sixty (60) days' notice to APFA and Flight Attendants.
4. The Company will publish and maintain any changes to on-board requirements as specified above in a location readily accessible to flight attendants, such as the monthly bid sheet.

N. DOMESTIC REPORT AND RELEASE TIMES

1. A duty period shall begin at report time. Report times shall be as follows:
2. One (1) hour prior to the originally scheduled departure or actual report time, whichever is later, at crew base; and
3. One (1) hour prior to the originally scheduled departure or actual report time, whichever is later, at a layover.
4. The duty period shall begin at report time, as defined in Paragraphs N.1-3, and end at release time. Release time shall be fifteen (15) minutes after the aircraft blocks-in at the gate or the originally scheduled block-in, whichever is later.

O. VOLUNTARY WAIVER OF FLIGHT DUTY LIMITATIONS

1. A Flight Attendant shall not be required to remain on duty beyond the maximum flight duty limits as specified in Paragraph F. If the combination of a delayed departure time and the scheduled flight time(s) projects the Flight Attendant's duty to exceed the maximum duty limitations specified in this Agreement, Crew Scheduling may electronically offer, and a Flight Attendant who voluntarily agrees electronically to work past the maximum duty limitations may be required to work up to a maximum of four (4) hours and shall receive pay as described below. The Company will electronically offer VE to each crewmember and each crewmember will

respond with accept or reject. The Lead/Number 1 Flight Attendant will be the contact to follow up on the responses regarding the offer to extend. Any crewmember(s) who wish to extend may call Crew Scheduling to request initiation of the process if the maximum duty limitation is expected to be exceeded. Once the Flight Attendant has agreed to extend up to four (4) hours, such agreement may not be rescinded.

- a. A Flight Attendant who voluntarily agrees to remain on duty shall receive pay for the duty period at a rate of two hundred percent (200%) and credit at one hundred percent (100%) for remaining on duty up to three (3) hours. If the Flight Attendant remains on duty in excess of three (3) hours up to a maximum of four (4) hours, the Flight Attendant shall receive pay for the duty period at the rate of three hundred percent (300%) and credit at one hundred percent (100%), instead of two hundred percent (200%) and credit at one hundred percent (100%). The flight can operate with FAR required minimum crew if some of the crew choose not to fly.
 - b. Once the Flight Attendant has agreed to the four (4) hour extension, the Flight Attendant will receive the pay as specified in Paragraph 2.a, even if the duty limitations are not exceeded.
2. If a Flight Attendant on a double up sequence is offered and agrees to exceed the maximum flight duty limitations as specified in Paragraph 11.F., the calculation for additional pay shall start at the report time of the first sequence and end fifteen (15) minutes after the actual block in time of the second sequence within the double up.
 3. In such circumstances, the rest provisions contained in Paragraphs I and J, will apply at the end of the extended duty period.
 4. It is understood that it is each individual Flight Attendant's decision whether to waive the duty time limitations. The failure to agree to waive duty time limitations shall not affect any pay protections otherwise provided for in this Agreement.
 5. An electronic method will be provided for processing the voluntary extension of the duty period contained in Paragraph O.1.

P. CONSOLIDATION OF ALL-NIGHTERS RESULTING IN FLAGSTOP(S)

SECTION 12 - RESERVE DUTY

A. RESERVE LINES

1. Flight Attendants will use PBS to bid for either a regular line of flying or a Reserve line of flying. Reserve lines will reflect reserve (RSV) duty days and days off ("Golden Days" and "Flex Days"). A Reserve's RSV duty day will begin at 0000 Home Base Time and end at 2359 Home Base Time (HBT), subject to the Reserve Availability Periods (RAPs) specified in Paragraph G. Flight Attendants holding a Reserve line will be Reserve Flight Attendants ("Reserve(s)"). There will be Reserve line(s) that contain Golden Day(s) on holidays and weekends in each base.
2. The Company agrees to consult with and consider recommendations from the National Scheduling Chair regarding Reserve issues.
3. Reserve Rotation

The number of Flight Attendants required to serve reserve is dependent upon the needs of the service, as determined by the Company.

- a. Flight Attendants hired before the date of ratification will sit rotating Reserve in accordance with the following provisions:
 - i. If needed as a Reserve, for the first twelve (12) months after initial training, a Flight Attendant shall be on straight Reserve;
 - ii. If needed as a Reserve, once having completed a full year of Reserve duty, a Flight Attendant will serve Reserve on a one (1) month on/ one (1) month off Reserve rotation for a period of three (3) years;
 - iii. If needed as a Reserve after four (4) years, the Flight Attendant will serve Reserve duty on a one (1) month on/ three (3) months off rotation;
 - iv. If additional Flight Attendants are required to stand Reserve duty in a particular month, they will be selected in reverse order of seniority. Their Reserve duty will not exceed their applicable rotation.
- b. Flight Attendants hired on or after the date of ratification and the subsequent date of implementation as established in the Implementation Letter of Agreement will sit rotating Reserve in accordance with the following provisions:
 - i. If needed as a reserve, for the first two (2) years after initial training, a Flight Attendant shall be on straight Reserve;
 - ii. If needed as a Reserve, once having completed two (2) full years of Reserve duty, a Flight Attendant will serve Reserve on a one (1) month on/ one (1) month off Reserve rotation for a period of three (3) years;
 - iii. If needed as a Reserve following b.ii., above, a Flight Attendant will serve Reserve duty on a one (1) month on/three (3) months off rotation;
 - iv. If additional Flight Attendants are required to stand Reserve duty in a particular month, they will be selected in reverse order of seniority. Their Reserve duty will not exceed their applicable rotation.

c. Senior Bump

Seniority permitting, a Flight Attendant who is not designated as Reserve may change their assigned reserve month by bidding "Reserve" in a month that they would not be on the assigned reserve list. Such election must be made prior to the opening of the PBS process and will result in a reserve line of flying. The Flight Attendant will not be eligible for a regular line of flying. When a Flight Attendant bids onto reserve out of regular rotation, it changes their future reserve cycle with one exception: A Flight Attendant who is on reserve by their own choosing during the same month they are on more than three (3) days approved vacation in a month or Voluntary Leave of Absence (VLOA) have not fulfilled their reserve obligation.

- i. When a Flight Attendant desires to initiate "Senior Bump", they must indicate such preference.
- ii. Flight Attendant who is designated as Reserve but desire to be bumped off should bid a regular trip selection(s) and/or reserve selection(s). The Flight Attendant's desire will be honored only if their seniority who has not already bumped a more senior Flight Attendant off reserve.
- iii. Should the number of Flight Attendants desiring to bump onto reserve exceed the number of Flight Attendants desiring to bump off reserve, the junior Flight Attendant(s) may be displaced from the planned reserve list.
- iv. Flight Attendant(s) who are bumped off or are displaced from the planned reserve list will be considered available for the next month's reserve rotation.

d. Transfer: Effect on Rotation

If a Flight Attendant transfers to a base where their seniority places them in the reserve duty group, the Flight Attendant will be scheduled on reserve the first full scheduling month that they are at the new base. Such assignment shall be irrespective of previous service as a reserve at the former base. The Company and the APFA will explore options for staggering reserve rotations for new hires and recalls.

- e. The Company agrees to meet upon request with APFA to discuss possible methods to reduce Reserve seniority levels in high seniority bases.

4. Vacation/VLOA/LOA: Effect on Reserve Rotation

- a. A Flight Attendant who is granted a vacation or an approved paid leave of absence for part or all of the month during which they would normally be scheduled for active reserve duty will be considered as fulfilling their obligation for an entire month's service as an active reserve and will maintain their normal position in rotation. Notwithstanding the exception in Paragraph 12.A.3.b, the above shall not apply to a Flight Attendant who bids reserve out of her/his regular rotation.
- b. No Reserve will be granted a Voluntary Leave of Absence (VLOA), until all leaves have been granted to Flight Attendants with monthly flying assignments. Once these leaves have been granted and there is still an overage, a Reserve may be granted a leave. Any Reserve granted a VLOA will not receive Reserve credit for that bid period.

 - ii. Daily (ROTD): A Reserve may elect to work into a Golden Day(s) and the Reserve shall make such choice known to Daily Crew Scheduling. If contacted for sequence assignment, the Reserve must accept such sequence assignment, provided they are legal to operate the sequence. Such Reserve may opt to reconsider and protect their day(s) off, as long as they remove their bid from ROTD prior to being contacted for a Daily sequence assignment.

c. Bidding in TTS/UBL on Days Off

A Reserve may bid for a sequence in TTS/UBL that originates on their Golden Day and terminates on a day off. Any pay hours on their day off starting at 0000 of their day off shall be paid as pay, no credit. - d. A Reserve may bid for and be awarded a sequence in ROTA/D that originates on a RSV day and is scheduled to return to the Reserve's base during any portion of their Flex Day. Any pay hours for such sequence will be paid as pay and credit.
 - i. Future (ROTA): A Reserve may elect to work into a Flex Day(s) and the Reserve shall make such choice known to Future Crew Scheduling prior to 1500 HBT, concurrent with the beginning of Future Reserve processing. If not awarded a sequence in Future Processing, the Reserve may, at their option, may revoke their election and have their Flex Day(s) reinstated.
 - ii. Daily (ROTD): A Reserve may elect to work into a Flex Day(s) and the Reserve shall make such choice known to Daily Crew Scheduling. If contacted for sequence assignment, the Reserve must accept such sequence assignment, provided they are legal to operate the sequence. Such Reserve may opt to reconsider and protect their day(s) off, as long as they remove their bid from ROTD prior to being contacted for a Daily sequence assignment.
- e. Bidding in TTS/UBL on Days Off

A Reserve may bid for a sequence in TTS/UBL that originates on their Flex Day and terminates on a day off. If actual operations cause a Reserve's duty period to be extended for one (1) hour or less into the Reserve's Flex Day such day will not be restored. In addition, if actual operations cause a Reserve's duty period to be extended for more than one (1) hour into the Reserve's Flex Day(s), the options specified in Paragraph D, shall apply. The Reserve will be released from all duty for the remainder of the day they return to base.

- a. Reserves shall be allowed to trade days off utilizing ETB or another electronic system. Patterns of days off traded must conform to the patterns established in Scheduling, Section 10.D.18.
- b. As a result of a trade, if one or more Golden Day(s) is placed in front of a Flex Day(s), such Golden Day(s) will be converted to a Flex Day(s) and the original Flex Day will be converted to a Golden Day. If the swap would result in a Reserve having more than the number of Golden Day(s) off as provided for in Scheduling, Section 10.D.18.b, one of the Reserve's Golden Day(s) will be converted to a Flex Day.
- c. Reserves may trade days off concurrent with the electronic system bid timeline on a daily basis.

- b. Reserve Flight Attendants' requests for trades of days off will be awarded from among those Flight Attendants having requests on file at the specific time such requests are to be processed each day. For the purposes of awarding a day off trade request, all Flight Attendants serving Reserve at the base will be combined into a single seniority list according to the day(s) approved for trade, and requests will be awarded in seniority order.
- c. A Reserve Flight Attendant requesting to trade their day(s) off must submit a ballot to the Company beginning on the 24th of the month prior, no later than 1200 HBT at least two (2) days prior to the first day requested to be traded. Such ballot must be processed (starting on the 25th of the month), in seniority order, and will be awarded by no later than 1200 HBT the day after it was submitted. Ballots will remain active until the Reserve Flight Attendant removes their ballot, prior to being processed, or it has been approved. This process is an automated process, and the timelines can be adjusted by mutual agreement of APFA and the Company.
- d. Reserve Flight Attendant's desiring to trade days off with the Company will be held to the same parameters of C.1.a-b and d.

If the Reserve and the Company do not mutually agree, the day(s) off shall be placed at the end of the Reserve's current block of Reserve days off.
2. The Reserve will be required to contact Crew Scheduling for the reinstatement of their

Golden Day within forty-eight (48) hours of the assignment into such Flex or Golden Day to mutually agree upon an alternative day.

3. If the Reserve fails to call within forty-eight (48) hours of the assignment into such Flex or Golden Day, or the Reserve has no more days of availability in the bid period to be converted into a Golden Day, they shall receive pay no credit equal to the value of a Reserve day, i.e., minimum reserve guarantee divided by the number of originally scheduled days in that line that are not Golden or Flex Days, in lieu of the day(s) off.

If the Reserve has no more days of availability in the bid period to be converted to Golden Days, the Reserve may not be utilized on the Flex Day unless they consent to such assignment in which case the pay protections specified in this Paragraph D, shall apply.

E. RESERVE CREW BASE REST

1. Following any Reserve sequence, a Reserve shall be provided no less than twelve (12) hours rest (calculated from release from duty to report for duty) at the Reserve's home crew base which is reducible at their option as specified in Scheduling, Section 10.
2. Unless notified of an assignment for the current reserve duty day in accordance with Paragraph M upon check-out from a Reserve's sequence, or upon completion of a Standby assignment at their home or Temporary Duty Assignment (TDY) crew base, they shall be considered released from Reserve duty to begin her/his legal crew base rest period.
3. A Reserve will not be required to be available for contact by Crew Scheduling during their crew base rest as specified in Hours of Service, Section 11.
4. Upon release into such uninterrupted rest period at a home or TDY crew base, a Reserve; will not be called by Crew Scheduling for the first eight (8) and thirty (30) minutes, unless there is an operational need to notify the Flight Attendant of a schedule change to their next flying assignment. In such event, the Flight Attendant will not be obligated to answer such call. A Reserve will be required to check the Crew Management System to review and acknowledge any assignment concurrent with the commencement of a RAP or Standby assignment.
5. After the Reserve has completed their rest, they will be placed on a full RAP shift. If a Reserve has not completed their rest prior to the start time of their scheduled full RAP the Reserve will be available to begin the RAP one (1) minute after completion of the rest and the end time will remain the same as the originally published RAP, unless the Reserve requests to be placed on the next full RAP.

Example: The rest following a reserve sequence ends at 0800. A Reserve was originally assigned RAP A with an 0700 start time. The Reserve will be available on their RAP A at 0801 unless the Reserve requests to be placed on the next full RAP. The end of the RAP will remain as originally scheduled at 1900.

6. At Crew Scheduling's option, at any point a deficit of Reserves exists in a particular RAP, Crew Scheduling may offer the option for Reserves, on a first come, first served basis, to request to be reassigned to the RAP where the deficit exists.

F. STANDBY RESERVE

1. A Standby is a Reserve (Standby) who has been awarded or assigned Standby duty in uniform at the airport without a specific flight assignment for the purpose of covering a sequence in order to prevent a delay. A Standby may also be utilized for the purpose of deplaning, boarding or remaining with through passengers on the aircraft.

2. A Reserve awarded or assigned Standby duty must be legal and available for the number of duty days required for the Standby shift. A Flight Attendant must be legal and available for the number of hours times the minimum day (e.g., five (5) hours for a one-day trip, ten (10) hours for a two-day Standby shift, etc.)
3. Standby duty may be awarded or assigned by Future Scheduling or by Daily Scheduling. The number of Standby shifts designated by base will be determined by Crew Scheduling.
4. A Reserve may be assigned to either a four (4) or six (6) hour Standby shift. Pay and credit for such Standby shifts shall be as established in Paragraph F.9. The scheduled length of the Standby shift must be indicated in the Future Reserve bidding and communicated to the Reserve at the time of the Future or Daily assignment. A Reserve is not required to check-in with the Company at the end of the Standby shift. A Standby who does not receive flight duty shall be released to begin their uninterrupted crew base rest at the end of their Standby shift.

A Reserve currently sitting on standby may request to extend their shift to a total of six (6) hour or eight (8) hours with Crew Scheduling approval. Pay and credit for such extension shall be established in Paragraph F.9.a.

5. No Reserve may be involuntarily assigned to a Standby shift more than two (2) times in a month, unless all legal and available Reserves at the base have been assigned two (2) times. If assigned standby in ROTD, the above rule will apply for all legal and available Reserves within the associated RAP(s).
6. Duty time for a Standby shift will begin upon scheduled report time at the airport and will continue until released for applicable legal rest as provided in Hours of Service, Section 11. However, if a Standby is awarded or assigned a sequence that checks-in prior to their initial report time at the airport, they shall begin accruing duty time one (1) hour before a Domestic or NIPD sequence's scheduled departure or one (1) hour and fifteen (15) minutes before an IPD sequence's scheduled departure. If the Standby is not assigned a sequence, duty time shall terminate at the end of the Standby shift. If the Standby is not assigned a sequence, duty time will terminate when they are released at the end of the Standby shift. If the Standby is assigned a sequence, duty time will terminate when they are released at the end of the duty period for the assigned sequence.
7. In no event shall a combination of Standby and flight duty be scheduled to exceed the duty time limitations of Hours of Service, Section 11, or International Flying, Section 14, whichever is applicable.
8. If assigned a sequence, such sequence must be scheduled to depart no later than two (2) hours after the Standby scheduled release time.

 - b. A Standby who is assigned a sequence departing within their Standby shift shall receive the scheduled or actual value of the sequence, whichever is greater. In addition, the duty time while on Standby duty, up to the Standby's sequence report time (11.N. or 14.E.), based on departure time of the sequence at time of sequence assignment, shall be paid and credited with one (1) hour for each one and one-quarter (1.25) hours on duty.

Example:

A Reserve has a Standby shift from 0600 to 1200. The Reserve is assigned a domestic sequence originally scheduled to depart at 1100 (estimated time of departure at the time of sequence assignment to the Standby). The Reserve would receive Standby duty rig pay (one for one and one-quarter) for the time between 0600 Standby report and the 1000 Standby's sequence report time in addition to the full value of the sequence.

Example:

A Reserve has a Standby shift from 0600 to 1200. At 1030, the Reserve is assigned a domestic sequence originally scheduled to depart at 0500, but now with a departure time of 1030 (estimated time of departure at the time of sequence assignment to the Standby). The Reserve would receive Standby duty rig pay (one for one and one-quarter) for the time between 0600 Standby report and the 0930 Standby's sequence report time in addition to the full value of the sequence.

Example:

A Reserve has a Standby shift from 0700 to 1300. The Reserve is assigned a domestic sequence scheduled to depart at 0730 (estimated time of departure at the time of sequence assignment to the Standby). The Reserve would receive no standby duty rig pay for the Standby shift, however, the Reserve would receive duty rig pay (11.D.5.) based on the 0630 report time for the Standby sequence.

- c. A Standby who is assigned a sequence departing outside their Standby shift shall receive the scheduled or actual value of the sequence, whichever is greater. In addition, the duty time while on Standby, and including any additional time up to the report time of the sequence, shall be paid and credited with one (1) hour for each one and one-quarter (1.25) hours on duty.

Example:

A Reserve has a Standby shift from 0700 to 1100. The Reserve is assigned a domestic sequence that departs at 1300 (estimated time of departure at time of sequence assignment to the Standby). The Reserve would receive daily duty rig pay (one for one and one-quarter) for the time between 0700 Standby report and the 1200 Standby's sequence report in addition to the full value of the sequence.

- d. A Standby who is not released at the end of the scheduled Standby shift because of boarding duty that is assigned before the end of the Standby shift and that continue beyond the end of the Standby shift, shall be compensated for the additional time at the rate of one (1) minute of pay and credit for each one (1) minute of duty beyond the end of the scheduled Standby shift.
10. For the purpose of sequence coverage, a Standby, if signed-in or scheduled to be on duty one (1) hour before scheduled departure of an open time sequence, will be utilized for any sequence that becomes available within two (2) hours of scheduled departure or any sequence that remains uncovered within two (2) hours of scheduled departure.
 11. A Reserve shall be given no less than two (2) hours' notice and three (3) hours' notice for a co-terminal to report to the crew room for Standby duty.
 12. Boarding duty, if utilized, will be based on days of availability, Standby report time, and in the same terminal, unless Standbys are available for the same number of days, report time, and are in the same terminal, in which case inverse seniority will be utilized.
 13. A Standby will not be assigned boarding duty unless the estimated time of arrival of the inbound crew is prior to the end of their Standby shift. If the crew does not arrive before the end of the Standby shift, such Standby will be replaced by an oncoming Standby if available. Such Standby will be released after the boarding of that flight and will not be subject to any further boarding duties or flight assignments. A Standby may accept the boarding duties

which extend beyond the Standby shift and shall be paid in accordance with Paragraph F.9.d.

14. Duties of a Standby are limited to those assigned to other Flight Attendants.
15. If a Reserve is on Standby, any Standby Daily assignment shall take precedence over any assignment by Future Scheduling.
16. A Standby will be assigned a sequence based on qualifications, days of availability, Standby report time, and in the same terminal. If qualifications, days of availability, Standby report times and terminal are the same, the assignment will be made by inverse seniority. A Standby shall not be assigned a sequence into their Flex Day(s) unless they are the only Standby available to operate the sequence and Crew Scheduling is unable to split the trip prior to their Flex Day(s).
17. A Standby must be available for immediate contact and assignment while on Standby duty but is not required to be present in the Standby room.
18. A Reserve may trade a Standby shift with another Reserve who has a Standby shift on the same day. Such trade request must occur prior to the commencement of the Standby shift but in no case later than 1500 HBT on the day the Standby shift is scheduled, concurrent with Future Reserve Processing for the following day.
19. A Standby may request to be released prior to the end of the standby shift. If Crew Scheduling approves such request, the standby shift pay and credit will not be reduced.

G. RESERVE AVAILABILITY PERIOD (RAP)

1. There shall be no more than four (4) RAPs.

RAP A	RAP B	RAP C	RAP D
<ul style="list-style-type: none"> • Start times determined by the Company, RAP A could start as early as 0000 HBT 	<ul style="list-style-type: none"> • Start times determined by the Company 	<ul style="list-style-type: none"> • Start times determined by the Company 	<ul style="list-style-type: none"> • 1400-0200 HBT (end time will be 2359 HBT if last day of Reserve block) • Once all departures are airborne, and there are no known diversions or returning flights, RAP will be modified to end at that time

NOTE: The RAPs above are scheduled RAPs and may be modified in actual operations in accordance with 12.E.5., if a Flight Attendant does not receive their full rest prior to the RAP start time or in the case of a removal/cancellation in accordance with 12.M.5.b.

2. Crew Scheduling shall publish in the bid package the start times for each RAP for the following bid period by each base. All RAPs shall begin on the hour. The availability window for each RAP shall be twelve (12) hours. A Reserve will be automatically released at the end of their assigned RAP if they are not given an assignment. A Reserve will be released from the last RAP of the day no later than 2359 HBT of their last day of availability.

A Reserve will not be required to be contactable outside of their RAP. A Reserve will be required to be available to accept a duty assignment during their twelve (12) hour RAP. The sequence report may be no later than two (2) hours after the end of the RAP. For the purpose of Paragraph G.2, the report time shall be the same as the crew assigned to the sequence or, if the Reserve is joining a sequence in progress, the known departure time at

the time of assignment plus the check-in time (one (1) hour for Domestic or NIPD, or one (1) hour and fifteen (15) minutes for IPD).

As an exception to G.2., a Reserve with a Flex Day following their RAP may only be assigned a sequence with a sign-in on or before 2359 HBT on the last day of Reserve.

Examples:

A Reserve has a RAP 0300 to 1500. The original sequence was PHX-SEA-PHX-LAX-PHX. A Reserve was called out to replace a Flight Attendant on the PHX-LAX-PHX portion. At the time of the call, the PHX-LAX known departure time was 1805. The Reserve could not be given the assignment since the check-in time would have been at 1705.

3. Reserves may be assigned sequences or Standby shifts that report within a RAP prior to the start of the RAP. At the commencement of a RAP, Reserves are responsible for reviewing and acknowledging all assignments through the automated system, except as required in Section 12.N.
4. A Reserve on a RAP may be assigned a Standby shift that terminates no later than two (2) hours after the end of their assigned RAP.
5. At their option, a Reserve may extend the end of her/his RAP. A Reserve may not add the extension to the beginning of the RAP. Extensions to the beginning of the RAP are subject to Crew Scheduling discretion.
6. A Reserve may call Crew Scheduling to request to be released from a RAP. If granted, there shall be no reduction in the Reserve's guarantee. Such request may be made the day prior or the day of and will be approved at the discretion of Crew Scheduling.

H. MINIMUM RESERVE CALL OUT TIME

1. A Reserve shall be required to report within two (2) hours from the time they are notified of a sequence by Crew Scheduling. If a Reserve reports to the airport after sign-in time for the sequence, they shall receive pay and credit for the sequence as if they had checked in for the sequence at the same time as the rest of the crew. As an exception, Reserve Flight Attendants at co-terminals shall be provided three (3) hours call out.
2. Former Shuttle Flight Attendants who were based in DCA on the date the Shuttle Fence was removed will be grandfathered for a three (3) hour Reserve report time if they reside outside of the two (2) hour Mainline report time, unless they bid to or are displaced to another base.
3. Crew Scheduling shall first attempt to contact a Reserve at the Reserve's primary telephone number. A Reserve may use a cellular phone number as their primary telephone number. If a message device is encountered, the Scheduler shall leave a message.
4. If a secondary contact number is provided and Crew Scheduling is unable to contact a Reserve at the Reserve's primary telephone number, the Scheduler shall promptly attempt to contact the Reserve on the secondary contact number. If a message device is encountered, the Scheduler shall leave a message. The Reserve shall have fifteen (15) minutes to respond to Crew Scheduling from the second call if a secondary contact number is provided, or fifteen (15) minutes to respond to Crew Scheduling from the initial call if no secondary contact number is provided.

I. FUTURE RESERVE BIDDING (ROTA)

1. A Reserve shall utilize an electronic system to submit a daily bid. Such daily bid must be entered into the electronic system no later than 1500 HBT for sequences which report on or

after 0200 HBT the next day through and including sequences that report until 0159 HBT the subsequent day. The Reserve may indicate that such standing bid which will remain on file within the electronic system. Such bids shall be submitted through the electronic system for the following:

- a. Specific sequences (not applicable to standing bids);
 - b. Sequence preferences consistent with those available for TTS;
 - c. Specific Standby shifts; Each standby shift will be given a specific identifier (similar to sequence numbers) with set start, end times, required days of availability, crew base, and terminal.
 - d. Specific RAPs.
2. Crew Scheduling shall utilize the Reserve's standing bid to complete a Reserve award or assignment when a Reserve has not otherwise submitted a daily bid. If a standing bid is not on file and the Reserve fails to submit a daily bid, Crew Scheduling shall assign that Reserve during the processing of Reserve awards.

J. FUTURE SCHEDULING AWARD AND ASSIGNMENT (ROTA)

1. The intent of this Section is to provide an orderly process for covering all sequences and Standby shifts which remain open at the time of future processing subject to the number of Reserves who are legal and available to fly. If Crew Scheduling determines an operational need due to insufficient Reserve coverage in a particular crew base, sequences may be redistributed to another crew base(s). Crew Scheduling will redistribute all known open time that needs to be allocated, based on operational need, to another crew base(s) by 1200 HBT. As an exception, Crew Scheduling may redistribute at any time due to extenuating circumstances not known prior to 1200 HBT. A snapshot of open sequences, Standby shifts and Reserve bids will be taken at the commencement of future processing. Sequences or Standby shifts which remain open after future processing will be assigned according to Paragraph M. Other sequences and Standby shifts that subsequently open during future processing will be assigned by Daily Scheduling according to Paragraph K.
2. Reserve awards and assignments shall begin one (1) day prior at 1500 HBT. Open sequence positions which have not been awarded from the Unsuccessful Bidders List and which remain open at 1500 HBT shall be awarded to Reserves.
3. For the purposes of determining whether a grouping is Open or Closed, the reference to a sequence as used in Paragraph J, shall not include Standby shifts.
4. Crew Scheduling shall publish Standby, sequence, and RAP assignments for the following day for sequences which report on or after 0200 HBT the next day through and including sequences that report until 0159 HBT the subsequent day no later than 1930 HBT through an automated system. A Reserve shall acknowledge the assignment through the automated system, which may include a voice response system prior to 2230 HBT. If the Reserve is on a sequence and unavailable to contact the automated system prior to 2230 HBT, they will be responsible for reviewing and acknowledging their assignment through the automated system, which may include a voice response system no later than one (1) hour after release.
5. Groupings of sequences and groupings of Reserves shall be established prior to the award or assignment of sequences.

- a. Reserves shall be grouped according to remaining number of RSV days in their current RSV Day sequence. Reserves with more than four (4) days of availability will be placed in the four (4) day group.
- b. Sequences shall be grouped according to number of calendar days each sequence touches. ODAN sequences shall be placed in the two (2) day sequence group.
- c. If the number of sequences in any sequence group is equal to or exceeds the number of Reserves in the corresponding Reserve group, the group will be considered a "Closed" group. A Reserve group will be considered and referred to as a Closed group until the award or assignment of a sequence from the Closed group causes the number of sequences in that group to fall below the corresponding number of Reserves in the group. If at any time, the number of sequences in any sequence group is less than the number of Reserves in the corresponding group, the group will be considered and referred to as an "Open" Group.

As an exception, a Reserve in a Closed group at the time of processing may select an IPD trip, a pure NIPD trip, or a one (1) day sequence greater than eight (8) hours and fifty-nine (59) minutes block. This exception shall not apply during the period of November 15th through January 5th.

As an exception, an Open group will be considered Closed at the point when at a Reserve's time of processing, sequences in higher groups would, at the end of processing, remain uncovered. In such case a Reserve may be awarded or assigned to work on Flex Days.

Example:

There are two (2) Reserve(s) with two (2) days of availability (one of which has a Flex Day and is the most senior Reserve), and one (1) Reserve with three (3) days of availability, and three (3) Reserves with four (4) days of availability. All Reserves are legal for all sequences. There is one (1) two-day sequence, two (2) three-day sequences, and one (1) four-day sequence.

The two-day Reserve with a Flex Day is not required to take the three-day sequence because the total number of Reserves in the higher groupings (those with three (3) or four (4) days of availability) equals four (4) Reserves, which is greater than the number of sequences in groups three (3) and four (4) (three (3) sequences).

- d. During Future Reserve Processing, Reserve will be given an option to:
 - i. Bid to fly a sequence;
 - ii. Bid for a Standby duty; or
 - iii. Conditionally Remain on Call (ROC) subject to covering all sequences and Standby shifts which remain open at the time of future processing in accordance with Paragraph J.10.
6. Sequences and Standby shifts which remain open after processing the list of Reserves shall be assigned in inverse order of seniority in accordance with Paragraph J.9.
 7. Sequence and Standby Shift Awards to Reserves on RSV Days
 - a. Sequences and Standby shifts shall be offered in seniority order to Reserves within the base. The most senior Reserve on an RSV Day regardless of days of their availability grouping shall be processed first.

- b. At the Reserve's time of processing, if the grouping to which the Reserve belongs is Closed, the Reserve must select a sequence from their grouping, except when sequences in higher groups would, at the end of processing, remain uncovered. In such case a Reserve may be awarded a sequence from a higher grouping.
 - c. At the Reserve's time of processing, if the grouping to which the Reserve belongs is Open, subject to Paragraph J.7.d, they may ROC. Such election shall be conditional and shall not become final until all remaining sequences and Standby shifts are awarded or assigned.
 - d. At the Reserve's time of processing, if the grouping to which the Reserve belongs is Open, subject to Paragraph J.5.c, the Reserve may select a sequence from their respective grouping or a different grouping, conditionally ROC pursuant to Paragraph J.10, or select a Standby shift. Such sequence may overlap the same or fewer days than the Reserve's scheduled RSV days. If such Reserve opts to choose a sequence from another group, the Reserve may select from any group. The choice to operate a sequence with fewer days than the Reserve has available:
 - i. Shall not subsequently cause another Reserve to be flown into a Flex Day;
 - ii. Shall not cause a sequence to be split;
 - iii. Shall not cause a sequence to remain uncovered.
8. Sequence Awards to Reserves into One (1) or More Days Off
- a. A Reserve may bid to voluntarily work into one (1) or more days off.
 - i. If at the time of processing the grouping to which the Reserve requests to join is closed, they will be processed according to Paragraph J.5.c.
 - ii. If at the time of processing the grouping to which the Reserve requests to join is open, they will not be awarded the requested sequence into their day off and will be processed in seniority order in their own grouping.
 - b. Days off on which Reserves voluntarily operate shall not be reinstated.
9. Sequence Assignment to Reserves into One (1) or More Flex Days
- a. A Reserve may be assigned a sequence by Future Scheduling into their Flex Day consistent with this Section and Paragraph 12.M.4.
 - b. At a Reserve's time of processing, if the Reserve's corresponding grouping is Open and the next highest grouping(s) is Closed, a Reserve may be assigned into one (1) or more Flex Days according to Paragraph J.5.c.
10. Remain on Call (ROC)
- a. At a Reserve's time of processing, the choice to ROC:
 - i. Shall not subsequently cause another Reserve to be flown into a Flex Day;
 - ii. Shall not cause a sequence to be split;
 - iii. Shall not cause a sequence to remain uncovered.

- b. At a Reserve's time of processing, a Reserve may elect to ROC. However:
 - i. the Reserve may subsequently be assigned a sequence or Standby shift, after more junior Reserves not legal to operate sequence(s) have been processed;
 - ii. the Reserve who is afforded the option to ROC may be assigned a remaining sequence or Standby shift in the event that a more junior Reserve becomes unavailable during processing (e.g., sick, daily assignment);
 - iii. such remaining sequences and Standby shifts will be assigned to the most junior Reserves consistent with their preferences and seniority, while protecting Flex Days.

Example: Ten (10) Reserves were allowed to ROC in the initial run. Due to legality issues, two (2) sequences and one (1) Standby shift remain to be assigned after the initial run is processed. The sequences and Standby shifts will be assigned to three (3) most junior remaining Reserves, starting with the third most junior's preferences.

- c. Once a Reserve elects to ROC, the number of available Reserves in the grouping shall be reduced by one (1). A Reserve's election to ROC may cause a grouping to become Closed.
 - d. At a Reserve's time of processing, a Reserve who belongs to a Closed grouping may not ROC.
 - e. A Reserve who ROCs shall be awarded a RAP pursuant to this Paragraph, and shall only be assigned a sequence which reports within their RAP as specified in Paragraph K.
11. A Reserve awarded or assigned a sequence from Future Scheduling shall be required to complete their Reserve duty (Standby/RAP or sequence) for the current day. At Crew Scheduling's discretion, a Reserve may be released from their current RAP. At the conclusion of the Reserve's current day assignment, they shall be released until the report time of the RAP or Future Assignment the following day. Such Reserve shall be processed according to the rules specified in Paragraph K.2, unless they indicate to Crew Scheduling they wish to be assigned a sequence according to the regular Daily Processing rules.

12. RAP Awards

After all sequences and Standby shifts have been assigned, the remaining Reserves, including those that elected to ROC, will be assigned as follows:

- a. Crew Scheduling shall determine a minimum and maximum number of Reserves, if any, to assign to each RAP for the following day. The total Reserves assigned shall be equal to the number of Reserves available;
- b. Reserves to be assigned to a RAP shall be placed in groupings based on their days of availability. Such groupings shall be established for one (1) day of availability, two (2) days of availability, three (3) days of availability and four (4) or more days of availability;
- c. Reserves will be assigned to a RAP in seniority order within the days of availability groupings utilizing the Reserve's daily and standing bid, provided the Reserve is legal and available for the entire RAP, except as provided in Paragraph E.4. The choice of RAPs within that grouping for a senior Flight Attendant may not preclude a more junior Reserve from receiving eleven (11) hours between RAPs. However, if there are not sufficient Reserves to cover a particular RAP, a Reserve may be assigned to a RAP with less than eleven (11) hours between their previous RAP.

13. Sequence Splits

- a. In the event that the number of sequences in any sequence group exceeds the number of Reserves in that group, Crew Scheduling may elect to split a sequence(s) to balance the number of Reserves and sequences within a grouping.
- b. In the event that Crew Scheduling elects to split sequences for Reserve processing, such sequences shall be split prior to the beginning of or during the Future and Daily Reserve award process for Reserve assignment or award.

K. DAILY SCHEDULING AWARD AND ASSIGNMENT (ROTD)

1. General

- a. Sequences which open during or after the Future Scheduling Award and Assignment Process 1500 HBT one (1) day prior, and which report during the current or following day, shall be assigned according to Paragraph K.
- b. Release from Duty
 - i. Daily (Next Day Assignment) – A Reserve assigned a RAP for the next day, shall complete their current day's RAP assignment. If the Reserve receives an assignment within their RAP for the next day, they shall be released from the next day's RAP until report time of such assignment. However, in the case of irregular operations as declared by the Director of Crew Scheduling or their designee, the Reserve shall not be released from the next day's RAP and will be responsible to be available for possible reassignment during their RAP.
 - ii. Daily (Day of Assignment) – A Reserve on a RAP for the current day shall be released from their RAP until the report time of an assigned sequence/Standby duty at the time of such assignment. However, in the case of irregular operations as declared by the Director of Crew Scheduling or their designee, the Reserve shall not be released from their RAP and will be responsible to be available for possible reassignment during their RAP.
- c. The Company will award/assign open time trips through ROTD after running through necessary processes (e.g., in-base UBL, out-of-base UBL, etc.) within sixty (60) minutes from the end of the first UBL run. As an exception, trips that open less than three (3) hours prior to departure, four (4) hours in co-terminal, will be immediately awarded/assigned through ROTD after running through UBL (no holding). However, trips that open any time from 0001-0500 HBT and depart after 1100 HBT may be held until 0700 HBT. The Company shall rerun UBL immediately prior to awarding/assigning any trip(s) in ROTD.
- d. An open Standby shift shall be treated the same as a sequence for the purpose of Daily Awards and Assignments. Open sequence positions and Standby shifts which are covered by this Paragraph K shall be assigned as soon as possible after such position opens. Flight Attendants may be assigned sequences or Standby shifts that report within a RAP prior to the start of the RAP. At the commencement of a RAP, Flight Attendants are responsible for reviewing and acknowledging all assignments through the automated system. As an exception, Crew Scheduling must make positive contact with any Reserve with a RAP commencing between 0000-0500 HBT. A Reserve with a RAP commencing between 0000-0500 HBT will not be required to acknowledge awards/assignments at the start of their RAP. A Flight Attendant shall not be called during the period of 0000 to

0500 HBT unless the departure is within three (3) hours or unless necessary to prevent a delay.

- e. Groupings of sequences and groupings of Reserves shall be established for the purposes of assigning sequences. All Reserves shall be grouped according to remaining number of RSV days in their current RSV Day sequence. Reserves with more than four (4) days of availability will be placed in the four (4) day group. Reserves not legal for all RSV days shall be placed in the group for which sequences they are legal to operate.
 - f. Groupings of Reserves on RSV days shall be ordered as follows:
 - i. RAP award;
 - ii. Least to most (ASG/Clicks) number of previous ROTA/D awards/assignments as specified in Paragraph K.5;
 - iii. Then inverse seniority.
 - g. If a sequence is legal for more than one (1) RAP, Crew Scheduling shall assign the sequence as follows:
 - i. A Reserve in the earlier RAP according to K.2.b - e;
 - ii. A Reserve on a later RAP provided according to K.2.b - e;
 - iii. A Reserve in the earlier RAP according to K.2.f.
 - iv. A Reserve in the later RAP according to K.2.f.
 - v. A Reserve on the earlier RAP according to K.2.g.
 - vi. A Reserve on the later RAP according to K.2.g.
 - vii. A Reserve on the earlier RAP according to K.2.h.
 - viii. A Reserve on the later RAP according to K.2.h.
 - ix. A Reserve on the earlier RAP according to K.2.i.
 - x. A Reserve on the later RAP according to K.2.i.
 - xi. K.2.j.
2. For sequences which are open more than two (2) hours prior to scheduled departure (three (3) hours in co-terminal bases), Crew Scheduling shall assign such sequence in the following order subject to the provisions of Paragraph K.1:
- a. UBL Processing
 - i. A Flight Attendant on the Unsuccessful Bidder's list pursuant to Scheduling, Section 10.F.3.b;
 - ii. Out-of-base Flight Attendants on the Unsuccessful Bidder's List, pursuant to Scheduling, Section 10.
 - b. "Aggressive Reserve" Processing

- i. "Aggressive Reserves" on RSV Days within their RAP, from the most senior to the most junior, who are legal to operate the sequence in its' entirety and provided the sequence matches the Aggressive Reserve's list of preferences as specified in Paragraph K.4.d. An Aggressive Reserve called by Daily Scheduling during the Daily Reserve Assignment process shall be required to accept any sequence which meets their list of preferences;
 - ii. "Aggressive Reserves" on a Reserve Day(s) without a RAP, from the most senior to the most junior, who are legal to operate the sequence in its' entirety provided the sequence matches the Aggressive Reserve's list of preferences as specified in Paragraph K.4.d.
 - c. Reserves on a RAP from the same grouping who are legal to operate the sequence in its entirety according to the priority established in Paragraph K.1.f;
 - d. Reserves on a RAP from the next highest grouping according to the priority established in Paragraph K.1.e;
 - e. With Crew Scheduling consent, "Aggressive Reserves" on a RAP who indicate a desire to be awarded into a Flex Day(s) or Golden Day(s) provided the sequence matches the Aggressive Reserve's list of preference as specified in Paragraph K.4.d;
 - f. A Reserve on a RAP holding a Future assignment or award for the following day who can operate the sequence in its entirety. Such Future assignment will be dropped;
 - g. Reserves on a RAP from any grouping who must work into one (1) Flex Day. Such sequence shall be assigned according to the priority established in Paragraph K.1.f;
 - h. Reserves on a RAP from any grouping who must work on two (2) or more Flex Days. Such sequence shall be assigned according to the priority established in Paragraph K.1.f;
 - i. Reserves on a RAP from any grouping who must work into one (1) Flex Day and holds an ETB/TTS/UBL sequence on that Flex Day. Such ETB/TTS/UBL sequence will be dropped and there will be no pay protection for the ETB/TTS/UBL sequence. Such sequence assignment shall be assigned according to the priority established in Paragraph K.1.f;
 - j. Sequences or Standby shifts which remain open after daily processing will be assigned according to Paragraph M.
3. For sequences which open or remain open within two (2) hours prior to scheduled departure (three (3) hours in co-terminal bases), Crew Scheduling shall assign such sequences in the following order of assignment:
- a. Less than Minimum Call-Out UBL for Lineholders and Reserves on off days;
 - b. Less than minimum Call-Out Out of Base Lineholders and Reserves on days off;
 - c. Less than Minimum Call-Out Aggressive Reserves;
 - d. A Standby Reserve if signed in or scheduled to be on duty and signed in at least one (1) hour prior to departure according to the parameters of Paragraph F;
 - e. If no Standby is available, the order of assignment as specified in Paragraph K.2. If a greater delay of a flight would be realized by using the provisions of Paragraph K.2, Crew

Scheduling may cover such flights by assigning a Standby if one is scheduled to be on duty at the time of departure.

- f. Crew Scheduling will assign sequences as specified in Paragraph K.2.b.-j, or Paragraph O., such assignments will be awarded to the first positive contact with a Flight Attendant. Although the fifteen (15) minute response time is still in effect, Crew Scheduling will not be required to wait for a return call and will continue processing until positive contact is made.
- g. If the sequence continues to remain open, such assignment will be processed according to the parameters of Paragraph M.

4. Aggressive Reserve Status

- a. A Reserve requesting to be awarded first on RSV days, or on RSV days into Flex/Golden Days must electronically indicate placement into "Aggressive Reserve" status. Such election may be made daily, or for the entire month.
- b. Once a Reserve reaches forty (40) hours awarded on Aggressive Reserve status in a month, any additional hours awarded on Aggressive Reserve status above the forty (40) hours shall not be credited when determining if the Reserve has met or exceeded the monthly pay cap.

Example: A Reserve begins the month with forty (40) hours of vacation and has a RSVCOT of forty (40) hours. The Reserve bids aggressive and is awarded a 20-hour sequence and will have twenty (20) hours applied as aggressive hours. The Reserve will have twenty (20) hours applied toward their calling out of time for a total of sixty (60) hours (RSVCOT).

- c. Credited hours will be calculated based on a Reserve's month-to-date hours credited to the minute, including credit associated with, but not limited to flight time, sick, vacation, jury duty, bereavement, APFA business, deadhead, etc. Pay no credit hours, ETB/TTS/UBL sequence time, etc., shall not be considered when calculating credited hours. Credited hours shall be updated at 0000 of each day to reflect all hours credited to that time.
- d. Aggressive Reserves may indicate conditional status for sequences with the following parameters:
 - i. Minimum notification time from assignment to departure;
 - ii. Sequence preferences consistent with those available in TTS;
 - iii. The Flex or Golden Days on which the Reserve is available;
 - iv. Desire Standby shifts;
 - v. The RAP(s) for which the Reserve is available.

L. ASG INDICATOR

- a. Each Reserve assigned or awarded by ROTA/D to a sequence will be credited with an ASG code. At the time of assignment, the ASG code will be credited to a Reserve for each calendar day of the sequence.

- b. If the credited number of the ASG code is different than the number of days the Reserve actually flew, then the Reserve may electronically request to have the ASG code adjusted.
- c. After receiving the assigned credit, if the Reserve is unable to report for the assigned sequence, such credit will be removed.
- d. The ASG code will be applied during the month in which the Reserve flew. For carryover trips, the ASG code will be applied in the new month for those days the Reserve flew in that month.

M. RESERVE SEQUENCE CANCELLATION/REMOVAL

- 1. Prior to Report - If a Reserve is removed from their sequence prior to report due to illegality or cancellation and no RAP was originally assigned, the Reserve shall assume duty for the remainder of the RAP in which the sequence originally reported. If the sequence originally reported in multiple RAPs, Crew Scheduling shall assign the Reserve to the earlier RAP.
- 2. After Report - If a Reserve reports to the airport for a sequence but does not fly (i.e., Reserve reports on time and the flight departs without the Reserve), the Reserve shall only be required to remain available for further scheduling purposes on that same day. Crew Scheduling may require the Reserve to do one of the following:
 - a. be placed on standby duty (not to exceed six (6) hours) for the remainder of their RAP*, or;
 - b. be placed on standby duty (not to exceed six (6) hours) if no RAP originally assigned*, or;
 - c. Released from duty with applicable call-out pay

*A Reserve with any sequence assignment that day will use their report time for the original sequence to determine the applicable maximum duty day. Pay and Credit for any Standby time or assignments from Standby will be in accordance with Paragraph 12.F.9.

- 3. After Report - If a Reserve reports to the airport for a sequence and the flight is delayed or cancelled, the Reserve will be covered under Section 10.J.3.d. If the Reserve is not rescheduled in accordance with Section 10.J.3.d., the Reserve may elect to be processed in accordance with M.1 or M.2. If The Reserve elects M.2, Crew Scheduling will assign the Reserve pursuant to M.2.a, b, or c. The Reserve will continue to have a Reserve obligation for any remaining Reserve Day(s) that were part of the original sequence.
- 4. After Report (Standby)
 - a. If a Standby is assigned a sequence and the flight is delayed or cancelled and the crew is removed from the sequence, the Reserve will be covered under Section 10.J.3.d. The Reserve will continue to have a Reserve obligation for any remaining Reserve Day(s) that were part of the original sequence.
 - b. If a Reserve is assigned a sequence from standby and the sequence is removed prior to origination and not covered in a. above, the Reserve will return to the standby assignment.
- 5. After Origination - A Reserve who has originated a multi-day sequence and is removed mid-sequence due to a reschedule or disruption, if not rescheduled, the Reserve will be released once at base for the remainder of the day, unless rescheduled in accordance with Paragraph 12.O. The Reserve will continue to have a Reserve obligation for any remaining Reserve

Day(s) that were part of the original sequence.

6. ROTA/RAP Assignment for the Day Following the Cancellation/Removal

- a. If the cancellation/removal occurs prior to the ROTA run for the following day, the Reserve will be awarded/assigned in accordance with Paragraph 12.J.
- b. If the cancellation/removal occurs after ROTA has run for the following day, the Reserve will be placed on a full RAP following legal rest. The Reserve may request to be placed on a RAP with a modified start time to accommodate legal rest. Crew Scheduling may but is not required to award the RAP with a modified start time to the Reserve. The RAP will begin one (1) minute after the completion of the required rest and will contain the same end time as the original RAP. A Reserve will not be required to have more than one (1) report on the same calendar day.

N. CALLING OUT OF TIME

The monthly maximum for Reserves will be consistent with the monthly maximum established for Lineholders in each base. The Company may elect not to flex the monthly maximum for Reserves when increasing the monthly maximum for Lineholders during a flex month as provided in Section 10.D.13.e. A Reserve will not be required to accept an assignment that would result in them exceeding the monthly maximum. A Reserve shall not be required to be on call once they have reached the monthly maximum less the value of a minimum day and will be released from any obligation to remain on call for the remainder of the month. At the time of processing, Crew Scheduling will allow a Reserve to ROC or to accept the sequence and exceed the monthly maximum or at Crew Scheduling's discretion, split a sequence to allow a Reserve to reach the monthly maximum. As specified in Paragraph K.4.b, pay and credit hours awarded or assigned while in Aggressive Reserve status shall not be credited when determining if the Reserve has met or exceeded the monthly cap.

O. PRIORITY OF TRIP ASSIGNMENT

The intent of this section is to provide an orderly process for covering all sequences and Standby shifts which remain open after future or daily processing. The priority of assignment will be as follows:

1. Transfer sequence(s) to other bases.
2. A Reserve on a RAP who was previously assigned a sequence by Daily may be reassigned according to Paragraph K.2.f, and Scheduling, Sections 10.J.4 and 10.J.5.
 - a. Reserves will be assigned in the following manner:
 - i. Assigning the earliest departure to the least senior Reserve with a previously assigned sequence, who is available to fly the sequence in its entirety; or
 - ii. If no Reserve is available to take the sequence in its entirety without creating a conflict with their Flex Days, the sequence will be assigned in inverse seniority order such that disruption of Flex Days is minimized.
 - b. A previously assigned unreleased available for duty Reserve who previously volunteered to take an assignment on a RSV day(s) that continues into their Flex Day(s) or Golden Day(s) shall not be reassigned unless there are no other Reserves available to take such a trip, but in no case will the Reserve Flight Attendant be reassigned into their Golden Day(s).

- c. A Reserve who voluntarily makes themselves available on days free from duty (Flex Day(s) and or Golden Day(s)) to Future or Daily Scheduling for a sequence that originates on a Flex Day(s) or Golden Day(s) shall not be reassigned.
 - d. A Reserve who is awarded or assigned a different sequence(s) of a lesser value shall be pay protected to the published value of such originally awarded or assigned sequence. To be eligible for such pay protection, such Reserve must remain available for duty for all of the duty periods covered by the originally awarded or assigned sequence.
3. At the option of Crew Scheduling, to legal and available inbound Reserves.
 4. A Reserve on a Flex Day in inverse seniority order.
 5. To a legal and available member of Inflight management holding a seniority number on the System Seniority List.
 6. A Lineholder on days off in inverse seniority order. The following limitations, in addition to those in Hours of Service, Section 11, shall apply:
 - a. A Lineholder shall not be involuntarily assigned while on vacation or on groupings of days off that touch a vacation period;
 - b. A Lineholder shall not be involuntarily assigned more than twice per bid period;
 - c. Crew Scheduling shall only use a Lineholder's contact numbers when calling to make an involuntary assignment.
 - d. If the involuntary assignment causes the Flight Attendant's line to be projected over their TTS bidding credit window and there is not a trip(s) or segment(s) occurring after the involuntary assignment which could be dropped to bring their line projection into the TTS bidding credit window, the Flight Attendant may refuse the involuntary assignment. A Flight Attendant who is involuntarily assigned a trip will have the option of flying their sequence(s) later in the month and exceeding the TTS bidding credit window, splitting a later sequence of the Flight Attendant's choice off at a point at or below the monthly maximum pursuant to Scheduling, Section 10.M, or dropping a later trip of the Flight Attendant's choice.

P. SEQUENCE VERIFICATION AND RESERVE SIGN-IN

1. Each time a Reserve logs into the system, the Reserve shall be required to electronically acknowledge all changes to that Reserve's line in the current bid period and the next bid period, if applicable, before proceeding to any other function in the system.
2. A Reserve shall be required to check their future assignment (ROTA) as specified in Paragraph J.4.
3. Daily assignments (ROTD) for the following day occurring after ROTA processing will be added to the Crew Scheduling system and the Reserve may acknowledge the assignment prior to the commencement of their RAP. However, Reserves who have already acknowledged an assignment for the following day will be notified of any sequence reassignment by positive contact.
4. At the commencement of a RAP, it is the Reserve's responsibility to review and acknowledge through an electronic system any assignment that has already been added to their schedule. The Reserve shall receive a receipt confirming the acknowledgement. As an exception to this, Crew Scheduling must make positive contact with any Reserve with a RAP commencing

between 0000-0500 if the Reserve has not already acknowledged the assignment through the electronic system and received a receipt confirming the acknowledgement. A Reserve with a RAP commencing between 0000-0500 will not be required to acknowledge the award/assignment at the start of their RAP.

5. Daily assignments (ROTD) for the same day, occurring once the RAP has commenced, will be made by positive contact, unless the Flight Attendant has electronically acknowledged the assignment. A Flight Attendant shall not be called during the period of 0000-0500 HBT unless the departure is within three (3) hours or unless necessary to prevent a delay.
6. If a Reserve fails to acknowledge an assignment(s) as required, Crew Scheduling may remove the Reserve from the affected sequence. In that case, the Reserve shall forfeit all pay and credit associated with the sequence and their guarantee may be adjusted as specified in Paragraph S.
7. If a Reserve has not checked-in for a sequence by ten (10) minutes past the scheduled report time, Crew Scheduling may remove the Reserve from the affected sequence. In that case, the Reserve shall forfeit all pay and credit associated with the sequence and their guarantee may be adjusted as specified in Paragraph S.

Q. ASSIGNMENT/REPORT INFORMATION

The Company shall provide a Reserve access to an electronic reserve status system providing real-time information that allows a Reserve to view the following. The system shall run continuously in the crew tracking system and be accessible through the Internet.

The following information will be provided by 1200 HBT daily and updated on a real-time basis:

1. Reserve's name, seniority number, reserve availability shift, and bids, which shall be sorted and displayed by seniority;
2. Date, sequence number, sequence credit, and release time of last assignment;
3. Date, sequence number, sequence credit, and release time of current assignment;
4. Date, sequence number, and time current sequence was assigned by Crew Scheduling;
5. Total bid period-to-date earned pay and credit and bid period projected pay and credit;
6. Days of availability remaining; and,
7. Number of Flex Days off adjacent to last day of reserve availability.
8. All standby shifts; start time, base, duration, airport and terminal, minimum days of availability required, and how many Reserves needed for each standby shift.
9. Number of Reserves required for RAP and number of speaker positions by language required for each RAP.
10. For each Reserve on standby, the Reserve's name, seniority number, employee number, start time and end time, airport and terminal, activity if assigned (sequence and boardings), if released or extended for standby, days of availability, and total bid period-to-date earned pay and credit and bid period projected pay and credit.

R. NOT LEGAL TO FLY

If as a result of unscheduled conflicts that would cause a Flight Attendant to remain on duty/on call for seven (7) consecutive calendar days or more without twenty-four (24) consecutive hours free from all restraint or duty, an off day (not legal to fly day) will be scheduled on the day following the termination of the assignment.

S. MONTH TO MONTH INTEGRATION

1. Reserve to Lineholder

If an assignment of a sequence which continues from one month into the next is necessary, the Flight Attendant shall operate such sequence in its entirety.

Such Reserve shall not be assigned a sequence until after the point in the Reserve order of assignment language in which Reserves have been assigned sequences into Flex Days. Such Reserve will be pay protected for any flight time lost, if applicable, as a result of operating the continuation of such sequence. If an assignment of a sequence in the current month causes an illegality for a sequence in the subsequent month, pay protection provided for consistent with Illegal Through No Fault shall apply.

2. Lineholder to Reserve

A transition sequence awarded during PBS, TTS, or ETB which overlaps Flex or Golden Days in the subsequent month shall be paid as pay no credit and such days off shall not be restored. A transition sequence awarded during PBS, TTS, or ETB which overlaps available days in the subsequent month shall be paid as pay and credit. If such sequence has been awarded prior to PBS, the Flight Attendant shall be able to elect during the PBS bid whether to treat the trip as RSV or days off.

T. RESERVE TRIP TRADING/DROPPING

1. Reserve Trip Trades

- a. A Reserve may trade a reserve assignment with another Flight Attendant.
- b. Time will be pay and credit and will not affect reserve guarantee.
- c. Reserve trip trades on days off will be as specified in Scheduling, Section 10.

2. Reserve Trip Drop to Another Flight Attendant

A Reserve may utilize the ETB or Trades through Crew Scheduling to relinquish a trip sequence to another Flight Attendant.

- a. A Reserve relinquishing a trip sequence will have their Reserve Guarantee reduced by the value of the relinquished trip and such hours will be applied to their monthly maximum.
- b. All legalities related to the dropped trip sequence will be assumed, as scheduled to be flown. A Reserve at their option may waive such home base rest consistent with Scheduling, Section 10.

U. RESERVE FLIGHT ATTENDANTS WITH MISSED TRIPS

When a Reserve Flight Attendant receives a missed trip for a particular assignment, the Flight Attendant will be subject to one (1) of the following options:

1. Release from their availability obligation for the remainder of the day. If this option is chosen, then the Reserve's guarantee will be docked for that one (1) day only. The Flight Attendant will then be released until their next day of obligation to the Company.
2. Remain available for the remainder of that day. In this option, Crew Scheduling may, at its discretion, either: 1) assign the Flight Attendant to another trip; 2) assign the Flight Attendant to airport Standby; or 3) assign the Flight Attendant back to their reserve obligation for that day. If the Flight Attendant is held available to Crew Scheduling under Paragraph S and is not assigned another sequence or Standby duty, then their guarantee will not be docked for that day, even if a trip is not assigned for that day.
3. Under the options in Paragraphs S.1.a and S.1.b, the original missed trip will remain on the Flight Attendant's record for attendance purposes.

V. GENERAL

1. When an award or assignment is given to a Reserve, Crew Scheduling will identify the published sequence number. If it is an unpublished sequence, the Reserve will be notified of the entire sequence, including routing, duty time, credit, sequence number(s), aircraft type(s), report time, and release time. If the layover hotel is different from the normally scheduled hotel, the Reserve will also be notified of the contact number and any special transportation arrangements.
2. All times in this Section are HBT unless otherwise specified.

W. EXCEPTION TO STANDBY ASSIGNMENTS - (OUT-OF-BASE RESERVE STANDBY ASSIGNMENT)

1. A Reserve may be assigned or awarded a Reserve Standby shift in another base if the Company determines that there are no remaining Reserves in that base to cover the Reserve Standby shift(s). Such assignment will be in accordance with Reserve Duty, Section 12. The Reserve must have the days and hours of availability specified in Reserve Duty, Section 12.F, in addition to any credit or block hours associated with the deadhead to/from the out-of-base Reserve Standby assignment. In addition, if accepting the out-of-base assignment, including the deadhead to the assignment, would cause the Flight Attendant to exceed the provisions of Hours of Service, Section 11, the Flight Attendant shall have the option of refusing the assignment.
2. A Reserve on an out-of-base Reserve Standby assignment shall receive the greater of the following:
 - a. Trip Rig from time of check-in for departure from the Reserve's base until released in their base;
 - b. If not assigned a trip while on Reserve Standby Duty, Reserve Standby pay in addition to the greater of the deadhead(s) credit or Duty Rig, excluding time spent on Reserve Standby;
 - c. If assigned a trip while on Reserve Standby Duty, the value of the trip in addition to the greater of the deadhead(s) pay or Duty Rig until report time for the trip. Additionally, the Flight Attendant will receive the greater of the deadhead credit or Duty Rig from release from the trip until release in their base.
 - d. A Flight Attendant will receive no less than the minimum daily average for any day(s) spent deadheading to or from an out-of-base Reserve Standby assignment or any days spent on an out-of-base Reserve Standby assignment. If a Flight Attendant deadheads

and serves Reserve Standby in the same day, such Flight Attendant will only receive minimum guarantee for that day.

3. If deadheading to the Reserve Standby assignment, the Duty Rig in Paragraphs I.2.b and I.2.c will start at check-in for the deadhead flight. If deadheading back to the base, the Duty Rig will end at checkout in the Flight Attendant's base. The value of the Reserve Standby shift and/or sequence will be as established in Reserve Duty, Section 12.F. Deadheads to and from an out-of-base Reserve Standby assignment will receive one hundred percent (100%) deadhead pay and credit.
4. A Flight Attendant already on Reserve Standby Duty in their base may receive an out-of-base Reserve Standby assignment only if they have the days and hours of availability for the new Reserve Standby assignment as specified in Paragraph I.1. The start of the Reserve Standby shift in their base shall be used for purposes of calculating the Duty and Trip Rigs specified in Paragraph I.2 and the minimum guarantee for the day.
5. Any out-of-base Reserves on Reserve Standby Duty will be processed in seniority order among themselves regardless of the shift start time after in base Reserve Standbys have been offered the trips.

SECTION 13 - TEMPORARY DUTY ASSIGNMENT (TDY)

A. DETERMINATION AND DURATION OF TEMPORARY DUTY

1. A temporary duty assignment (TDY) is an assignment to perform Reserve duties at a crew base other than a Reserve's own crew base. If the Company determines that additional Reserves are required to meet the flying requirements in a crew base, the Company will announce such temporary duty vacancies for bid and assignment among Reserves at other crew bases where the Company has determined that Reserves are available to cover such temporary duty.
2. TDY assignments may be for a duration of one (1) week, two (2) weeks or a full bid month, including any days spent deadheading into and out of the TDY crew base. The Company may deadhead a Reserve the day before a TDY assignment only if the Reserve is on an RSV day, in which case the Reserve will receive Per Diem and the additional hours provided in Paragraph D.3, prorated on a daily basis. Any sequence assigned to a TDY Reserve at the TDY crew base must end within the TDY period, except as provided in this Paragraph. When an assignment is necessary and no other Reserves are available in the TDY crew base, a TDY Reserve may be assigned a sequence that extends beyond the TDY period. If a sequence extends beyond the TDY period, the additional hours provided for in Paragraph D.3 shall be prorated on a daily basis for the additional day(s) beyond the original TDY period until the TDY Reserve returns to their crew base. If coverage permits, the sequence will be split at the TDY Reserve's option at a Flight Attendant crew base to avoid or minimize the TDY extension. The TDY Reserve will continue to receive Per Diem until released in their crew base.

B. LIMITS TO AWARD AND ASSIGNMENT

1. TDY vacancies will be for Reserve positions only.
2. TDY vacancies will be available for bid by Reserves and will be awarded in accordance with Seniority, Section 20.  - c. Report date for TDY assignment(s);
 - d. Projected length of TDY assignment(s);

 - a. Two (2) consecutive months;

- b. More than two (2) months in any twelve (12) consecutive months.
5. A Reserve with a leave of absence, injury on duty or TDY that overlaps a TDY period may not be awarded or assigned to TDY during such period.
6. A Reserve who voluntarily bids and is awarded TDY with a vacation contained within or overlapping a TDY period will forfeit their vacation, except for pay and credit purposes. A Reserve forfeiting vacation pursuant to this Paragraph will revert back to the Reserve's original schedule (pre-vacation move). A Reserve with a vacation that overlaps a TDY period will not be involuntarily assigned to TDY.

8. A foreign language speaker Reserve may be restricted from being awarded a non-foreign language speaker assignment because of limited staffing within their language in their crew base. A foreign language speaker Reserve may only be involuntarily assigned to non-foreign language speaker TDY assignment when there are no non-foreign language speaker Reserves available for assignment from any crew bases that are offering TDY assignments.
9. If the Company posts a TDY vacancy requiring a foreign language speaker, it will be processed in the following order:

The Company will electronically offer VE to each Flight Attendant, and each Flight Attendant will respond with an accept or reject. The Lead/Number 1 Flight Attendant will be the contact to follow up on responses regarding the offer to extend. Any crewmember(s) who wishes to extend may call Crew Scheduling to request initiation of the process provided maximum duty limitation is expected to be exceeded. A Flight Attendant who voluntarily agrees to work past eighteen (18) hours may be required to work up to a maximum of nineteen (19) hours and shall receive pay as detailed below. In actual operations eight (8) hours "behind the door" minimum rest is required. If the minimum rest of eight (8) hours "behind the door" cannot be met in the actual operation of a trip sequence, the crew upon reaching the layover hotel should contact the Company directly to reschedule the crew.
2. A Flight Attendant on an IPD duty period shall be provided no less than fourteen (14) hours layover rest (calculated from release from duty to report). J. FOREIGN CREW BASE

1. Definition

A foreign crew base is a Flight Attendant base located outside of the fifty (50) United States. All foreign crew bases shall be common crew bases for Flight Attendants and Pilots unless the Company establishes a cargo-only foreign pilot base that does not operate passenger revenue flights.

2. Written Notice

The Company will give the APFA at least ninety (90) days written notice of its intent to open a foreign crew base. Foreign crew base positions will be available for bid and awarded by system seniority. Flight Attendants awarded and/or assigned to foreign crew bases shall be covered by all terms of the Agreement and the Railway Labor Act. The Company shall not claim in any arbitration or court proceeding that the Flight Attendants are not covered by the Agreement and the Railway Labor Act.

3. Foreign Crew Base Allowance

In the event the Company seeks to establish a foreign crew base, the parties recognize that the establishment of a foreign crew base raises important issues of housing allowances, tax protection, cost of living differentials, currency exchange rates and other matters which are extremely technical. Therefore, in view of the importance of such issues to Flight Attendants who may consider submitting bids for a foreign crew base, the parties agree:

- a. to mutually explore elements to be included in a foreign crew base allowance, taking into consideration the experience of other Flight Attendant groups;
- b. that, if possible, a foreign crew base allowance, to include the agreed elements will be mutually agreed to prior to the posting of a crew base bid for such foreign crew base. In the event of failure to agree, the issue will be decided by expedited interest arbitration pursuant to Dispute Resolution and Grievance Procedures, Section 30;
- c. that the foreign crew base allowance, once established, will be retroactive and will be updated regularly to account for changed conditions.

K. TRAINING

1. A Flight Attendant must be trained for IPD Flying and current in such training to fly IPD trips. A Flight Attendant must attend required IPD training on the dates such training has been scheduled. Notwithstanding the above, if a Flight Attendant is unable to attend such training, such Flight Attendant will be scheduled for different training dates.
2. If the Flight Attendant completes training prior to the start of the bid period, the Flight Attendant shall be eligible for International premium pay, if applicable, at the start of the bid period. **2022**
3. If the Flight Attendant is available to attend training prior to the start of the bid period and the Flight Attendant has IPD trips scheduled in their line but the Company cannot offer IPD training and/or training on the Company's IPD aircraft prior to the start of the bid period, such Flight Attendant will be eligible for all international premiums, if applicable, for the Domestic flying the Flight Attendant does after the start of the bid period.
4. If the Flight Attendant is not available to attend training until after the start of the bid period and the Flight Attendant has IPD trips scheduled in their line, the Flight Attendant may be required to fly Domestic sequences until awarded/assigned IPD training and/or training on the Company's IPD aircraft. Such Flight Attendant shall be eligible for all international premiums, if applicable, after the earlier of the completion of training or the sixteenth (16th) day after becoming available to attend training.
5. A Flight Attendant awarded or assigned a position on an IPD sequence(s) via PBS, TTS, or ETB shall be required to successfully complete the initial IPD service and procedure training and any required aircraft training. Premiums will be paid as outlined in Paragraph K.3 or K.4.

In order to provide coverage for flights on which Purser are required, the Company shall determine the number of Flight Attendants required to be qualified as Purser at each base, as follows:

- a. On a yearly basis, operational requirements shall be determined by dividing the projected number of aircraft hours for the flights on which Purser are required by the average line value.
- b. The Flight Attendants qualified as Purser shall include a minimum of one hundred and fifty percent (150%) above the operational requirements.
- c. In addition to the requirements specified in Paragraph L.2.b, the Company agrees to offer Purser training classes to accommodate a minimum of one hundred (100) Flight Attendants per year. This annual training class requirement is in addition to any base-specific Purser training classes needed to meet the operational requirements during the year pursuant to Paragraphs L.2.a-b above.
- d. The Purser position will not create a vacancy in a base. To bid into the Purser program a Flight Attendant must be in the base of the Purser position or transferring into the base, pursuant to Filling of Vacancies, Section 22, concurrently with the Purser posting.
- e. A Flight Attendant awarded a Purser vacancy must remain in the Purser program for a minimum of six (6) months. A Flight Attendant who fails to achieve this requirement at no fault of their own (i.e., adequate bidding but insufficient seniority to hold Purser monthly bid position) will be considered to have met their obligation. A Purser who does not achieve the participation level will lose their Purser qualification

effective the first day of the contractual month of March. Such Purser will be eligible to reapply to the program effective one (1) year following the date of disqualification.

- f. When more than one (1) Purser qualification or requalification class is being offered in a year, the classes shall be offered in a minimum of two (2) months.
5. Scheduling
- a. Monthly Bid and Award Process

However, if such sequence is awarded to a Purser qualified Flight Attendant during this process, the Flight Attendant shall be entitled to the Purser premium.
 - iii. Position determination for a Purser designated sequence awarded through Post-TTS Daily Processing or Reserve Processing, shall be offered as follows:
 - (a) In the event there are no Purser qualified Flight Attendants on the flight, the Purser position shall be changed to a Lead/Number 1 Flight Attendant position and filled in accordance of Scheduling, Section 10; and the Flight Attendant working the Purser position shall receive Purser pay;
 - (b) In the event there is one (1) Purser qualified Flight Attendant on the flight, they shall fill the Purser position;
 - (c) In the event there are two (2) or more Purser qualified Flight Attendants on the flight, the Purser position shall be offered first in seniority order and then assigned in reverse seniority order;

- c. The provisions of TTS, ETB and Sequence Trades through Crew Scheduling as found in Scheduling, Section 10, shall apply to Purser qualified Flight Attendants except that a Purser qualified Flight Attendant may not trade a Purser designated sequence for a non-Purser designated sequence unless the Flight Attendant is trading a Purser designated sequence with another Purser qualified Flight Attendant. L. LANGUAGE RESIGNATION PROFFERS

1. Annual Language Resignation Proffer

The Company will proffer system-wide notice of language resignations on September 1st of each year. These additional proffers will be posted for a minimum of twenty-one (21) days, with resignations effective with the contractual month following the proffer awards. - 4. If the scheduled deadhead is to a layover city, then the Flight Attendant is also responsible for their own transportation to the layover hotel. The Flight Attendant will also be responsible for any additional hotel charges due to an early hotel arrival;

5. Be ready to receive passengers on the first live leg according to the provisions of Hours of Service, Section 11 M;
6. Be paid and credited for the deadhead as if the Flight Attendant had flown the original scheduled deadhead;
7. Be paid Per Diem and duty rig as if the Flight Attendant had flown the original scheduled deadhead; and,
8. Contact Crew Scheduling as soon as possible when encountering any unanticipated delays which would affect the Flight Attendant's arrival at the downline station.
9. A Reserve who has been released consistent with the parameters of Reserve Duty, Section 12, may utilize the provisions of Paragraph G.
10. The provisions of Paragraph G will also be made available to commuters if the actual flying portion of the trip sequence begins in the Commuter's Designated City, including SJU.
11. The provisions of Paragraph G will also be made available to commuters if the actual flying portion of the trip sequence begins at a station other than the Commuter's Designated City (as indicated in SABRE). The commuter will be provided with positive space travel under the same pass classification as the originally scheduled deadhead to the station where the actual flying portion of the trip sequence commences.
12. A Flight Attendant at a co-terminal with a deadhead leg(s) at sequence origination may request to have the deadhead originate at a different co-terminal. Such Flight Attendant should contact Crew Scheduling as soon as possible to make such a request. If the award/assignment was given through ROTA, the Reserve should contact Crew Scheduling no later than 2230 HBT on the day of assignment, except as provided in Section 12.J.4. If the award/assignment was given through ROTD, the Reserve should make their request at the time of the award/assignment. Crew Scheduling approval of Reserve requests will not be unreasonably withheld. Legalities and pay will be based on the originally scheduled deadhead.
13. A Flight Attendant who chooses to waive the deadhead to a layover city is also considered to have waived any required legal rest for that layover city.
14. Once Crew Scheduling has approved a waiver of deadhead on a particular trip sequence(s), the Flight Attendant may not subsequently trade or drop that trip sequence(s).
15. The provisions of Paragraph G.11 and G.12 will not apply if the scheduled deadhead is on offline air transportation (e.g., new service or seasonal start up). A sequence with scheduled offline air transportation may not be traded in ETB or TTS/UBL within forty-eight (48) hours prior to sequence report.
16. The provisions of Paragraph G will not apply to probationary Flight Attendants.
17. If a Flight Attendant who takes an alternate deadhead, as provided by the Company, from their commuter city or co-terminal is unable to be positioned for the first live leg due to a cancellation or delay, at the Flight Attendant's option, they will be split on to their original sequence or other offered flying unless Crew Scheduling determines it is impracticable to do so. If split on to the sequence or the offer of other flying is accepted, the Flight Attendant will be pay protected in accordance with 10.J.10. If the Flight Attendant is not split on to the original sequence or other flying, they will not be pay protected but will be able to pick up flying as provided for in Section 10 of this Agreement.

H. DEADHEAD ON LAST LEG OF A TRIP SEQUENCE

1. A Lineholder scheduled to deadhead on the last leg of their trip sequence may choose not to take the deadhead. The Lineholder shall notify Crew Scheduling of their election to not take the deadhead following their last live leg debrief period but may book an alternative deadhead in accordance with the times established in Paragraph H.5., below. The notification of the choice not to take the deadhead will be by telephone until such times as an electronic means are available.
2. With Crew Scheduling's consent, a Reserve scheduled to deadhead on the last live leg of their sequence may choose not to take the scheduled deadhead, provided that is the Flight Attendant is available for their subsequent Reserve assignment.
3. A Flight Attendant who elects not to take a scheduled deadhead will be paid and credited for the originally scheduled deadhead portion as if the Flight Attendant had flown the deadhead. Per Diem and duty rig will be paid as if the Flight Attendant had flown the deadhead.
4. Legalities will continue to be based on the scheduled deadhead and a Flight Attendant shall not be required to request a duty limitation waiver to take an alternate deadhead. However, at their option a Flight Attendant who takes an earlier deadhead home to their crew base or co-terminal may contact Crew Scheduling after completion of the actual deadhead to have their legal at-home rest commence according to the actual deadhead flight(s). The Flight Attendant will become legal and available to pick up trips based on the conclusion of the new rest period following the earlier deadhead.
5. In addition to the applicable notification requirements in H.1. or 2., a Flight Attendant may elect an alternative deadhead on either American Airlines or on a carrier whose inventory is controlled by the Company in accordance with the following:
 - a. **Return to a Different Co-Terminal:** If a Flight Attendant elects to change their terminating deadhead segment to a different co-terminal airport, the Flight Attendant may self-book after the sign-in of the sequence and up to sixty (60) minutes prior to departure of the requested deadhead. The requested deadhead may be on the same day as the last live leg and up to and including the day of the originally scheduled deadhead. The Flight Attendant will be provided the requested deadhead at the same priority as the original deadhead. A Flight Attendant who voluntarily requests to change the co-terminal of origination or termination will not be entitled to transportation; however, local agreements regarding transportation may apply.
 - b. **Return to Crew Base (earlier deadhead on same day as original deadhead):** If a Flight Attendant elects to return on an earlier deadhead to their crew base on the same day as the original deadhead, the Flight Attendant may stand by for the flight at their original deadhead priority. Alternatively, on the same day as the last live leg and up to sixty (60) minutes prior to departure of the requested deadhead, a Flight Attendant may elect to self-book an earlier deadhead. The Flight Attendant will be provided positive space travel in accordance with the Company Business Travel Policy on the same day as the last live leg on a flight(s) for which Company business travel seats are available.
 - c. **Return to Crew Base (when scheduled to layover prior to deadhead-only duty period):** If a Flight Attendant is scheduled to layover prior to a scheduled deadhead-only duty period, they may self-book an earlier deadhead after the sign-in of the sequence and up to sixty (60) minutes prior to departure of the requested deadhead. The requested deadhead may be on the same day as the last live leg and up to and including the day of the originally scheduled deadhead. If seats are available at the time of the request, the Flight Attendant will be confirmed for the requested deadhead. If seats are not available, the Flight Attendant may stand by for the flight at their original deadhead priority.

- d. **Return to Commuter City (on or before the same day as original deadhead):** If a Flight Attendant elects to return to their commuter city on a flight other than their originally scheduled deadhead, the Flight Attendant may self-book after the sign-in of the sequence and up to sixty (60) minutes prior to departure of the requested flight. The Flight Attendant will be provided positive space travel in accordance with the Company Business Travel Policy on the same day of the last live leg and up to and including the day of the originally scheduled deadhead.

Positive space travel will be limited to one (1) segment within the fifty (50) United States and Puerto Rico unless the trip sequence includes more than one (1) deadhead segment at termination. In no case will the positive space travel exceed the number of segments returning to base. For International flights, positive space travel will be limited to one (1) leg back to the fifty (50) United States and Puerto Rico.

6. A Flight Attendant scheduled to work the last segment of their trip sequence may trade with a Flight Attendant scheduled to deadhead on such flight, provided the Flight Attendants notify Crew Scheduling, and the flight will not take a delay to accomplish such change. Each Flight Attendant accepting the trade must be legal to accept such flight assignment. The Flight Attendant who was originally scheduled to work the flight will be paid as if they had worked such flight. If the Flight Attendant who is now scheduled to deadhead the last segment of their trip sequence elects to not take the scheduled deadhead, they will be paid in accordance with H.3.
7. A Flight Attendant who elects to take an on-line flight other than those alternative deadheads provided for in H.5, above (e.g. other locations or different days) shall travel on a space-available basis. The boarding priority for a Flight Attendant traveling on this space-available basis shall be in accordance with Company policy.

I. SURFACE TRANSPORTATION

1. Except as provided in Paragraph I.2, a Flight Attendant required by the Company to surface deadhead between airports shall receive pay and credit for travel time in accordance with Paragraph A, which shall be determined by dividing the American Automobile Association miles between the applicable airports by forty (40). A Flight Attendant may request additional pay in cases of extraordinary delays during surface deadheads by submitting a pay exception form. However, in no instance will a Flight Attendant be credited with less time than a pilot for the same airport combination. Surface deadhead means:
 - a. Company required ground transportation of a Flight Attendant between two (2) airports without an intervening layover;
 - b. Company required ground transportation of a Flight Attendant between a hotel and an airport that is more than fifty (50) American Automobile Association miles apart; or
 - c. Company required ground transportation of a Flight Attendant between a hotel and an airport when the Flight Attendant flies into one airport and out of another.
2. A Flight Attendant required by the Company to surface deadhead between airports which are included in the Ground Transportation Chart below shall be paid and credited as provided in the chart and such times shall be used for purposes of duty time calculations. The Company shall meet and confer with the APFA regarding the applicable flight time credit for travel between airports in the same metropolitan area which are not included in the Chart. If the parties are unable to agree to the pay and credit, the matter shall be submitted to the System Board of Adjustment, Section 31, for a determination. The arbitrator's award shall govern any travel being grieved and all future instances of travel between the two (2) airports. However, in no instance will Flight Attendants be credited with less time than pilots for the same airport

combination.

3. For the purpose of scheduling release, report and connection times, a surface deadhead will be treated as if it were a flight deadhead, including the normal report and release times applicable to the flight deadhead. A Flight Attendant may call Crew Tracking to revise their release time if the actual release exceeds the scheduled release time. Such additional time shall be used to adjust the Flight Attendant's rest and in calculating their trip and duty rigs.
4. All premiums and Per Diem will apply to surface transportation.
5. A Flight Attendant will not be required to drive a vehicle when surface deadheading. Only when alternate transportation is not available will a Flight Attendant be required to surface deadhead with passengers.

J. BOARDING PASSES AND SEAT ASSIGNMENTS

1. A deadheading Flight Attendant unable to obtain a boarding pass through self-service options may request a boarding pass at the gate.
2. At the time trip sequences are published, the Company shall book all scheduled deadheads in aisle and window seats, if available. However, in no case will such seat assignments be in non-reclining seats unless no other seats are available at the time of booking. Paragraph J is not intended to displace a passenger already holding a seat assignment when the scheduled deadhead seats are booked. The provisions of Paragraph J shall only apply to flights on which the Company provides advance seat assignments for passengers or deadheading flight crew members.
3. For deadheads that are not scheduled in advance, at the time of departure every effort shall be made to seat deadheading Flight Attendants in window and aisle seats, with reclining seats. This Paragraph is not intended to displace a passenger already holding a seat assignment or to preclude an agent from assigning a seat to a revenue passenger(s) prior to the arrival of a deadheading Flight Attendant to the gate.
4. A deadheading Flight Attendant may pre-board the aircraft provided the minimum number of Flight Attendants for the working crew is on board or board immediately if boarding has commenced. In the event overhead bins are full, a deadheading Flight Attendant in or out of uniform shall have their bag(s) valet checked. The bags shall be off loaded before checked baggage and brought to the aircraft door upon arrival.

A commuting Flight Attendant in or out of uniform occupying the jumpseat shall secure their luggage in an available overhead bin(s). If the luggage cannot be accommodated in the overhead bin(s), the Flight Attendant may valet check their crew luggage at the gate.

5. A deadheading Flight Attendant attired either in uniform or in accordance with the dress code required for First or Business Class non-revenue employee travel shall be eligible for upgrade from coach on a space-available basis in accordance with Company policy. In no case shall Flight Attendants requesting an upgrade have a less favorable boarding priority than other flight crew members.
- K. A Flight Attendant who becomes sick or injured on a trip and is unable to complete their trip will be provided positive space transportation to the Flight Attendant's crew base or residence on the next available flight on American Airlines or on a carrier whose inventory is controlled by the Company. At the request of the Company, a Flight Attendant may be required to obtain a medical release to travel, at the Company's expense, prior to returning to their crew base or residence. If the Flight Attendant is unable to fly, appropriate alternate ground transportation will be provided by the Company. The terms and conditions of such positive space travel shall be in accordance with Company policy. The policy regarding travel for ill or injured Flight Attendants shall be no less favorable than the policy afforded to pilots.
- L. After report and prior to release of the last working leg of the sequence, a deadheading Flight Attendant may be rescheduled to work the flight, instead of deadheading, if the Flight Attendant scheduled to work the flight is unavailable. If the deadheading Flight Attendant is required to work the flight instead of deadheading, the Flight Attendant will be provided the protections of Section 10.J.10, for the sequence. The opportunity to be rescheduled shall be offered to the Flight Attendants in seniority order. If insufficient Flight Attendants volunteer to be rescheduled, assignments will be made in inverse seniority.
- M. If Flight Attendants experience repeated difficulties associated with deadheading or surface transportation, the APFA may notify the Vice President of Inflight, or a designee, of the APFA's desire to convene an ad hoc Deadheading Committee comprised of Company and APFA representatives to investigate the perceived difficulties and report back to the Company and the APFA on the Committee's findings and recommendations, if any.

SECTION 17 - CO-TERMINALS

A. **CO-TERMINALS.** "Co-terminals" as used in this Agreement shall mean:

1. Kennedy/Newark/La Guardia
2. O'Hare/Midway
3. Dallas-Fort Worth International Airport/ Love Field
4. Los Angeles/Ontario/Burbank/Long Beach/Orange County
5. San Francisco/Oakland/San Jose
6. Washington National/Dulles International/Baltimore-Washington International
7. Miami/Ft. Lauderdale/West Palm Beach

*Ground transportation, if requested, will be provided from/to LAX for any operation involving sequences originating and terminating at the prescribed co-terminals.

"Co-terminals" shall mean two (2) or more airports serving the same metropolitan area. The Company will meet and confer with the APFA before adding a new co-terminal.

B. When a Flight Attendant is scheduled out of one (1) airport and into another airport serving the aforementioned co-terminal, such Flight Attendant will be paid and credited as specified below:

1. Co-Terminal Sequence Chart

Co-Terminal Sequence	Time	Co-Terminal Sequence	Time

2. Future Co-Terminal Sequences. The Company and the APFA will meet as necessary to agree on any other co-terminal sequences and corresponding times.

C. For the purpose of scheduling release, report and connection times, a surface deadhead will be treated as if it were a flight deadhead, including the normal report and release times applicable to the flight deadhead. A Flight Attendant may call Crew Tracking to revise their release time if the actual release exceeds the scheduled release time. Such additional time shall be used to adjust the Flight Attendant's rest and in calculating their trip and duty rigs. If pilots are provided greater pay and credit for transportation between co-terminals, such provisions will be extended to Flight Attendants.

D. All premiums and Per Diem will apply to such surface transportation.

- E. In the event that transportation is not available within the limits described in Paragraph F, and it is anticipated that such transportation will not be available to depart for a period in excess of four (4) hours, lodging shall be provided in accordance with Crew Accommodations, Section 6, and will continue until such transportation is available.
- F. A Flight Attendant whose trip originates at one (1) airport and terminates at another airport at the Flight Attendant's co-terminal shall be furnished transportation one (1) way between one (1) airport and the other, at the Flight Attendant's option ("reversing the limo"). When transportation is not provided by the Company within thirty (30) minutes and such transportation does not leave within forty-five (45) minutes after the Flight Attendant arrives at the airport and reports to the limousine pick up area, such Flight Attendant may use any other available means of ground transportation between one (1) airport and the other and may claim reimbursement for expenses for such transportation on the regular Company expense account form and shall be reimbursed.
- G. In the event that a crew base within a co-terminal becomes a separate and independent crew base, as defined in Definitions, Section 2, Section 17 shall cease to be in effect for the affected crew base.
- H. The Company shall provide paid employee parking in accordance with Expenses, Section 4, or reasonable reimbursement for parking at each airport in the co-terminal location.

SECTION 18 - CHARTERS

- A. Charters known before the completion of sequence construction will be built into sequences at a crew base in accordance with Hours of Service, Section 11, and shall be identified as a charter in the bid package.
- B. Charters not built into sequences at the time of line construction shall be designated as open time flying within a crew base.
- C. As an exception to Paragraphs A and B, when a Charter client requests a specific Flight Attendant crew, the Company will attempt to honor such request. Such exceptions shall not exceed ten percent (10%) of all charters. Contractual language set forth in Hours of Service, Section 11, may be modified subject to Charter requirements, but in no case will the Company exceed the FARs.
- D. The Company will adhere to the "No Discrimination" provision of General, Section 37.A.
- E. As an exception to Section 11.M.-N. and Section 14.E.-F, when a charter is not boarding from an airport terminal gate, report time will be two (2) hours prior to scheduled departure and Flight Attendants will be provided one hour and fifteen minutes (1:15) of surface transportation pay and credit. On such flights, Flight Attendants will be required to be on board the aircraft ready to receive passengers one hour and fifteen minutes (1:15) prior to scheduled departure.

SECTION 19 - CIVIL RESERVE AIR FLEET (CRAF)

A. The term CRAF means all flight operations conducted in support of the Civil Reserve Air Fleet (CRAF) program during activation in accordance with agreements between the Company and the Department of Defense covering operations of Company aircraft, including all deadhead and ferry flights relating to such operation. All applicable provisions of this Agreement and any related Side Letters included in this Agreement shall apply to CRAF flying except as specifically modified in this Section. In the event other flight crew members receive additional compensation for non-CRAF military charters, the provisions of Paragraph B.1 shall apply.

B. COMPENSATION/EXPENSES

1. In addition to International pay as provided in Compensation, Section 3, where applicable, Flight Attendants engaged in the CRAF operation shall receive an additional override of five dollars (\$5.00) for each hour while participating in CRAF activation.
2. If a CRAF sequence is rescheduled, a Flight Attendant shall receive the greater of the scheduled or actual pay and credit for the sequence.
3. If required to remain on duty with CRAF passengers at originating, intermediate and terminating stations, Flight Attendants will be paid twelve dollars (\$12.00) per hour or fraction thereof when participating in the CRAF activation for all time in excess of thirty (30) minutes before departure and thirty (30) minutes after arrival.

Example 1

At an originating station, a Flight Attendant is required to remain on duty while troops begin boarding at 0700 until the flight departs at 0735. The Flight Attendant is entitled to twelve dollars (\$12.00).

Example 2

At an originating station, a Flight Attendant is required to remain on duty while troops begin boarding at 0900 until the flight departs at 1001. The Flight Attendant is entitled to twenty four dollars (\$24.00).

Example 3

A CRAF flight from CLT makes an intermediate stop in CDG. A Flight Attendant is required to remain on duty with the CRAF passengers from 1000 until the aircraft depart at 1029. The Flight Attendant is not entitled to additional pay. If the same flight would have departed at 1031, the Flight Attendant would be entitled to twelve dollars (\$12.00).

4. In addition to the International or Domestic Per Diem as provided in Expenses, Section 4.A, Flight Attendants will be provided an override of twenty-five (\$0.25) cents per hour for all hours while serving in the CRAF Operation. In the event the Company increases the override provided to Pilots, such increased override will be extended to Flight Attendants.

C. STAFFING

All CRAF operations shall be staffed in accordance with the chart below. Should the Company contract to provide CRAF services utilizing aircraft other than aircraft specified below, the Company and the APFA will meet and discuss the appropriate crew complements and crew rest seats for such services. Additional staffing may be utilized as determined by the Company.

Aircraft Type *	Duty Period Scheduled up to 14 hours	Duty Period Scheduled over 14 hours but less than or equal to 16 hours	Duty Period Scheduled over 16 hours but less than or equal to 18 hours	Duty Period Scheduled over 18 hours but less than or equal to 20 hours
B777-200	10	11	12	12
B777-300	12	13	13	14
B787-8	10	11	11	11
B787-9	10	11	11	11

* Eligible aircraft type subject to change based on government contracts.

D. CRAF PREFERENCE LIST

1. In anticipation of the emergency nature of the CRAF operation, the Company shall keep on file a currently effective CRAF Preference List which shall include, in order of system seniority, all Flight Attendants desiring to fly the CRAF operation. This list shall be available for repreferencing on September 1st of every year. Any Flight Attendant on the System Seniority List who requests to be added during repreferencing will be added to the CRAF Preference List. A Flight Attendant will stay on the CRAF Preference List until they request removal of their name from the CRAF Preference List at any time by giving thirty (30) days written notification.
2. Vacancies will be filled in accordance with the following:
 - a. In the event there are insufficient volunteers, the Company will repost the CRAF vacancies;
 - b. If there are still insufficient volunteers, the Company will assign those supervisors, available training instructors and other management personnel to the CRAF Preference List, who are qualified and current and whose names appear on the Flight Attendant System Seniority List;
 - c. If there are still insufficient volunteers, the Company and the APFA will meet and discuss how to resolve the issue. If the parties are unable to resolve this issue, the parties agree to submit the issue to arbitration pursuant to System Board of Adjustment, Section 31, for final and binding resolution by a neutral. The award must contain some procedure for filling the unfilled vacancies. This resolution will be applied to all future instances of insufficient bidders. If the arbitration award has not been issued or the award cannot reasonably be implemented prior to CRAF activation, the Company may fill vacancies by assignment in reverse seniority order until such time as the award becomes effective;
 - d. The minimum number of sufficient volunteers on the CRAF Preference List will be determined by multiplying the total number of aircraft subject to CRAF activation, times the Flight Attendant crew complement as specified in Paragraph C, for such aircraft while in CRAF service, times the number of crews per aircraft as specified in the agreement between the Company and the Air Mobility Command;

- e. In the event there are sufficient volunteers later in the operation, the Company supervisors, training instructors and management personnel serving in the CRAF operation will be removed from the CRAF Preference List and CRAF Active Lists no longer permitted to fly CRAF flights.

E. CRAF ACTIVATION AND TRAINING

1. Upon activation of CRAF, the Company will determine the number of CRAF Flight Attendants needed to staff CRAF, which shall be at least the minimum number of Flight Attendants specified in Paragraph D.2.d. The Company shall offer CRAF qualification training, if required, for Flight Attendants selected, in order of system seniority, for CRAF activation. The Company will begin training no later than seventy-two (72) hours after CRAF is activated by Air Mobility Command.
2. A Flight Attendant while on vacation, approved leave of absence, sick leave or on IOD, will not be required to attend CRAF training until the completion of their vacation, leave or IOD, except that a Flight Attendant at their option may cancel vacation in order to attend training or may attend training during their vacation and receive training pay in addition to their vacation pay. A Flight Attendant on a leave of absence may, upon request, attend CRAF training, if approved in advance by the Inflight Department.
3. Supervisors, training instructors, or other management personnel will follow all provisions of this Section and all hours of service and scheduling provisions of the Flight Attendant Agreement, without waiver unless authorized by the APFA, while assigned to the CRAF operation. While assigned to the CRAF operation, such supervisors, training instructors, or other management personnel shall be prohibited from acting in a supervisory capacity.
4. Travel between the Company's CRAF Operation and the Flight Attendant's crew base shall be positive space. If positive space authorization travel is provided for pilots to/from their residence for CRAF operations, the same provisions will be extended to Flight Attendants.
5. When a CRAF sequence ends with a deadhead flight, a Flight Attendant may elect to take any available ferry flight instead of their scheduled deadhead. The Flight Attendant shall receive pay, credit and Per Diem as if they flew the original deadhead flight. On deadhead flights to and from CRAF assignments, a Flight Attendant(s) will be allowed to upgrade to Business Class in accordance with Deadheading, Section 16.
6. A Flight Attendant awarded a CRAF sequence may request permission to meet the CRAF sequence at the first live segment and if granted will not be required to deadhead or ferry to or from their crew base. The Flight Attendant will be released after the last live segment with full pay, credit, and Per Diem as published in the CRAF posting.

F. FLIGHT ASSIGNMENTS

1. Sequence Awards
 - a. The Company will construct sequences that consist solely of CRAF flight segments, including any deadhead or ferry flights.
 - b. All CRAF sequences will be communicated electronically to all Flight Attendants prior to processing.
2. The Company will process CRAF sequences with Flight Attendants on the CRAF Preference List.

- a. Sequences will be awarded to Flight Attendants who are legal to originate the sequence using system seniority up until 0800 DFW time the day prior to sequence origination. If given the complexity of the CRAF activation, these time constraints are impractical, the Company shall meet with APFA to determine a solution. After 0800 DFW time the day prior to sequence origination, the Company may utilize system seniority, if time permits, or process the sequences on a base seniority basis.
 - b. If the CRAF award creates an illegality or direct conflict with a future trip(s), excluding a CRAF sequence, the Flight Attendant will be removed unpaid from the future trip(s).
 - c. If the award process is not automated, CRAF sequences will be awarded to the first Flight Attendant(s) where positive contact is made. Crew Scheduling will not be required to wait for a return call and will continue processing until positive contact is made. If a Flight Attendant is called for two (2) CRAF sequences and does not respond, the Flight Attendant will be bypassed for the current CRAF activation period unless they contact the Company and indicates they wish to be called for the CRAF sequences.
3. A Flight Attendant will have the option to exceed their monthly maximum projection to pick up a CRAF sequence.
 4. A CRAF sequence may only be traded for another CRAF sequence with Company approval.

G. DUTY TIME/CREW REST

1. Duty Time and Rest provisions provided in the applicable FARs will apply to CRAF sequences. CRAF flying will be scheduled in accordance with Hours of Service, Section 11.C. and 14.D. At the Flight Attendant's option, the twenty-four (24) hours may be taken out of crew base.
2. Crew Rest will be as provided in Section 38, Crew Rest.
3. If the Company overnights (RON) crews during CRAF operations, overnight rest periods for Flight Attendants will be the same as for pilots. In actual operations the duty period may be as long as the pilots provided that any time over the actual duty period specified in Section 14, the Flight Attendant will receive voluntary extension pay as specified in Section 11.O or 14.D as applicable.
4. Upon completion of a CRAF sequence, a Flight Attendant shall, upon request, receive a minimum of twenty-four (24) hours free from all duty prior to commencing another CRAF sequence.
5. Flight Attendants will stay in the same hotel as the pilots.

H. INSURANCE BENEFITS

1. Any Flight Attendant who dies while in CRAF service, or who dies within a twenty-four (24) month period subsequent to their CRAF service from a cause which arises out of their CRAF service, shall have a death benefit payable to the Flight Attendant's beneficiary as designated by the Flight Attendant under the Life Insurance Plan. This death benefit shall be in an amount which, when combined with the benefit payable under the Life Insurance Plan's Company-paid Basic Life Insurance, yields a combined gross benefit of five hundred thousand dollars (\$500,000). Coverage will be provided on a "Trip Hour" basis while engaged in CRAF flying, including any segment(s) rescheduled to commence CRAF operations.
2. Any Flight Attendant who dies in an accident, loses limb(s) or sight as the result of an accident while in CRAF service, or within a twenty-four (24) month period subsequent to their CRAF service from an accident occurring during their CRAF service, shall have a benefit payable to

the Flight Attendant's beneficiary as designated by the Flight Attendant under the Life Insurance Plan in the event of death, or to the Flight Attendant himself, in the event of loss of limb or sight. The death benefit shall be in the gross amount of five hundred thousand dollars (\$500,000). The benefit payable for loss of limb(s) or sight shall be five hundred thousand dollars (\$500,000). If there is more than one (1) Flight Attendant with the same company hire date and birth date, the ascending last 4 digits of the Social Security Number will be used to determine relative seniority.

SECTION 21 - PERIOD OF PROBATION

A. PROBATION - LENGTH, DEFINITION AND TRIP TRADE

1. During the first six (6) months of service with the Company on Flight Attendant status, a Flight Attendant shall be on probation. Should a probationary Flight Attendant be in a non-pay status for more than sixteen (16) consecutive calendar days, or be granted an approved leave of absence, paid or unpaid, for more than sixteen (16) calendar days, the probationary period shall be extended by the number of days such Flight Attendant was in a non-pay status.

- B. In the event that the Company intends to open or close a crew base, the Company will promptly meet and confer with the APFA National President and share the analysis upon which the decision is based. The Company may close the affected crew base if the analysis upon which the decision is based establishes that there is a cost savings generated by the closing.
- C. A Flight Attendant who wishes to transfer to another crew base may complete and file a standing transfer request with the Company. A Flight Attendant has the right to withdraw a transfer request electronically prior to the close of the vacancy bid. Upon a vacancy transfer, a Flight Attendant shall not have the request for another vacancy transfer honored for a period of three (3) months from the date of transfer. However, if the Flight Attendant's first or second base of choice becomes open during this three (3) month lock-in period, and such base was not open during the previous three (3) months prior to the awarded transfer, a Flight Attendant shall have their first preference honored and awarded based on seniority.

D. VACANCY AWARDS

1. The most senior Flight Attendant bidding, including standing transfer requests, whose name appears on the system seniority list, shall be awarded the vacancy, except as provided in Paragraph G.
2. To be eligible for a vacancy transfer, a Flight Attendant must be showing active status on either the date of the award or the effective date of the transfer. This verification will occur on the transfer award date.
3. On the effective date of a vacancy transfer, a Flight Attendant will be required to possess the

applicable equipment and service qualifications, and visa requirements for the crew base for which they are awarded.

4. A vacancy transfer may not be rescinded.
 5. Vacancies will be awarded in seniority order.
 6. The Company will make available to Flight attendants a list of the qualifications required and/or held at a particular base.
 7. **Relocation Days:** Upon Flight Attendant request, prior to the effective date of transfer the Company must provide a Flight Attendant who is awarded a vacancy transfer to another crew base with five (5) consecutive calendar days free from all duty for the purpose of relocating. Such relocation days will be subject to black-out dates as specified in Section 5.D.3. Relocation day(s) will not be subject to payment for time lost or any expenses incurred. The unpaid and uncredited relocation day(s) will be designated as a preplanned absence in PBS and will not be considered as part of the required number of off day(s) in that bid month.
 8. A Flight Attendant involved in a vacancy transfer shall make every effort to bid their schedule to be positioned and available to take an assignment or award at the new base. The Flight Attendant will be responsible for rearranging their schedule to avoid sequence/reserve obligations.
 - a. A Reserve who cannot rearrange their schedule to avoid a conflict may either have an off day moved to allow transit to the new base; or have the day off unpaid and have their guarantee reduced by the applicable daily rate. The Reserve's option will normally be granted, however in out of the ordinary situations that result in staffing irregularities, Crew Scheduling may determine whether the Reserve may move a day off or have their guarantee reduced.
 - b. A Lineholder who cannot rearrange their schedule to avoid a conflict shall be removed from the first sequence and shall not be paid or credited for the trip removal.
- E. A Flight Attendant will be able to submit their transfer bids electronically on Company Intranet. Upon request, the Company shall provide the APFA National President the names and seniority numbers(s) of all Flight Attendant(s) bidding for the position(s), including those with standing bids, and which Flight Attendants were awarded the position(s) via electronic file.
- F. If a vacancy is posted and no Flight Attendant bids, such vacancy may be filled pursuant to Paragraph H, or by a new Flight Attendant if no Flight Attendant remains on involuntary furlough.
- G. A Flight Attendant on an authorized leave of absence, as provided for in Leaves of Absence, Section 25, shall retain and hold their position at the crew base at which the Flight Attendant was located prior to going on such leave of absence, unless otherwise displaced or furloughed pursuant to the provisions of this Agreement.
- H. DISPLACEMENT/PRIORITY RETURN**
1. When a Flight Attendant is displaced, the displaced Flight Attendant shall be the most junior Flight Attendant at the crew base.
 2. Upon final determination that a Flight Attendant will be displaced, the Flight Attendant will be provided electronic notice of the displacement along with a priority return preference form.

3. When a Flight Attendant is displaced as a result of overstaffing at their crew base, they shall be permitted to exercise their seniority to fill open vacancies throughout the system. The APFA and the Company shall meet and discuss the available vacancies and, to the extent possible, agree to create openings which are:
 - a. In close proximity to the crew base being reduced or closed; and,
 - b. At a base that operates similar flying, e.g., International flying.
4. A Flight Attendant who is displaced on or after December 13, 2014 may exercise priority return over non-displaced Flight Attendants and utilize their seniority to return to their former crew base when a vacancy occurs or the crew base is reopened.
5. A Flight Attendant who wishes to exercise this option of returning to their former crew base must file the preference form within thirty (30) days of their displacement. Should the Flight Attendant decline the first opportunity to exercise a priority return, the right of return will be forfeited. Subsequent displacements or transfers will not cause the Flight Attendant to forfeit the right of return.
6. If a priority return preference form is on file at the time a Flight Attendant is involuntarily furloughed, the priority return will remain on file. However, the priority return will be considered in an inactive state and the Company will not process the request while the Flight Attendant remains on an involuntary furlough status. Upon a Flight Attendant's recall to active status from an involuntary furlough, the Flight Attendant's priority return request will return to an active state provided the Flight Attendant has not withdrawn the priority return while on involuntary furlough. The Flight Attendant shall be only able to exercise the priority return for vacancies subsequent to the Flight Attendant's return to service and this does not confer a right for priority recall from furlough to a given crew base.
7. A Flight Attendant who is involuntarily furloughed and recalled to a crew base other than the crew base from which they were furloughed may file a priority return preference form within thirty (30) days from the date of recall to the new crew base. The Flight Attendant shall be only able to exercise the priority return for vacancies subsequent to their return to service and this does not confer a right for priority recall from furlough to a given crew base.
8. Upon request, the Company will provide the APFA National President with notification when vacancies are filled by a Flight Attendant with a priority return on file. Such notification shall include the names and seniority of Flight Attendants with priority returns on file for the crew base and the names of the Flight Attendants awarded the positions.
9. The Company shall provide each furloughed and displaced Flight Attendants with a packet detailing their options and shall provide a copy of the packet to the APFA National President.

I. CREW BASE CLOSURE

1. When a crew base is closed or moved to a new location, any Flight Attendant who is affected shall be allowed to exercise their seniority to move to a crew base where vacancies exist and to exercise their seniority at such crew base. The APFA and the Company shall utilize the process specified in Paragraph H.2. All such moves shall be considered as being at the request of the Company. A crew base shall be considered closed if the location of the new crew base is greater than seventy-five (75) miles from the existing crew base.
2. The Company will provide Flight Attendants with as much advance notice as practicable of a base closing, but in no case will Flight Attendants receive less than one hundred and twenty (120) days' notice, except when the base closure is a result of unforeseen circumstances.

J. FOREIGN LANGUAGE SPEAKER VACANCY TRANSFERS

1. Vacancies for foreign language speakers will be filled in accordance with the provisions in Section 22. However, only a language qualified Flight Attendant will be considered eligible to bid for such vacancy.
2. In order to maintain the minimum requirements of the operation, the Company may retain foreign language qualified Flight Attendants in a crew base where displacements may otherwise be occurring. Foreign language speaker vacancies that are not bid for a given crew base may be involuntarily assigned to the language qualified Flight Attendant with the least system seniority or by a new hire language qualified Flight Attendant, if no Flight Attendants remain on involuntary furlough.
3. A Flight Attendant awarded or assigned to a crew base on the basis of their language qualification may be required to serve a lock-in as described in Section 15.B, Foreign Language Speaker.
4. In the event of a furlough, the system seniority provision of Seniority, Section 20, will prevail and there will be no exception for Foreign Language Speaker qualified Flight Attendants as it relates to furlough.

K. MUTUAL TRANSFERS

1. The Company will allow Flight Attendants from different crew base stations to mutually transfer as provided herein. Mutual transfers will be processed in seniority order to satisfy as many Flight Attendants as possible within the constraints of the mutual transfer platform, provided such swaps do not result in a headcount change for the bases. Any changes to the processing of mutual transfers will be agreed upon by the Company and the APFA.
2. The Company will process mutual transfers on a monthly basis following the processing of vacancy transfer requests, if applicable.
3. Mutual transfers will have a close date of the twenty-sixth (26th) of the calendar month at 1200 DFW three (3) months prior to the effective transfer date.
4. Mutual transfers will have an award date of the twenty-eighth (28th) of the calendar month at 1200 DFW three (3) months prior to the effective transfer date.
5. A Flight Attendant who desires a mutual transfer will be able to update their standing preference list.
6. The Company will maintain and post a list of Flight Attendants requesting mutual transfers.
7. Flight Attendants will be required to possess the same base equipment and service qualifications to be eligible for the transfer award.
8. Flight Attendants may be required to possess the same language qualifications.
9. A Flight Attendant must be in an active status the entire calendar day of the mutual transfer match in order to be eligible for the transfer.
10. Applicable base visa requirements must be obtained prior to reporting to the new base.

11. A Flight Attendant may not rescind a mutual transfer.
12. The mutual transfer shall be at the Flight Attendant's expense.
13. The Company will make available to Flight Attendants a list of the qualifications required and/or held at a particular base.
14. The Company will make available to Flight Attendants the bases(s) requiring a visa and the process to obtain required visas.
15. A Flight Attendant involved in a mutual transfer shall make every effort to bid their schedule to be positioned and available to take an assignment or award at the new base. The Flight Attendant will be responsible for rearranging their schedule to avoid sequence/reserve obligations.
 - a. A Reserve who cannot rearrange their schedule to avoid a conflict may either have an off day moved to allow transit to the new base; or have the day off unpaid and have their guarantee reduced by the applicable daily rate. The Reserve's option will normally be granted, however in out of the ordinary situations that result in staffing irregularities, Crew Scheduling may determine whether the Reserve may move a day off or have their guarantee reduced.
 - b. A Lineholder who cannot rearrange their schedule to avoid a conflict, the Flight Attendant shall be removed from the first sequence and shall not be paid or credited for the trip removal.
16. Flight Attendants are eligible to mutual transfer each month regardless of an existing lock-in. The Flight Attendant transferring to the base where the lock-in exists will be required to fulfill the remaining portion of the lock-in.

L. TRANSFERS WHILE ON A PERIOD OF PROBATION

1. A probationary Flight Attendant will be eligible to transfer in accordance with this Section.
 - a. A probationary Flight Attendant awarded a transfer will be required to attend a Base Indoctrination at their new base.
 - b. Such Base Indoctrination will be scheduled by Inflight and if it conflicts with a scheduled trip sequence, the Flight Attendant will be removed from the sequence unpaid and uncredited, but monthly guarantee will not be impacted.
 - c. Failure to attend a Base Indoctrination will result in a non-qualified status without regard to the current qualifications until a Base Indoctrination is completed.
2. A probationary Flight Attendant may be awarded either a mutual transfer or a vacancy transfer one (1) time during their Period of Probation.

SECTION 23 - REDUCTION IN FORCE

- A. When a reduction in force is deemed necessary, the Company will notify and confer with the APFA as soon as possible after the reductions are anticipated. After notifying APFA of the projected number of Flight Attendant positions needed to be reduced and the duration of time that the reduction in force will be in effect, a general notice indicating the number and expected duration of furloughs will be placed on Flight Attendant bulletin boards and communicated electronically to Flight Attendants. The Company shall also provide an up-to-date Seniority List to the APFA.

B. ALTERNATIVES TO INVOLUNTARY FURLOUGHS

1. When such a reduction in force is deemed necessary, the Company will offer the following on the basis of system wide seniority, except Leave in Lieu of Furlough, which shall be offered by crew base seniority:

a. Voluntary Furlough

The Company will offer Flight Attendants who would not have been involuntarily furloughed the opportunity to accept a Voluntary Furlough. The commencement of such Voluntary Furloughs will coincide with the date(s) established for involuntary furloughs. The Company will not actively contest claims for unemployment benefits filed by Flight Attendants accepting Voluntary Furlough. Voluntary Furloughs shall be for a set duration(s) established by the Company. A Flight Attendant on a Voluntary Furlough shall accrue occupational seniority, as well as longevity for pay and vacation purposes up to the Expiration Date of the Voluntary Furlough.

b. Voluntary Travel Separation Program (VTSP)

In the event of an involuntary furlough as described above, the Company will offer a Voluntary Travel Separation Program (VTSP) pursuant to Company policy for Flight Attendants who would not otherwise have been furloughed. The VTSP will provide a fixed number of passes annually based on years of service and other additional incentives may be discussed with the APFA National President.

c. Leave in Lieu of Furlough

A Leave in Lieu of Furlough without pay will be offered on the basis of crew base seniority in lieu of a reduction of force at a particular crew base. The leave will be offered for a set duration with the understanding that the Company may not cancel the leave without the agreement of the Flight Attendant. The Company will have satisfied its obligation to offer a Leave in Lieu of Furlough if the provisions of the Voluntary Furlough Program are the same as or better than those of the Leave in Lieu of Furlough.

Occupational seniority and longevity will continue to accrue for the duration of the leave. Sick and Vacation accrual will follow the provisions of Section 8.A.3 and Section 9.C.1.a.&b. Benefits, including Medical, Dental and Vision coverage, Life Insurance and AD&D benefits will be in accordance with Company policy. Non-Revenue Travel privileges will continue as if an active Flight Attendant for the duration of the leave.  - b. If Flight Attendants remain on involuntary furlough or the Company does not need some or all of the Voluntary Furloughees to return from furlough, the Flight Attendants may elect, in seniority order, to remain on furlough status and shall remain on such status in accordance with the following provisions:
 - i. Extension of the voluntary furlough for an indefinite duration until recalled;
 - ii. Non-revenue, space-available travel privileges (on-line, no guest traveler passes) for the duration of the furlough;
 - iii. If currently receiving medical and/or dental coverage under the Voluntary Furlough, the option to continue the medical and/or dental coverage pursuant to COBRA, i.e., for a maximum of eighteen (18) months from the Extension Date, at the full monthly premium plus a two percent (2%) administrative fee;
 - iv. Retain and accrue longevity through the Expiration Date, but no accrual of longevity beyond the Expiration Date;
 - v. Carry-over of pre-furlough sick bank, if any, but no accrual of sick leave; and,
 - vi. Carry-over of pre-furlough vacation, if any, but no additional accrual of vacation.

4. The recall of voluntary and involuntary furloughees shall occur in the following order:
 - a. Involuntary furloughees will be offered recall in accordance with Paragraph C;
 - b. After all procedures for recall under Paragraph C, have been exhausted, voluntary furloughees who have elected to remain on furlough status in accordance with Paragraph B.3.b.i, will be offered recall in inverse seniority order. Any voluntary furloughee who declines recall will be deemed to have resigned and the Flight Attendant's name will be removed from the system seniority list.
5. A Flight Attendant who was granted a VTSP or any other separation incentive program by the Company prior to the date of this agreement will continue to be covered by the terms and conditions of the program in effect at the time the Flight Attendant accepted entry into the program.

C. INVOLUNTARY FURLOUGH

1. When a Flight Attendant is furloughed because of a reduction in force, it shall be done in inverse order of system seniority.
2. Once the election process in Paragraph B.1.a is completed, and it is known which Flight Attendants will be involuntarily furloughed, the Company shall mail a Flight Attendant written notice of furlough postmarked at least fifteen (15) calendar days before the effective date of

the furlough. The APFA shall be given a listing of Flight Attendants who have been sent furlough notices.

3. In the event a Flight Attendant is assigned to a duty period beyond the effective date of the furlough notice, that Flight Attendant's furlough date and any Flight Attendant senior to her/him scheduled to be furloughed on the same date, will have their furlough date adjusted to reflect the completion of the extended duty period.
4. Due to furloughing in inverse order of system seniority, displacement of a Flight Attendant may be necessary to balance Flight Attendants at any crew base. Displacement of Flight Attendants is covered in this Agreement, Filling of Vacancies, Section 22, and Moving Expenses, Section 5.
5. A Flight Attendant who has been furloughed due to a reduction in force shall file their address with the Company and thereafter shall, as soon as possible, advise Inflight of any change in address. The Company shall, within fourteen (14) days, furnish the APFA with these addresses and subsequent address changes.

8. A Flight Attendant who is furloughed shall be recalled in order of their seniority at the time of furlough. Crew base transfers for all non-furloughed Flight Attendants shall be honored before a furloughed Flight Attendant is recalled to a crew base. Transfer requests for displaced Flight Attendants with a priority right of return on file will be processed but furloughed Flight Attendants will only exercise priority of return upon return to active status.
9. Notice of recall shall be by second day delivery service, (signature required) sent to the most recent recall address provided by the Flight Attendant and shall specify the name and address of the Company official to whom the Flight Attendant shall forward their reply and the approximate number of days of anticipated employment. A furloughed Flight Attendant failing to notify the Company of their intention to return within seven (7) days after receipt of notice of recall and who fails to return within sixteen (16) days after receipt of such notice, will be considered to have resigned.

15. Group life insurance coverage will be extended through any period of furlough pay. Upon completion of the furlough pay period, group life insurance coverage shall cease. However, the Flight Attendant may convert the coverage to an individual policy. Premiums for the converted policy and a statement of good health are determined by the Company's insurance carrier. Each furloughed Flight Attendant will receive a conversion form from the Company for the purpose of continuing such insurance, if desired, with no lapse in coverage.
16. The Company shall not fill any Flight Attendant positions with an internal transfer while any Flight Attendant is on furlough. A Flight Attendant who accepts employment while on furlough which requires a contractual commitment for a period of up to three (3) years, shall be allowed to fulfill such obligation and shall be considered to be on personal leave of absence commencing with the date of recall until fulfillment of such employment obligation, provided such Flight Attendant has notified the Company prior to such contractual commitment. A Flight Attendant who has entered into a full-time educational program while on furlough and who receives notice of recall before said program is completed shall be placed on a leave of absence (personal) until the end of the current semester.
- b. Paragraph E.1.a, under certain conditions allows a Flight Attendant to pass recall. In addition, a furloughed Flight Attendant who can substantiate that alternate employment would require her/him to sign a contract with an interim employer for a specific period of time that would exceed the time stipulated in Paragraph E.1.a, shall file a request and substantiated documentation for approval by the Inflight Department prior to a furloughed Flight Attendant accepting such interim employment. In the event the Flight Attendant is killed, incurs a loss, is permanently medically disqualified, suffers permanent bodily disfigurement, or becomes permanently and totally disabled, as provided above, the payments under Paragraph A.1, shall be five hundred thousand dollars (\$500,000), and such benefits shall be in addition to any benefits provided in other Company plans and payments made pursuant to State Workers Compensation Laws.

2. Temporary Occupational Disability Benefits

In the event a Flight Attendant is temporarily disabled due to an injury or illness arising out of or suffered in connection with acts of terrorism or sabotage while on flight duty or paid layover, the Company shall pay for the period of disability, up to a maximum of twelve (12) months, monthly compensation at the rate of pay set forth in Paragraph A.9. Such payment will be less weekly indemnity benefits received under applicable State Workers Compensation Laws and any payments made under the Long Term Disability Plan. Notwithstanding the provisions

of Sick Leave, Section 9, such Flight Attendant will not be charged sick leave during such twelve (12) month period.

3. Applicability

The payments provided by the provisions of Paragraph A.1, shall be applicable to any Flight Attendant only when the conditions set forth in Paragraphs A.1.a, A.1.b, and A.1.c, as applicable, or the injury or illness which leads to such casualty, occurs as a result of acts of terrorism or sabotage or military counteraction of any government, agency or organization while such Flight Attendant is inside or outside the United States, and while the Flight Attendant is on flight duty or paid layover.

4. Exclusions

- b. A Flight Attendant, who is interned or taken prisoner or hostage as a consequence of terrorism or sabotage while on duty or paid layover shall be paid monthly compensation as set forth in Paragraph A.9, for the period during which the Flight Attendant is known to the Company to be interned or held prisoner or hostage. 5. The Company shall either offer all VLOAs in a bid period that release Flight Attendants with carry over trips on the first day of the new bid period or all VLOAs that obligate Flight Attendants to be responsible for the carry over trip into the new bid period unless otherwise relieved of the obligation pursuant to the terms of this Agreement. If the Company makes the decision to release a Lineholder with carry-over trips on the first day of a bid period, a Lineholder will have the option of splitting the carry-over trip, if possible, completing the carry-over trip, or dropping the trip without pay. 1. Quarterly System Boards (QSB)

a. Chairperson/Standing Arbitrator

i. Appointment of Standing Arbitrator

The appointment of a standing arbitrator to chair the Quarterly System Boards for the succeeding calendar year must be made no later than forty-five (45) days prior to the end of the present calendar year.

ii. Termination

Either the Company or the APFA may terminate the services of a standing arbitrator after the first Quarterly System Board or any Quarterly Session thereafter so long as such termination is made no later than sixty (60) days prior to the next scheduled session of the Quarterly System Board. In such event, the Company and the APFA will promptly agree upon the appointment of another arbitrator, either from the panel of arbitrators or an ad hoc arbitrator, to Chair the Quarterly System Boards. Should the parties fail to reach agreement within fifteen (15) days, the provisions prescribed herein will be utilized to retain the services of an arbitrator for the remainder of the calendar year. The newly appointed standing arbitrator will chair the next session of the Quarterly System Board, or if unavailable, the succeeding Quarterly System Board. If such arbitrator is unavailable for part or all of that initial session of the Quarterly System Board, during such period of unavailability, the parties will mutually agree upon an arbitrator to temporarily chair that part of the Quarterly System Board for which the newly appointed arbitrator is unavailable.

b. Location and Frequency of QSB Hearings

The Quarterly System Board shall meet in the city where the General Offices of American Airlines, Inc. are maintained, unless a different location is agreed upon by the Company and the APFA. The Quarterly System Board will meet at least quarterly for up to two (2) days per session.

c. Notice of Arbitration Hearings/Docket

Upon receipt of notice of the submission of a dispute, the Commissioner shall set a date for the arbitration hearing, which shall be at the time of the next regular session of the Quarterly System Board and such dispute shall be considered docketed for hearing. If the APFA National President or the Vice President of Labor Relations consider the dispute of sufficient urgency and importance, and the dispute has been docketed but not heard due to time constraints during at least one (1) prior session of the Quarterly System Board, either party may request an arbitration hearing at an earlier date. Such earlier date shall be at such a time and place agreed upon by the Company and the APFA, but not more than fifteen (15) days after such request for an arbitration hearing is made. The Commissioner shall give the necessary notices, in writing, of such arbitration hearing to the System Board Members and to the parties to the dispute.

d. QSB Protocol

In order to hear and resolve disputes in an expeditious manner, the parties have agreed that the following procedures will apply:

- i. Arbitration hearings will begin each day at 0900 and continue until all disputes on the day's docket have been heard, unless otherwise agreed to by the presenters;
- ii. The disputes will be heard in the order in which they appear on the day's docket, with the oldest dispute scheduled first;
- iii. To expedite the hearing of each dispute by resolving preliminary procedural matters prior to hearing, the presenters on each side will meet prior to the arbitration hearing date to review and discuss all disputes to be heard, including all documents to be introduced in the hearing, preliminary motions, etc. Presenters should openly discuss their proposed dispute presentations in order to foster a full understanding of the relative merits of each side's dispute. It is anticipated that this full and frank exchange will expedite the hearing of these disputes and, wherever possible, stimulate dispute resolutions prior to hearing.

The presenters will stipulate in writing to all facts and issues not in dispute, including relevant Company policies, background information on the grievant and all other witnesses, and any other uncontested information that is relevant to the dispute. In the event the parties have filed separate submissions, the presenters should attempt to agree to a joint statement of the issue. These stipulations are to be submitted to the Quarterly System Board at the beginning of the hearing in each dispute. Should written stipulations on a specific dispute not be accomplished by the presenters prior to hearing, the Quarterly System Board will proceed with the next dispute(s) in order on the docket pending the presenters' completion of the necessary stipulations;

- iv. Each presenter will use their best efforts to list their opening statement to five (5) minutes, but in no event shall the opening statement exceed ten (10) minutes. The closing summation shall not exceed fifteen (15) minutes;
- v. The Company and APFA agree that no taped or stenographic transcripts will be taken during the first two (2) sessions of the Quarterly System Board convened pursuant to this Agreement. Thereafter, as a rule, taped or stenographic transcripts will not be taken;
- vi. The presenters will use oral closing summations rather than written briefs, unless the Company and APFA mutually agree that written briefs should be used in a specific case;
- vii. Decisions in each case will be issued on the day of the hearing, unless the Quarterly System Board agrees otherwise. The Quarterly System Board will use best efforts to limit Executive Sessions to thirty (30) minutes for each case.

All majority decisions of the Quarterly System Board will be final and binding and made with precedent, unless otherwise noted by the Quarterly System Board in its written decision.

- e. Conversion to Presidential Grievance
 - i. If, at any time prior to submission to the System Board, the APFA elects to convert a particular Individual, Group, or Base NOD to a Presidential Grievance, the procedures in Section 30 governing Presidential Grievances shall apply.
 - ii. If, after submission to the System Board, the APFA elects to convert a particular Individual, Group, or Base NOD to a Presidential Grievance, the grievance shall, within forty-five (45) days of notice of conversion to the Company, be scheduled for a Pre-Arbitration conference. Should the Company desire to file a separate submission to the System Board, such submission shall be filed within thirty (30) days following the date of the Pre-Arbitration Conference.

2. Discharge Grievances

a. Appointment of Arbitrator/Hearing Date

The Company and APFA shall within forty-five (45) days from the date of APFA's submission, agree on the appointment of an arbitrator to chair the System Board and schedule the arbitration hearing date of a Discharge grievance. In discharge disputes, the System Board shall meet in the city where the discharged employee was based, unless otherwise agreed to by the Company and the APFA.

d. Notice of Arbitration Hearing/Docket

Discharge grievances shall be scheduled for arbitration hearing by the Company and the APFA as provided for in Paragraph K.2.a above. The Commissioner shall distribute the necessary dockets, in writing, with the time and place of such arbitration hearing, to the System Board Members and to the parties to the dispute.

3. Presidential Grievances

a. Headquarters Pre-Arbitration Conference

Within forty-five (45) days of the APFA's submission of a Presidential Grievance to the System Board, a Headquarters Pre-Arbitration Conference shall be held with the APFA National President or their designee(s) and the Vice President of Labor Relations, or their designee(s). At such conference, the parties shall exchange all documents known to the parties at the time which are used in support of their respective positions. For confidentiality purposes, and, at the option of either party, all names and other identifying information may be expunged from any such documents exchanged.

b. Appointment of Arbitrator/Hearing Date

The Company and APFA shall, within forty-five (45) days from the date of the APFA's request, agree on the appointment of an arbitrator to chair the System Board and schedule the arbitration hearing date of the Presidential Grievance. The scheduled hearing date may be outside this forty-five (45) day time limit.

c. Location of Arbitration Hearing

The System Board shall meet in the city where the General Offices of American Airlines, Inc. are maintained, unless a different location is agreed upon by the Company and APFA.

d. Notice of Arbitration Hearing/Docket

The Contract Dispute shall be scheduled for an arbitration hearing at such place and time agreed upon by the Company and the APFA. The Commissioner shall distribute the necessary dockets, in writing, with the time and place of such hearing, to the System Board Members and to the parties to the dispute.

L. PROCEDURE FOR BREAKING DEADLOCK IN THE APPOINTMENT OF AN ARBITRATOR

If the process provided for in Paragraphs K.1.a.i, K.2.a, K.3.b, and K.4.a fails to produce agreement on an arbitrator to chair a hearing, through the process of elimination, the Company and the APFA will appoint an arbitrator by alternately striking an equal number of the arbitrators from the list of the eleven (11) member panel already agreed upon by the parties. The parties will alternate who strikes first for each matter.

M. SCHEDULING AND POSTPONEMENTS OF ARBITRATION HEARINGS

The Company and APFA agree to use their best efforts to schedule arbitration hearings at the earliest practical date and to avoid and/or limit, whenever possible, the number of postponements. Any delay in scheduling or postponement should be for good cause, i.e., System Board Member, grievant, witness or presenter unavailability due to sickness, injury, and/or vacation; presenter staffing considerations; or delays pending the resolution of an outside hearing or resolution of a substantially identical dispute, etc.

N. SCHEDULING CONFERENCE

The primary method of scheduling arbitrations will be on an as needed basis as described in Section 31.K. Additionally, if needed, the parties shall jointly agree on a mutually convenient time to hold a Scheduling Conference twice per year—once in February and once in September—to discuss the scheduling of matters that have been properly submitted to the SBA.

Prior to the Scheduling Conference, the parties shall solicit available dates from the full panel of neutral System Board members for up to one year from the date of the Scheduling Conference. At the Scheduling Conference, the parties will agree to strike for arbitrators for a reasonable number of pending matters and assign cases based on the dates provided by the arbitrators within ten (10) days of the agreement to assign or, if necessary, and then request additional available dates from the selected arbitrator(s) for the assigned cases. All matters to be discussed at the Scheduling Conference must be agreed upon more than fifteen (15) days prior to the date of the Scheduling Conference.

O. STENOGRAPHIC REPORTS

When the Company and APFA mutually agree that a stenographic report is to be taken of a hearing of the System Board, in whole or in part, the cost will be borne equally by both parties to the dispute. In the event it is not mutually agreed that a stenographic report of the proceedings shall be taken, any written record available taken of such System Board hearing shall be furnished to the other party to the dispute upon request, provided that the cost of such written record so requested shall be borne equally by the parties to the dispute.

P. REPRESENTATION AND SUMMONING OF WITNESSES

1. Representation

Employees covered by this Agreement may be represented at System Board hearings by such person or persons as they may choose and designate, and the Company may be represented by such person or persons as it may choose and designate.

- i. On request of individual members of the System Board, the System Board may, by a majority vote, or shall at the request of either the APFA representative(s) or the Company representative(s) thereon, summon any witnesses who are employed by the Company and who may be deemed necessary by the parties in the dispute, or by either party, or by the System Board itself, or by either group of representatives constituting the Board.

b. Disposition of System Board Witness Expenses

Each of the parties hereto will assume the compensation, travel expense and other expenses of the witnesses called or summoned by it. So far as space is available, witnesses who are employees of the Company shall receive free transportation over the lines of the Company from the point of duty or assignment to the point at which they must appear as witnesses, and return, to the extent permitted by law.

3. Leaves of Absence for Representatives/Witnesses

In a dispute before the System Board, when a Flight Attendant is chosen to act as the representative of, or witness for, another Flight Attendant, such representative or witness shall, when the requirements of the service permit, be given leave of absence of a time sufficient to permit them to appear as such representative or witness.

Q. EXCHANGE OF DOCUMENTS AND WITNESS LISTS

1. Formal Exchange

Thirty (30) days prior to the date set for an arbitration hearing, the representatives designated by the parties shall exchange all documents, video, photographic and audio evidence they intend to enter in support of their respective positions and make available, in writing, the names of all witnesses they intend to summon whom they deem necessary to the dispute. Identifying information expunged from previously exchanged documents for reasons of confidentiality will now be exchanged with all information intact.

2. Additional Documents and Witnesses

Nothing herein shall require the representative of either party to present the aforementioned documents video, photographic or audio evidence or to summon the aforementioned witnesses during the course of the hearing, nor shall the representatives of either party be restricted from entering documents or summoning witnesses who become known subsequent to the thirty (30) day exchange. Such additional documents and the names of such additional witnesses shall be exchanged at the time such determination is made.

R. EVIDENCE

Nothing herein shall be construed to limit, restrict, or abridge the rights or privileges accorded either to the employees or to the employer, or to their duly accredited representatives, under the provisions of the Railway Labor Act, as amended, and the failure to decide a dispute under the procedure established herein shall not, therefore, serve to foreclose any subsequent rights which such law may afford or which may be established by the National Mediation Board by orders issued under such law with respect to disputes which are not decided under the procedure established herein.

SECTION 32 - UNION BUSINESS

- A. The Company shall provide each active Flight Attendant with an electronic copy of this Agreement, including any existing Side Letters of Agreement. The electronic version will be available on the Flight Attendant EFB and the Company intranet (including a QR code).
